Re: Alain Boucher Memorial Playground

As a follow up to the letter of support from the City of Salmon Arm dated March 30, 2017 (attached), regarding the playground upgrades at Canoe ball diamonds, we are pleased to inform you that we have been successful in raising sufficient funds to begin work on the installation of a covered playground at the Canoe ball fields.

We are therefore writing to respectfully request that the City of Salmon Arm work with us to undertake the installation of the playground in such a manner as to satisfy all requirements from the City of Salmon Arm.

Please find attached the Alain Boucher Memorial Fund playground budget outlining the cost of the project and sources of funding. We have been advised that the grant from the Salmar Community Association is contingent upon the City of Salmon Arm acting as the recipient of the funds. As such, we request that you agree to receive the grant monies and in turn remit the funds to Henderson Recreation Equipment as a deposit on the playground equipment illustrated in the attached budget. The remaining expenses will be funded through in-kind donations, donations of equipment and labour from members of the Salmon Arm Slo-Pitch League, and funds from the SASCU Alain Boucher Memorial Fund.

| If you require additional information in order to proceed with this project, please contact me as soon as possible, as we are hoping to complete the construction of the playground this year. |

Subject: Preservation of Heritage Tulips and the Rare American Sycamore at 720

22nd St NE

Reply-To: David MacAulay <a href="mailto:dbmacaulay@yahoo.com">dbmacaulay@yahoo.com</a>

Your Worship and members of council,

David MacAulay, 1750 3rd Ave SE,

I would like to request the opportunity for concerned citizens to retrieve heritage tulip bulbs from the property at 720 22nd Street NE. It is my understanding that fencing has now been put up in preparation for the removal of the existing structure. There would be no cost to the city to allow this and it would be appreciated by a number of the citizens of Salmon Arm, including those who were both for and against the removal of the structure.

I would also like consideration to be given to maintaining the existing American Sycamore tree that is on the property as well as any other original trees where possible. The tree is very rare for this area and I have heard that the tree may be 100 years old.

To my knowledge (and I made more than one request for information) there are no solid plans for what the intended pool will look like. It is has been argued that maintaining the structure limits the options available for the planning of the new pool. By removing the sycamore and tulips we are removing the option of maintain a link to our past that could be incorporated into the new facility. It is not necessary to remove many of the trees at this time.

While you make this decision, I would encourage you to review the history of "pool building" in Salmon Arm.

When building of the new indoor pool was announced, it was decided Fletcher pool would be buried under the ground. They did NOT wait for the new pool to be built. As a result, Salmon Arm went WITHOUT a pool for a year. At the time, I could never understand the logic behind burying the old pool before building a new one.

Perhaps as politicians you do see this more clearly. I now believe it was done so that there was no turning back. It may have been a good decision politically, but the citizens of Salmon Arm went without a pool. I don't feel we did the best we could with this but I understand that this property has been a difficult subject. I would encourage you to

make the best overall long term decision over that which seems the easier decision. A good pool will have a good green space that visitors and residents of Salmon Arm can enjoy. In my opinion, removing the trees unnecessarily in order to expedite the end to a controversial subject might bring political relief, but it is not what is best for the citizens of Salmon Arm.

Thank you,

David

Re: Salty Dog weekend of events May 12-14, 2017

To: Salmon Arm Mayor, City Council, Rob Niewenhuizen, Rob Hein, Cam and the City yard works office

Salty Dog organizers would like to thank the City of Salmon Arm and staff for their support of the annual Salty Dog weekend of events May 12-14. Thank you for communicating this great event to our community at large re use of the City South Canoe bike trails. Thank you for the use of City barricades, delineators, pylons and safety vests; these were used at both The Salty Street Festival Saturday, and the Salty Dog race on Sunday.

Salty Dog weekend has grown to be one of the premier bike events in BC and in Western Canada; we attract 700-750 riders annually from all over BC, AB, SK, Territories, and North Western US. Most riders bring 1-2 people to Salmon Arm in addition to themselves, filling up our hotels, campgrounds, and restaurants all weekend. Families come on mass to experience our event. The Salty Dog is one of a few mountain bike events kids of all ages can ride, we have folks 3-65 race annually. With the Salty Dog weekend of events continuing to expand, we will continue to capture important pre-summer season tourism dollars. These same people may come back and visit our great community over the summer, experiencing everything Salmon Arm and the Shuswap have to offer: our bike trails, lake, and fantastic hospitality.

Salty Dog is a massive Salmon Arm community effort. Volunteers help with the pre-event South Canoe annual trail clean up and on Salty weekend. Over 100 volunteers help at the event: set up, package pick up, course marshalling, parking, clean up, tear down, first aid response, timing, just to name a few event jobs. Salty Dog race has the privilege to work with the following community groups: City of Salmon Arm, both BC Ministries of Transportation and Forests, Shuswap Cycling Club, Shuswap Trail Alliance, Shuswap Tourism, WaterWay HouseBoat Vacations, Salmon Arm Senior Secondary High School Mountain Bike Team, Larch Hills Nordic Jr Racers, Shuswap Search & Rescue, Silver Star & Sun peaks Resorts, and many industry leading bike companies.

On Saturday May 13 the Salty Street Festival event happened in Downtown Salomon Arm. Live music, run bike parade, bike art, Shuswap Bike Club's bike swap, Bike Co's set up with cool gear, local tourism booths, all creating smiles and lots of fun! This year's Street Festival was another great community event supported by City of Salmon Arm, Down Town Salmon Arm, Shuswap Tourism, Shuswap Bike Club, Shuswap Trail Alliance, Economic Development Society, Shuswap 4-H Club, Shuswap Events and Shuswap Chamber. With direct contributions from WaterWay HouseBoat Vacations, DeMilles, Skookum Cycle, Salmon Arm Children's Association, Salmon Arm Art Gallery, Laird Development Co, Shuswap Pie Co, Candy Vault, Silver Star & Sun Peaks Resorts, and Shuswap Events. Salty Dog Weekend is one of only a few Bike events in BC that annually attracts major bike industry leading vendors. In addition to bike companies participating in the Street Festival they also provided bikes for on trail demos up at the South Canoe Trail area. Salty Street Festival is a fun event, building community spirit and an early summer tourism momentum boost for Salmon Arm businesses.

Subject: YLW NEWS RELEASE: Airport Development planned for 2017

# **News Release**

FOR IMMEDIATE RELEASE June 6, 2017

# Airport Development planned for 2017

Kelowna International Airport (YLW), owned and operated by the City of Kelowna, is a significant community asset for the Okanagan Valley. With more than 1.7 million passengers served in 2016, an economic impact of 4,545 jobs and \$789 million in total economic output to the province of British Columbia, YLW continues to generate business, tourism and air access benefits for the region.

"Passenger volumes are expected to continue growing over the next 20 years reaching 3.5 million passengers, and annual aircraft movements are forecast to increase to 100,000 per year by 2045," said Sam Samaddar, Airport Director. "This growth means YLW will need to continue expanding and building infrastructure for the foreseeable future."

A number of capital projects will be continued from last year, including the new Outbound Baggage Hall, Apron 1 rehabilitation and lighting improvements, Departures Lounge kitchen upgrades, Airfield Lighting LED conversion, Combined Operations Building expansion planning, and new navigational aids for Runway 34 and the Runway End Safety Area.

"Projects like these allow for increased efficiency, safer operations and faster service here at YLW," explained Ed Stephens, Senior Manager of Airport Development.

In 2017 and 2018, YLW will also be working on the preliminary design for 17 projects in the new Airport Improvement Fee program, including a Terminal and Apron expansion, new East Taxiway, Self-Serve Baggage Drop and new loading bridges. The Eastside Lands Development and the Airport Way improvements between Hwy 97 and the Okanagan Rail Trail will also be designed in 2017.

Did you Know?

- March 2017 was YLW's busiest month ever with 173,504 passengers through the doors. That's up 14.2 per cent since 2016.

Subject: Prime Minister to fight sex crimes/trafficking: please send this email to City Council

Importance: High

Dear Mayors and City Councillors of British Columbia (urgent), This statement from the Prime Minister came out yesterday (please see below).

This is an encouraging step; however, my focus/concern/mandate is **British Columbia**. I have included my recent letter (attachment) to the Federal Ministry of Justice department in Ottawa as a result of our Ministry of Justice Committee Roundtable discussion in Vancouver on May 24<sup>th</sup>.

My goal is to "traffick-proof" every community in BC. I do not want another Robert Picton situation. <a href="http://www.bbc.com/news/magazine-38796464">http://www.bbc.com/news/magazine-38796464</a> I confess this is my "mother bear instinct" rising up.

# I hope to hear from you.

I have applied to speak (with a panel of experts) to the UBCM convention for this September. Title: Prevention of Youth/Child Sexual Exploitation.

Please write a letter of support for my application to UBCM.

This is the fastest growing crime in Canada and the world. British Columbia is not immune and our youth/children are being aggressively targeted for the sex trade industry.

As a "seasoned" educator (former inner city high school teacher) I am available to speak to this issue to any group.

Education is our greatest weapon and collaboration is key.

And I want to publicly thank OIC Inspector Sean Maloney from the Coquitlam RCMP SMT for presenting me with a Coquitlam Police Challenge Coin. **This is an honor which I cherish and value**. Thank you Inspector Maloney.

Most Sincerely and with appreciation to every Council for your important work and commitment to community safety,

Mrs. Cathy Peters (BC's anti-human trafficking advocate and "just a mom") #302-150 W. 15<sup>th</sup> St., North Vancouver, BC V7M 0C4

# Prime Minister underlines commitment to fight sex crimes and trafficking

June 9, 2017 Ottawa, Ontario

The Government of Canada is committed to combat sexual crime and human trafficking for sexual exploitation. These crimes are global problems that have devastating impacts on their victims.

That is why the Prime Minister, Justin Trudeau, today underscored that, as part of the Government of Canada's continued financial support for the Formula 1 Grand Prix du Canada in Montréal, he has asked the Minister of Innovation, Science and Economic Development to monitor – in collaboration with the Province of Quebec, City of Montréal, and other partners – the results of their collective efforts to combat sex crimes and trafficking during this event, and ensure progress is achieved in reducing these criminal acts.

All three orders of government are collaborating on efforts that aim to reduce sexual exploitation and ensure that the Grand Prix remains a family-friendly event and a positive reflection of all that Montréal has to offer.

### Quote

"Sex crimes and trafficking have no place in our country, and certainly not during the F1 Grand Prix weekend in Montréal. Our government is working closely with the Province of Quebec, the City of Montréal, and other partners to combat these activities. I believe these efforts will go a long way to protect some of our most vulnerable women and men. We expect a marked improvement in tackling this longstanding and pernicious problem as part of our ongoing support to the Grand Prix du Canada."

- The Right Hon. Justin Trudeau, Prime Minister of Canada

### **Quick Facts**

- Vulnerable populations at risk of becoming trafficked include migrant workers, new immigrants, youth, Indigenous women and girls, those who are socially or economically disadvantaged, or those who may have been lured to urban centres or have gone of their own free will with the hopes of bettering their lives.
- The RCMP manages the Human Trafficking National Coordination Centre, which provides a focal point for law enforcement in their efforts to combat and disrupt individual and criminal organizations involved in human trafficking activities.

Dear Honorable Minister Jody Wilson-Raybould and Assistant Jessica Prince.

I had the privilege of attending the Ministry of Justice Roundtable in Vancouver on May 24 that was chaired by Parliamentary Secretary MP Marco Mendocino.

I would like to give you some feedback regarding that meeting.

Our group of 12, who support the Law (with the exception of Section 213) were given time to speak and no one felt rushed.

We all appreciated that. Thank you.

However, there is confusion as to why this meeting was held, why the Minister of Justice did not attend, and what the process is from here.

Could you clarify this for us, please?

The sex trade industry is powerful, strong, unchecked and global in Vancouver.

So there is a strong push for legalization/full decriminalization here.

The city of Vancouver is openly not targeting the buyers of sex or enforcing the law, and this is influencing all of British Columbia.

Hence, BC is the best place to traffick human beings in Canada.

The impact of legalization/decriminalization would be devastating to public/community safety. Firstly to **aboriginal women and children** who have already been exploited for generations; their exploitation/destruction would be complete, normalized and final. (This needs to be addressed in the Inquiry for Missing Women).

Robert Pickton, Canada's most notorious john and serial killer is from the Vancouver area. Legalization /decriminalization would certainly lead to more violence of this nature.

Human trafficking, **youth and child exploitation**, organized crime, presence of international crime syndicates would all exponentially grow and flourish in a legalized or full decriminalized situation. (Look at Germany for example and the State of Nevada).

I trust the Honorable Minister and Justice Committee understand these implications.

Bill C-36 is a good law. But it needs to be enforced and training is **needed by all police** in Canada. In the meantime, Canada and particularly the West Coast are becoming global sex tourism destinations.

Prime Minister Trudeau cites "gender equity" as a policy platform of his government. Therefore it is "unacceptable for women and children to be bought and sold in a modern equal society". (my quote)

I request an email response at your earliest convenience.

I also request a personal meeting with the Minister when she is in the Vancouver area. I had made this request a year ago through my local MP Pamela Goldsmith-Jones (West Vancouver-Sunshine Coast-Sea to Sky Country).

Thank you.

Most Sincerely, Mrs. Cathy Peters (educator and BC's anti-human trafficking advocate) #302-150 W.15<sup>th</sup> St., North Vancouver, BC V7M 0C4

Subject: Best Practices to address human trafficking/sexual exploitation: Ottawa, Peel Region, Houston

Texas

Importance: High

Dear Mayors and City Councillors of British Columbia (urgent),

Here is recent news on the issue of human trafficking/sexual exploitation in Canada and information on **Best Practices**.

Together we can stop this crime.

Sincerely, Mrs. Cathy Peters #302-150 W. 15<sup>th</sup> St., North Vancouver, BC V7M 0C4

Latest Cases from Edmonton

And a current case from Ottawa:

http://ottawacitizen.com/news/local-news/a-murky-misunderstood-hell-on-the-front-lines-of-human-trafficking-in-ottawa

Sgt. Damien Laflamme, a former drug squad investigator who now heads the human trafficking unit in Ottawa would be a good contact for police training/education in BC.

**Best Practices**: I encourage Cities/Police to bring in team leaders from Ottawa, Peel Region (Brampton, Ontario) and Houston Texas to share their expertise and experience. For example: Houston, Texas:

• Ms. Minal Patel Davis, Special Advisor to Houston's Mayor on Human Trafficking: Ms. Davis shapes long-term, systematic collaboration with Houston stakeholders to prevent human trafficking in Houston. The city of Houston has institutionalized its response to human trafficking across departments: including the health department, the municipal court, the police, procurement, the airport, and the informational services hotline. Ms. Davis launched an anti-human trafficking media campaign, and regularly holds public events in collaboration with leaders in the field. Partnerships with the travel and transportation industries have helped increase victim identification in Houston, while public outreach events have helped decrease demand. The city of Houston's anti-Human Trafficking team has coordinated its victim services response to ensure efficient, comprehensive service delivery. The city of Houston is one of the first cities in the United States to adopt a comprehensive, citywide approach to preventing human trafficking. On this website you will find toolkits that are free and "contain resources, tools, and information that can be easily adopted and used in your own campaigns and initiatives."
