5. Old Business /Arising from minutes

6. New Business

1) STA Update - Planning and Projects

The STA presented on many projects nearing completion. Of note, the 9 Avenue connector is recently complete with fencing and plantings. South Canoe Trail network efforts are also ongoing, including new trails, and parking lot improvements, with a shelter being designed. Signs are being updated and maintenance efforts are ongoing. A recent Foreshore Monitoring report was distributed which showed a general trend of improvement, with the positive influence of Bylaw Enforcement noted.

2) Ida View Trail (Attachment 4)

Information was provided regarding a recent meeting with neighbours regarding the Ida View Trail, designated in the OCP and Greenways Strategy. Concerns of the neighbours, including concern for their irrigation system were noted. Improvements have been completed to nearby City infrastructure over the past 10 years to enable public access and trail use.

Moved: Steve Fabro

Seconded: Joan Mitchell

THAT: the Greenways Liaison Committee supports the advancement of the Ida View Trail as proposed in the OCP and Greenways Strategy.

CARRIED UNANIMOUSLY

3) Rural Dividend Fund

The Rural Dividend Fund has been put on hold unfortunately as it has provided significant support for several notable initiatives.

7. Other Business &/or Updates

1) Heritage Trail - update

A motion of support regarding the heritage trail concept from the Hainey Heritage Village Board was provided for information. GLC members are supportive provided that all neighbors are consulted (Attachment 1).

2) Mt Ida Forestry Road

Discussion with private property owner regarding gating access was discussed. This is a link for recreational access and users may spill over into cemetery lands. Staff to follow up with ROW information.

3) South Canoe Parking Lot

The new surface has been installed, the gate has been shifted back, with additional works including fencing to follow. Feedback has been positive.

4) Blackburn Park - Trail Connection

In advance of the park facilities being fully developed, a new accessible trail connection over the southwest corner of Blackburn Park has been

developed. There will be potential for further upgrades as the park is developed (Attachment 2).

5) UBCM Resolutions

The resolutions discussed at the prior meeting were all endorsed.

6) GLC's Role in Integrated Planning

A discussion proceeded regarding integrating the GLC into other City initiatives, noting that these initiatives are all interrelated on some level. This is a potentially large topic, ranging from personal participation, to terms-of-reference revisions, to various options for different governance structures. Further discussion at a future meeting is anticipated.

7) Forest Fire Funding Update

An update on forest fire mitigation funding opportunities was provided for information.

8) Regional Trails Roundtable

Upcoming Regional Trails Roundtable meeting was noted: Nov 20, 2019. Invitation to be distributed to the GLC (Attachment 3).

8. Next meeting – Thursday, December 5, 2019, 3 pm

City of Salmon Arm

Development Services Department Memorandum

Date: January 3, 2019
Subject: Greenways – Heritage Trail

BACKGROUND

As supported by the Official Community Plan, the City of Salmon Arm's Greenways Strategy was approved in 2011. Approximately 63 km of new trails are proposed for development in the Greenways Strategy. Haney Heritage Village is noted as a key attraction in the Greenways Strategy, as are other heritage resources.

Council's Greenways Liaison Committee has a mandate to:

"coordinate new and improved greenway projects, provide recommendations regarding outdoor recreation and alternative transportation opportunities, and promote the implementation of the Greenways Strategy within the City of Salmon Arm."

It was recommended in the City's 2013 Strategic Plan that future Greenways funding for the planning, development and land acquisition for trails be focused on the "*Waterfront and Heritage Trails*" between now and 2020 (a medium-term priority), however, it is important to note that this does not mean or imply that all land acquisition and trail construction is to be completed by 2020.

The Heritage Trail envisions a network of trails identified in the Greenways Strategy (and Official Community Plan) that extends from the downtown area (McGuire Lake), to Haney Heritage Village. The Heritage Trail is detailed in the Heritage Strategy for the City of Salmon Arm (see Heritage Discovery Trail Map attached). The Heritage Trail would ultimately include the Turner Creek Trail and portions of Little Mountain Park.

In order to create and establish such a legal trail corridor, this route would involve the acquisition of portions of private property. While portions of this trail currently exist, there are key gaps (including between Little Mountain and Haney Park). Additionally, other portions of the constructed trail are legally "informal" as they exist on private property without any legal right-of-way protecting the trail. Perhaps the most significant length of trespass is the trail over land owned by the Hilltop (previously the Podollan) Inn. The City has been engaged in efforts to acquire such lands where private property owners are interested and have established tools through which lands may be acquired through development.

The City has recently completed preliminary conceptual design work related to extending the Waterfront Trail to the west of the Prestige over City-owned lands (between the Prestige Inn and Peter Jannick Park). This portion of the overall greenway network has been discussed as a priority of today's Council.

[View this email in your browser](#)

Hello everyone,

The 2019 Shuswap Trails Roundtable is taking place on **November 20th** at Sunnybrae Bible Camp in the beautiful South Shuswap. It will be an all-day meeting (approx. 9:30 am - 4 pm) with lunch provided.

Registration is now open. Click [here](#) to access our registration page.

*There is no cost to attend the Roundtable, but you must be registered.

We are working on building the agenda. It will be shared with you all closer to November 20th.

We look forward to seeing you next month! Kind regards on behalf of the Shuswap Trail Alliance.

Erin Vieira
Fraser Basin Council

About the Shuswap Trails Roundtable

The purpose of the Roundtable is for people to meet face-to-face, share information, build relationships, provide input and hear updates on the Shuswap Regional Trails Strategy, and 'talk all things trails' in the Shuswap. You can read more about the Roundtable and the Strategy [here](#).

Is this the first e-mail you've received from us?

If so, you might be wondering why. Your name was provided to us as someone in the Shuswap who is interested in trails and involved in building, maintaining and/or promoting them. If that sounds like you, we'd

The Ida View/Southern Approach, Larch Hills Traverse & South Canoe Trail Head

Prepared by: Adrian Bostock with Sutra Brett, Phil McIntyre-Paul, and Jim Maybee

The Shuswap Trail Alliance

Updated Version: 19/10/04

Purpose: Background and planning information for the Larch Hills Traverse (LHT) Trail Head at South Canoe. This can be referred to as Ida View or The Southern Approach (IV/SA).

Background: The Larch Hills Traverse is a destination trail in the Shuswap area enabling non-motorized users to travel between Salmon Arm to Sicamous across Larch Hills. The Larch Hills Traverse is a joint project including provincial, municipal and regional governments, forest licensees as well as stewardship user groups including the Shuswap Trail Alliance and the Larch Hills Nordic Society.

The “Ida View/Southern Approach” Trail has been identified as a priority trail under the Shuswap Regional Trails Strategy Roundtable and the Salmon Arm Greenways Plan. It is an integral section of the whole LHT.

The LHT is approved by Provincial Recreational Sites and Trails under Section 57 of the Forest and Range Practices Act. (File # 16660-50, June 5, 2006) The trail was first planned in consultation with Greg Hislop, Forest Planner, Canoe Forest Products, who holds the area timber license.

The IV/SA Trail head is on City of Salmon Arm property, which contains the South Canoe Trail Head and the East Canoe Creek reservoir. The Larch Hills Water User Community (LHWUC) has a historical agreement with the City of Salmon Arm to maintain an irrigation pond with in the East Canoe Creek Watershed.

The initial consultation with the Larch Hills Water User Community in 2007 met with several concerns from the LHWUC which could not be resolved at that time. The concerns raised at that time were:

- The lack of a management plan for the South Canoe Trail System, which at the time was unsanctioned.
- Risk of trespassing on private Property
- Risk of vandalism to the chlorine treatment plant
- Risk of vandalism and public access to Medford Dam/East Canoe Creek Reservoir (ECCR)
- Damage to the LHWUC pond.
- Trail users starting/causing fire
- Degradation of East Canoe Creek due to unmitigated user crossings

Since that time the South Canoe Trail System has achieved designated recreation status through Recreation Sites and Trail British Columbia (RSTBC). The South Canoe Trails Master Plan has been adopted including an Environmental Adaptive Trail Plan.

The City of Salmon Arm will be re-developing the South Canoe Parking lot in 2019. This will turn much of the lower property into a developed community park. This planning on the new parking lot has been done in

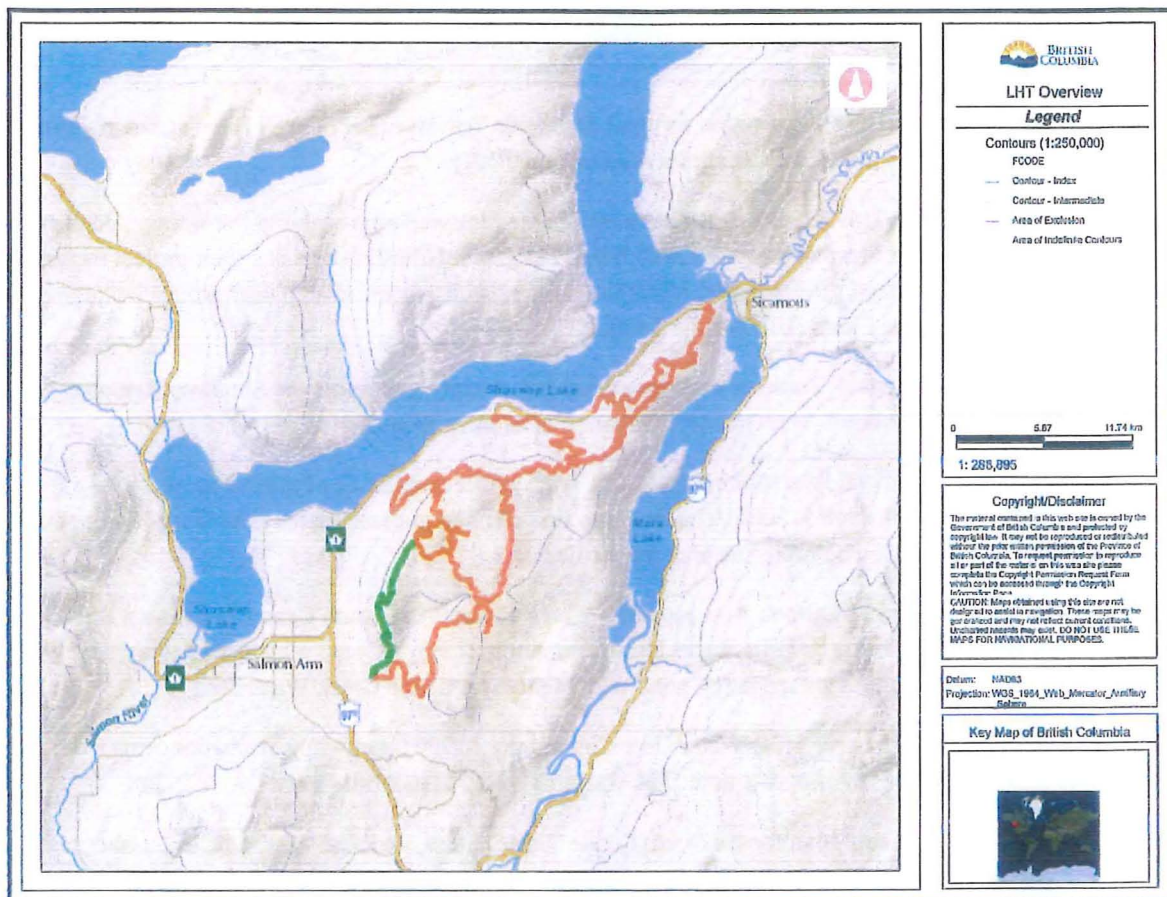

Attachment 4 - Ida View Trail

conjunction with the Shuswap Trail alliance and presented to the South Canoe Trail Advisory and the Shuswap Cycling Club.

The Larch Hills Traverse has been developed with approvals from RSTBC working with local timber licensee's. An Environmental Adaptive Trail Plan has been completed for the Larch Hills Traverse in 2010.

The former City of Salmon Arm Chlorine Water Treatment Facility has been replaced with a UV Water Treatment Facility. This Facility upgrade has also addressed concerns around public access to ECCR via fencing

It is also noted that there is a network of unsanctioned trails along the ridge which the proposed Ida view Trail would use. These lead to private property.

Larch Hills Traverse Overview. Orange Line is existing Rec Trail. Green is not yet complete. Note that the existing approved lines are a mix of roads and purpose built trails.

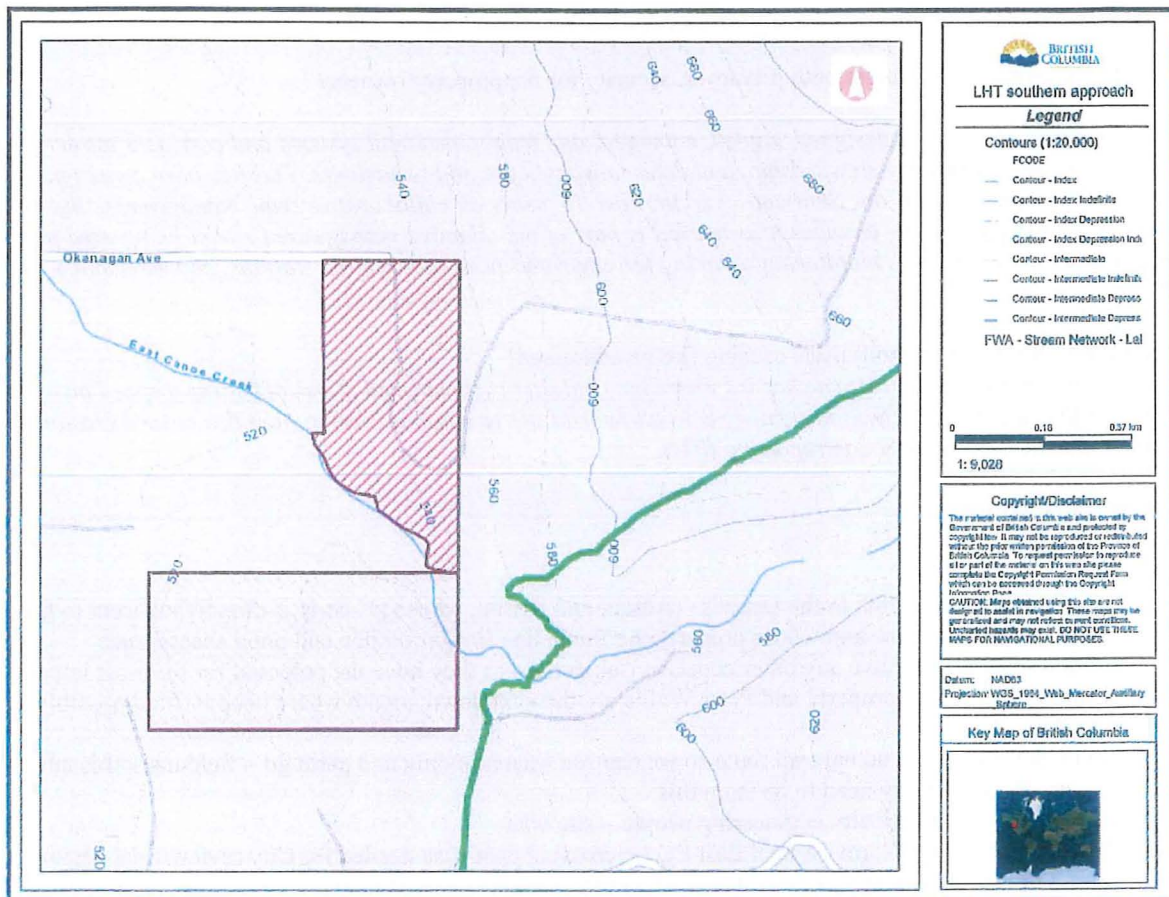

Proposed scope of work: Ida View/Southern Approach

To achieve public access to Crown Land – via city land – Through the East Canoe Creek watershed, which is home to the Larch Hills Water User Community reservoir

- Installation of 1x arched bridge approximately 30ft long and 1x standard double stringer flat bridge

Attachment 4 - Ida View Trail

- Installation of stiles and quad filters to minimize impact to sensitive habitat and access to private property as well as the Water Treatment Facility and the LHWUC pond.
- Installation of 2 gates along the access road which connects the LHWUC Water Reservoirs to private property, to grant access to the pond for the LHWUC.
- Installation of 4x4 signpost and blazes.
- Installation of low boardwalk through wet/flood area which is out flow of the current UV water treatment plant
- Installation of raised tread
- Potential for installing of retained corners on initial approach

The Southern approach through City of salmon Arm Property (CSA). Red Polygon is private Property. Line through CSA property not confirmed.

Summary of Questions Raised in planning emails 2019

Is there any other reasonable route for crossing the watershed?

This crossing was explored at length with the City, but city staff did not want access above the water intake for the East Canoe Creek Reservoir (ECCR). This left the only option to cross below the ECCR. The only viable option was to cross the access road to the LHWUC reservoir which is on City property, but required consultation with the LHWUC in order to find a way which is mutually acceptable. (JM)

Attachment 4 - Ida View Trail

How would access to the LHWUC reservoir be impacted

Gates will be installed on the road to prevent access by trail users to the LHWUC reservoir and onto adjacent private Property. These gates would be locked and keys would be provided to those doing maintenance on the road and the reservoir. (JM)

How would security of this reservoir be protected?

Security would be provided by the locked gates, informative signs, and fencing along the corridor leading to and away from the road. (JM)

Does the plan include trail going through private Property?

No. The IV/SA trail will be entirely on City of Salmon Arm Property and Crown Land (AB)

What is being proposed to protect both privacy & security for the property owners?

Evidence shows well designed, signed, managed, and maintained trail systems and corridors attract good trail users, engage community stewardship, and deter unwanted use and behaviours. This has been consistent with our collective experience in the Shuswap over the last 15 years of collaborative trail management. But note, monitoring and implementing changes if/as needed is part of the adaptive management model being used for the Shuswap Trails. This includes monitoring/adapting for environmental, social, First Nations, and economic values. (PM)

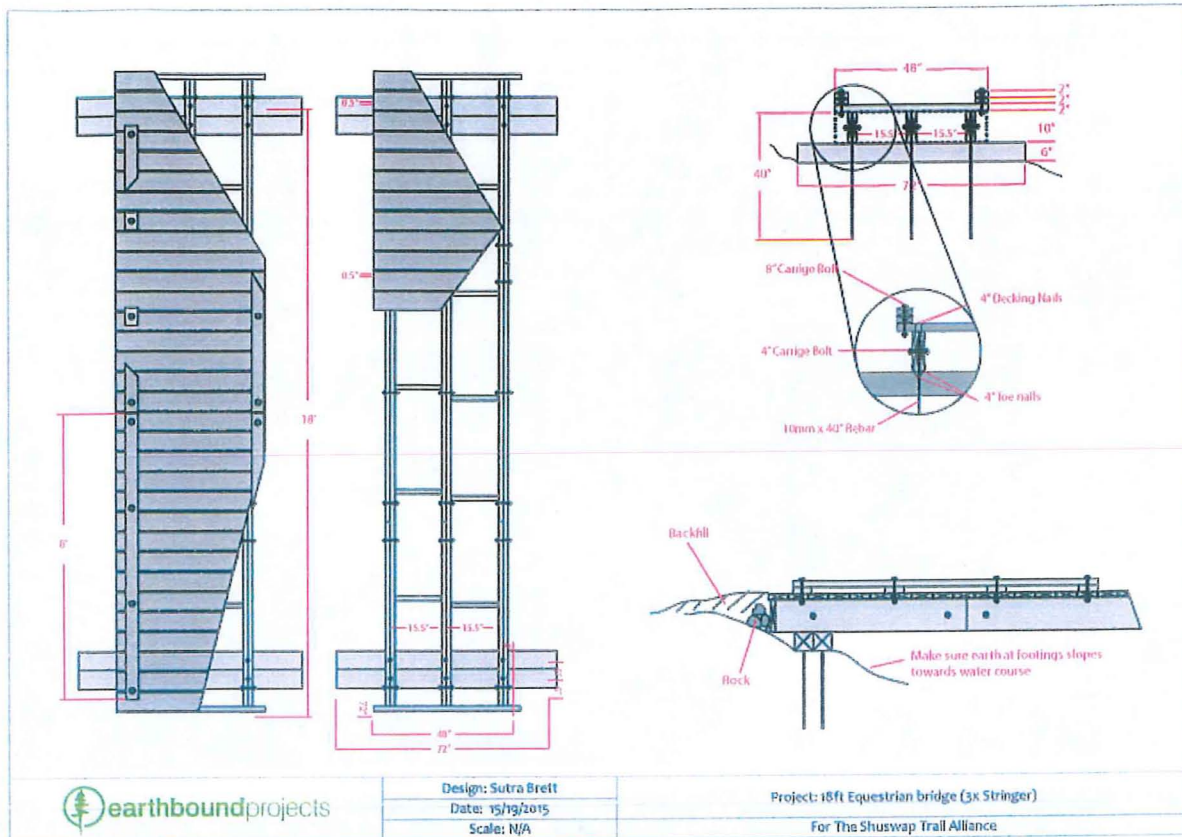

How will fire protection and trail users causing fire be addressed?

Except in the case of extreme hazard where the trail user is considered at risk of getting trapped on a trail, a preferred first-alert fire mitigation strategy is to allow trail use to continue during high fire hazard seasons and in order to enhance early detection/reporting (PM)

Planning steps sequence:

1. Jim, Adrian and Ray talk to the Louw's – Adrian and Kristal, whose property is directly adjacent to the municipal property line and whose property the flume line (irrigation line and pond access) runs through. See if they have any other concerns / objections as they have the potential for the most impact – trespass. Ray Mills' property and Peter Wall's are the next down stream where people could possibly migrate.
2. Jim or Sutra flags the actual trail route so we can see where fencing and gates go – field mark this and map it. Bob and Gary need to be in on this.
3. Then sit down with the city engineering people – site visit
4. Consult with LHWUC, revise final East Canoe crossing plan if/as needed for City review/final design,
5. Submit design to Ministry of Environment/DFO for review/revisions,
6. Once approved - assemble funding for boardwalk and bridge design/build, upon funding
7. Implement.

 SUBJECT: Shuswap Trail Alliance Fee for Service Agreement

MOTION FOR CONSIDERATION:

THAT: the Mayor and Corporate Officer be authorized to execute a Fee for Service Agreement with the Shuswap Trail Alliance for a four (4) year term from January 1, 2020 to December 31, 2023 for \$44,000.00 per year plus the BC Consumer Price Index.

BACKGROUND:

The Shuswap Trail Alliance (STA) has been providing the following services to the City of Salmon Arm under a Fee for Service Agreement that will expire on December 31, 2019:

- General advice regarding trail development issues when requested by Council;
- Regional collaboration;
- Environmental screening and adaptive planning;
- Trail stewardship;
- Trail development programs;
- Capital projects coordination; and
- Technical trail services.

The contract amount for 2019 was \$41,800.00. It is recommended that Council approve a further four (4) year agreement as follows:

- 2020 \$44,000.00*
- 2021 \$44,000.00 + CPI
- 2022 \$44,000.00 + CPI
- 2023 \$44,000.00 + CPI

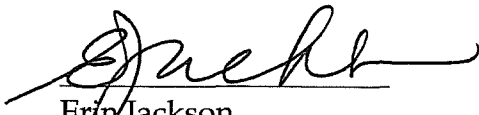

* Included in the 2020 Budget

As Council will note, the proposed fee structure is comprised of the base rate of \$44,000.00 plus the BC Consumer Price Index amount per year, to a maximum of 2%. This fee structure is the same as what the Columbia Shuswap Regional District uses and aligns with what was requested by STA Executive Director, Phil McIntyre-Paul prior to the adoption of the 2020 Budget.

The only other change to the renewal Agreement will be to align the required reporting dates to better match STA's work cycles.

Staff are pleased with the work that STA accomplished in the last term and are in support of the renewal.

Respectfully Submitted,

Erin Jackson
Director of Corporate Services

2019-2023 FP Bylaw (Cap)

Schedule "B" – Bylaw #4363
2019 Revenue Policy Disclosure

1. Table One (1) reflects the proportion of total revenue proposed to be raised from each funding source in 2019. Property taxes form the greatest proportion of revenue of the City. The first column details the proposed percentage of revenue including Conditional Government Transfers and the second column shows the proposed percentage of revenue excluding Conditional Government Transfers. Conditional Government Transfers are funds provided by other levels of government or government agencies to fund specific projects. The absence of this funding would result in an increase to property taxes, debt borrowing or funding from reserves or other sources (ie. developers, donations, etc.) or result in the project not being undertaken.

The City collects three (3) types of parcel tax; a water frontage tax; a sewer frontage tax and a transportation parcel tax. The water and sewer frontage tax rate is applied to each parcel of land taxable foot frontage. The frontage rate is comprised of a capital debt repayment component plus 10% of the water and sewer operation and maintenance budget for preventative maintenance of the utilities infrastructure. The City introduced a transportation parcel tax in 2003. The transportation parcel tax is collected to maintain the City's transportation network to an adequate level to minimize future reconstruction costs and ensure the network is safe from hazards and disrepair. To this end, the transportation parcel tax provides a stable and dedicated source of funding. The transportation parcel tax was specifically implemented on a "flat rate per parcel" rather than an "ad velorum tax" basis recognizing that all classes of property are afforded equal access to the City's transportation network and should contribute to its sustainability equally. This method directed tax dollars away from business and industry to residential.

The City also receives a Municipal Regional District Tax (MRDT) which is levied and collected by the Provincial Government on all daily accommodation rentals within the City. Under the direction and approval of the Accommodation Industry, the City has applied to the Provincial Government to levy a 2% MRDT which will be utilized on initiatives that will increase exposure/awareness of Salmon Arm as a tourism destination with emphasis on off-season event expansion.

The City endorses a 'user pay' philosophy in its collection of fees and charges. Such fees and charges (ie. development, building, plumbing and fire permits, recreational program and rental fees and cemetery services) are reviewed annually to ensure adequate cost recovery for the provision of services. The policy of the City is to work towards full cost recovery for services provided. The objective in reviewing fees and charges periodically is to measure the cost of providing municipal services versus the cost recovery established through user fees and charges. Development Cost Charges are based on the City's Long Term Financial Plan. Included in this percentage is the City's investment income. The City exercises a stringent cash management plan to maximize investment and interest income.

Other sources of revenue provide funding for specific functions such as the Columbia Shuswap Regional District's contribution to the Shuswap Regional Airport, Recreation Centre, Shaw Centre, Cemetery and Fire Training Centre.

The proceeds from borrowing and developer contributions fund capital projects pursuant to the City's Long Term Financial Plan.

Schedule "B" – Bylaw #4363

| Proceeds From Borrowing | 12.66% | 14.88% |
| | 100.00% | 100.00% |

2. Table Two (2) reflects the distribution of property tax between the different property classes. The objective of the City is to set tax rates in order to maintain tax stability while maintaining equality between the property classes. The policy of the City is to develop a tax rate which maintains the proportionate relationship between the property classes. Inflationary increases in assessments are reduced to reflect only the 'real' increase attributed to new construction for each property class. This allows the property owner to be confident that, in any year, their property tax bill will only increase as much as their proportion of the increase in tax revenue required year to year.

The City reviewed the property tax multiple structure and equalized the general municipal property tax rate and associated multiple for Class 5 (Light Industry) and Class 6 (Business) by shifting general municipal property taxes from Class 5 (Light Industry) to Class 6 (Business) commencing in 2017. This property tax stability strategy is in keeping with its objective to maintain tax stability while maintaining equality between property classifications.

Assessment values fluctuate as market values change in one class or another. It is this market value change that may precipitate an amendment to the class multiple.

The Provincial Government has legislated a municipal taxation rate cap for the Class 2 (Utilities) assessments. The City of Salmon Arm Class 2 (Utilities) general municipal property tax rate adheres to this legislation.

3. The City adopted a Permissive Tax Exemption Policy in 1998 which outlines the eligibility criteria to receive a permissive tax exemption. The Annual Municipal Report for 2017 contains a schedule of permissive tax exemptions granted for the year and the amount of tax revenue exempted.

Commencing in 1999, the City provided a three (3) year permissive tax exemption for each eligible organization. These include religious institutions, historical societies, some recreational facilities, service organizations and cultural institutions.

4. The Official Community Plan for the City of Salmon Arm identifies the revitalization of the downtown as a priority. As a result, in 2005, the City established a Downtown Revitalization Tax Exemption Program pursuant to City of Salmon Arm Revitalization Tax Exemption Bylaw No. 3471.

The Revitalization Tax Exemption Program is a tool that Council is using to encourage property investment in the downtown area (hereinafter referred to as the Revitalization Area). Council's objective is to stimulate and reinforce development initiatives in the Revitalization Area by promoting property investment within the C-2, "Town Centre Commercial Zone" and to reinforce the City's investment in infrastructure upgrades and beautification projects.

City of Salmon Arm Revitalization Tax Exemption Bylaw No. 3741 establishes property tax exemptions in respect of construction of a new improvement or alteration of an existing improvement where the alteration has a value in excess of \$75,000.00 to encourage revitalization in the Revitalization Area.

5. The Official Community Plan for the City of Salmon Arm identifies the revitalization of the "Industrial Zones" as a priority. As a result, in 2014, the City established an Industrial Revitalization Tax Exemption Program pursuant to City of Salmon Arm Revitalization Tax Exemption Bylaw No. 4020.

The Revitalization Tax Exemption Program is a tool that Council is using to encourage property investment in the "Industrial Zones" (hereinafter referred to as the Revitalization Area). Council's objective is to stimulate and reinforce development initiatives in the Revitalization Area by promoting property investment within the "Industrial Zone" and to reinforce the City's investment in infrastructure upgrades and beautification projects.

City of Salmon Arm Revitalization Tax Exemption Bylaw No. 4020 establishes general municipal property tax exemptions in respect of construction of a new improvement or alteration of an existing improvement where the alteration has a value in excess of \$300,000.00 to encourage revitalization in the Revitalization Area.

This bylaw shall have an expiration date of five (5) years from the date of adoption.

- 1) The Financial Plans of the City of Salmon Arm; and
 - 2) The Liquid Waste Management Plan of the City of Salmon Arm.
- AND THAT:** A bylaw be prepared for Council's consideration, adoption of which would amend Zoning Bylaw No. 2303 by rezoning Lot 24, Section 18, Township 20, Range 9, W6M, KDYD, Plan 22473 from R-1 (Single Family Residential Zone) to C-1 (Local Commercial Zone);
- AND FURTHER THAT:** Final Reading of the Zoning Amendment Bylaw be withheld subject to:
- 1) Adoption of the associated Official Community Plan Amendment Bylaw.

STAFF RECOMMENDATION

The motion for consideration be adopted.

BACKGROUND

The civic address of the subject property is 480 – 30 Street SE. The property is located on 30th Street, two lots south of Little Mountain Fieldhouse and across the street from Shuswap Middle School (Appendices 1 & 2). The applicant wishes to relocate a commercial daycare business to this location and has provided a letter rationale including a letter of support from the Shuswap Children's Association, and a site plan for the proposal (Appendix 3). The parcel is a relatively flat, 0.41 acres in size and is currently vacant; site photos are attached as Appendix 4. Both an OCP and a zoning amendment are necessary to permit a *commercial daycare facility*. The proposal includes an OCP Amendment, to change the OCP designation from Low Density Residential to Neighbourhood Commercial; and, a Zoning Amendment, to change the zoning from R-1, Single Family Residential Zone to C-1, Local Commercial Zone. OCP and zoning maps are attached as Appendices 5 & 6.

Land uses adjacent to the subject parcel include the following:

North: Vacant, City owned property – R-1, Single Family Residential,
Little Mountain Fieldhouse – P-1, Park
Public Works Yard – P-3, Institutional
South: Single Family Residential – R-1
East: Single Family Residential – R-1
West: Single Family Residential – R-1
Shuswap Middle School – P-3, Institutional

The property is owned by Shuswap Christian Education Society and the applicant has an accepted offer on the property subject to the approval of OCP and Zoning Amendments. In 2008, The Shuswap Christian Education Society made a similar application. At the time, their proposal included a zoning amendment application (File No. ZON-906) to rezone the property from R-1, Single Family Residential Zone to P-3, Institutional Zone, to permit a preschool and a daycare facility. The property remained zoned as R-1 as there were conditions for final reading of the Zoning Amendment Bylaw.

The previous proposal in 2008 did not include an OCP amendment because the applicant was rezoning to P-3 and the OCP supports institutional uses within the Urban Containment Boundary. A Development Permit was also not required, as what was proposed at the time was an institutional development. This proposal is a neighbourhood commercial development and it requires both an OCP Amendment and a Development Permit. Subject to the adoption of the OCP and Zoning Amendment Bylaws and as per OCP Policy 9.3.22, all lands designated and rezoned for Neighbourhood Commercial uses are designated as a Neighbourhood Commercial Development Permit Area which are subject to the guidelines contained in section 9.6 of the OCP, Neighbourhood Commercial Development Permit Areas.

The applicant's letter of rationale included a request for consideration of a formal lease agreement for parking on the northern, city owned parcel. Staff are not in support of a formal parking agreement as detailed later in this report.

OCP POLICIES

As previously noted, the property is designated Low Density Residential in the City's OCP. OCP Policy 9.3.19 supports new Neighbourhood Commercial areas in High, Medium and Low Density Residential areas.

Although the surrounding properties are predominantly single family residential, there are many institutional uses nearby, including Shuswap Middle School, South Broadview Elementary School, and Kings Christian School; these schools are all located along 30th Street within 1 km from the subject property. A *commercial daycare facility* would provide support and complement the existing schools in the area. OCP Policy 9.2.2 & 9.2.5 are supportive of this proposed use of a commercial daycare:

"4.4.11 Continue to encourage local amenities such as schools, parks and local commercial uses in residential neighbourhoods..."

- "9.2.2 Encourage and support commercial businesses that are complementary to and utilize the strengths of the community."
- "9.2.5 Support small scale local commercial businesses in appropriate locations in residential neighbourhoods."

Daycare facilities are recognized as a social service in the City's OCP.

- "15.3.22(d) Encourage and facilitate child care facilities and services, e.g., in new developments, places of employment, education and cultural facilities."
- "15.3.22(g) ...encourage social issues to be considered in new development proposals where appropriate, recognizing that social issues may include affordable and accessible housing; daycare; transit, access to schools..."

Section 475 & 476– Local Government Act

Pursuant to Section 475 and 476 of the Local Government Act (consultation during OCP development / amendments), the proposed OCP amendment was referred to the following external organizations:

| | |
|-------------------------------|----------------------------------|
| Adams Lake Indian Band: | No response to date |
| Neskonlith Indian Band: | Did not provide comments |
| Economic Development Society: | No objections to the application |
| School District No. 83: | No response to date |

Section 477 – Local Government Act

Pursuant to Section 477 of the Local Government Act, adoption procedures for official community plan, after first reading, the OCP amendment bylaw must be considered in relation to the City's financial and waste management plans. In the opinion of staff, this proposed OCP amendment is largely consistent with both the City's financial and waste management plans.

COMMENTS

Engineering Department

Engineering comments are attached as Appendix 7. Regarding the request for consideration of a formal lease agreement for parking on the northern, city owned parcel, Engineering staff note the following:

Currently this property is used as an overflow parking area for Little Mountain Sports Complex and the City utilizes the area as a snow dump site during the winter months. This property is critical to our winter operations as we are short on winter dump sites and this particular site provides the needed space to dispose of the snow which is hauled from various City Facilities parking lots, Shaw & Recreation Centres, Curling Facility, Public Works Building, Little Mountain Field House, Fire Hall #2, and various other locations. Staff's concerns with allowing a portion of this lot to be used by the Daycare for parking are:

#1 Safety, during the winter months we have large trucks accessing the site to dump snow, this would create increased risk to the City and Contracted trucks as there is a high potential for conflicts and patrons of the Daycare (private vehicles, parents and small children). This could also create access issues along 30th Street SE impacting the City's Arterial Roadway. A risk assessment would be needed and possible emigration measure would need to be put into place (Costs?).

#2 Access: There is only one entrance to this lot, concerns with keeping any parked vehicles from blocking the access during winter operations or during sporting events that would require the overflow parking areas.

#3 Drainage: Concerns with snow pile melt on this property could create issues with the proposed Daycare parking.

Building Department

Professional soils review will be required for development. Comments attached as Appendix 8.

Fire Department

No Fire Department concerns.

Planning Department

Although this proposal is for a commercial daycare, the C-1 Local Commercial Zone includes a variety of other permitted uses. The C-1 Local Commercial Zone is attached as Appendix 9.

The subject property is well-suited for a *commercial daycare facility* as the use would complement and support current uses in the neighbourhood. The surrounding neighbourhood is comprised mainly of residential (single family homes) and institutional uses (ie. schools, churches and Little Mountain Park). From an accessibility perspective, 30 Street NE is a main transit and bike route.

The subject parcel is 0.41 acres and could accommodate a *commercial daycare facility* without the use of the property to north for parking. The parking requirements for a commercial daycare is 1 parking stall per 35 m² of gross floor area. For example, if the building was 300 m², 9 parking spaces would be required. The applicant has not submitted a site or concept plan for their proposal at this stage, as the proposed development will be a commercial building and subject to a Development Permit.

Should the OCP and zoning amendments be approved, the applicant has been advised that submission of a Development Permit application is required, with an architect retained to provide a full set of drawings addressing the form and character of the building, landscaping, and additional details as per the design guidelines for Neighbourhood Commercial development as specified in Section 9.6 of the City's OCP. Such an application would be reviewed by Staff and the Design Review Panel prior to Councils' consideration.

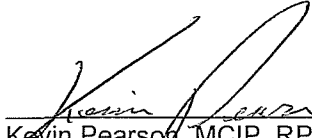

The applicant's letter of rationale included a request for consideration of a formal lease agreement for parking on the city owned property to the north. As previously noted in the comments from the Engineering Department, Staff are not in support of a formal parking agreement primarily for safety reasons. This section of 30th Street is already very busy with drop-off and pick-up for Shuswap Middle School. 30th Street NE is also designated as an Urban Arterial Road in the City's OCP. Urban arterial roads are designed with the function to facilitate the movement of large volumes of traffic through the community. A formal lease agreement would create another access off of 30th Street and due to the high volume of traffic and the function of 30th Street, Staff do not support a formal parking agreement.

CONCLUSION

As our City grows, there will be an increase in demand for local neighbourhood services, outside of the traditional TCH corridor. Just recently (2018), another property in the vicinity had similar applications approved by Council, an OCP amendment from Institutional to Neighbourhood Commercial and a zoning amendment from P-3 (Institutional) to C-10 (High Technology Research and Development Zone).

This proposed development is supported by the OCP and compliments the existing uses in the neighbourhood. In addition, the proposed development would provide an amenity to the community in a location that will be accessible and well-suited for this type of development. Therefore, Staff support the OCP and zoning amendments.

To Salmon Arm City Council

My name is Teresa Horsting and I have owned and operated, 'Back in Nature Childcare Programming' for 10 years this December. I have received an acceptance on my offer for the vacant lot, (480 30 ST SE), (next to the overflow parking lot for the Field House) in hopes to build a nature based commercial daycare. I have enclosed a rezoning application for this property to rezone to Neighborhood Commercial zoning (C-1) with the \$1200.00 application fee. The location is suitable for a nature based program considering the close proximity to, "Little Mountain Park," as well as its central location, easy access to families. I am sure you are aware of the challenges Salmon Arm faces for parents to find quality childcare, a much needed service in our community. I have enclosed a letter of reference from the Shuswap Children's Association in support of my project. I have a couple subjects before finalizing the purchase of the property. One is, rezoning to C1 and the other is to receive a long term lease or permission, from the 'City of Salmon Arm,' to use the overflow parking lot for parents to safely pick up and drop off their child/children. The lot itself is not large enough for a commercial daycare and a parking lot to accommodate a commercial daycare. I have provided a map with the approximate measurements and the area that I propose to use. The daycare would be open Monday to Friday 7am to 600pm, closed on Statutory holidays.

I will inform the neighbouring property owners of my proposal for rezoning for the purpose to build a childcare center. I will forward you a copy of the letter that shows the address of each each home that I had informed.

I am currently working with an architect, when I receive the plans, I will forward them with the development site plan application.

If you require further information please contact me.

I look forward to hear back from you and thank you for considering my application.

To Whom It May Concern,

I am writing to show our support for Teresa Horsting's proposed project of relocating and/or creating more child care spaces for Back In Nature Childcare in Salmon Arm. Teresa has to relocate her childcare center by end of June 2019 due to notice of rental termination.

I believe Teresa's proposed project will continue to benefit our community greatly and am writing to express the full support of Shuswap Child Care Resource and Referral Program. I would also like to express the dire need for more childcare spaces in our area. Teresa has been offering high quality child care for families for over nine years in Salmon Arm and is currently serving over 15 families in the community.

Currently, there are zero spots available for parents with children. This does fluctuate but has been the trend for some time now. The 15 working families she is serving now will be without child care spaces in July 2019. Losing Back In Nature Childcare center will have a negative impact our community. Please consider her proposal favorably.

Sincerely,

A handwritten signature in black ink, appearing to be "CO" or similar initials, written in a cursive style.

Further to your referral dated August 21, 2019, we provide the following servicing information. The following comments and servicing requirements are not conditions for OCP or Zoning Applications; however, these comments are provided as a courtesy in advance of any development proceeding to the next stages.

General:

1. Full municipal services are required as noted herein. Owner / Developer to comply fully with the requirements of the Subdivision and Development Services Bylaw No 4163. Notwithstanding the comments contained in this referral, it is the applicant's responsibility to ensure these standards are met.
2. Comments provided below reflect the best available information. Detailed engineering data, or other information not available at this time, may change the contents of these comments.
3. Properties shall have all necessary public infrastructure installed to ensure properties can be serviced with overhead electrical and telecommunication wiring upon development.
4. Property under the control and jurisdiction of the municipality shall be reinstated to City satisfaction.
5. Owner / Developer will be responsible for all costs incurred by the City of Salmon Arm during construction and inspections. This amount may be required prior to construction. Contact City Engineering Department for further clarification.
6. Erosion and Sediment Control measures will be required at time of construction. ESC plans to be approved by the City of Salmon Arm.
7. Any existing services (water, sewer, hydro, telus, gas, etc) traversing the proposed lot must be protected by easement or relocated outside of the proposed building envelope. Owner/Developer will be required to prove the location of these services. Owner / Developer is responsible for all associated costs.
8. At the time of subdivision / building permit the applicant will be required to submit for City review and approval a detailed site servicing / lot grading plan for all on-site (private) work. This plan will show such items as parking lot design, underground utility locations, pipe sizes, pipe elevations, pipe grades, catchbasin(s), control/containment of surface water, contours (as required), lot/corner elevations, impact on adjacent properties, etc.

9. For the off-site improvements at the time of subdivision / building permit the applicant will be required to submit for City review and approval detailed engineered plans for all off-site construction work. These plans must be prepared by a qualified engineer. As a condition of subdivision / building permit approval, the applicant will be required to deposit with the City funds equaling 125% of the estimated cost for all off-site construction work.

Roads / Access:

1. 30 Street SE, on the subject properties western boundary, is designated as an Urban Arterial Road standard, with an ultimate 25.0m road dedication (12.5m on either side of road centerline). Although the City only requires an Interim total of 20.0m of road dedication (10.0m on either side of road centerline) at this time, all building setbacks will be required to conform to the ultimate 25.0m cross section. Available records indicate that no additional road dedication is required (to be confirmed by BCLS)
2. 30 Street SE is currently constructed to an Interim Urban Arterial Road standard. Upgrading to the current Urban Interim Arterial Road standard is required, in accordance with Specification Drawing No. RD-4. Upgrading may include, but is not limited to, road widening, curb & gutter, sidewalk and streetlights. Owner / Developer is responsible for all associated costs.
3. Owner / Developer is responsible for ensuring all boulevards and driveways are graded at 2.0% towards the existing roadway.
4. As 30 Street SE is designated as an Arterial Road, accesses shall be designed by keeping to a minimum number. Only one (1) driveway access will be permitted onto 30 Street SE. All unused driveways shall be removed. Owner / Developer responsible for all associated costs.

Water:

1. The subject property fronts a 305mm diameter Zone 4 watermain on 30 Street SE. No upgrades will be required at this time.
2. Records indicate that the existing property is serviced by an unknown size service from the 305mm diameter watermain on 30 Street SE. Demand of proposed development and existing size of service will determine if any upgrade is required. This service will require a water meter supplied by the City at the time of building permit, at the Owner / Developer's cost. All existing inadequate / unused services must be abandoned at the main. Owner / Developer is responsible for all associated costs
3. The subject property is in an area with sufficient fire flows and pressures according to the 2011 Water Study (OD&K 2012).
4. Fire protection requirements to be confirmed with the Building Department and Fire Department.

Sanitary:

1. The subject property fronts a 200mm diameter municipal sewer main on 30 Street SE. A 205mm diameter sanitary sewer main traverses the southeast property corner within Right of Way A13402.
2. Records indicate that the existing property is serviced by a 150mm service from the sanitary sewer on 30 Street SE. All existing inadequate/unused services must be abandoned at the main. Owner / Developer's engineer may be required to prove that there is sufficient downstream capacity within the existing City Sanitary System to receive the proposed discharge from the development. Owner / Developer is responsible for all associated costs.

Drainage:

1. The subject property fronts a 450/600mm diameter storm sewer on 30 Street SE. A groundwater inlet structure with 300mm diameter storm sewer to storm manhole exists 30 Street SE frontage of the property.
2. Records indicate that the existing property is serviced by a 100mm service from the storm sewer on 30 Street SE. All existing inadequate/unused services must be abandoned at the main. Owner / Developer is responsible for all associated costs.
3. An Integrated Stormwater Management Plan (ISMP) conforming to the requirements of the Subdivision and Development Servicing Bylaw No. 4163, Schedule B, Part 1, Section 7 shall be provided. The ISMP shall address the site drainage and any upstream drainage, including the safe passage of 100 year overland flow at the low point of the site to the storm water pond on the west side of 30 Street SE.
4. Where onsite disposal of stormwater is recommended by the ISMP, an "Alternative Stormwater System" shall be provided in accordance with Section 7.2.
5. Where discharge into the Municipal Stormwater Collection System is recommended by the ISMP, this shall be in accordance with Section 7.3. The proposed parcel shall be serviced (each) by a single storm service connection adequately sized (minimum 150mm) to satisfy the servicing requirements of the development. Owner / Developer's engineer may be required to prove that there is sufficient downstream capacity within the existing City Storm System to receive the proposed discharge from the development. All existing inadequate / unused services must be abandoned at the main. Owner / Developer is responsible for all associated costs.

Subject: Zoning Bylaw Amendment Application No. 1159

Legal: Lot 1, Section 12, Township 20, Range 10, W6M, KDYD, Plan KAP89662

Civic: 1540 15 Street SE

Applicant: Charles Voyer

MOTION FOR CONSIDERATION

THAT: A bylaw be prepared for Council's consideration, adoption of which would amend Zoning Bylaw No. 2303 by rezoning Lot 1, Section 12, Township 20, Range 10, W6M, KDYD, Plan KAP89662 from R-1 (Single Family Residential) to R-8 (Residential Suite Zone).

STAFF RECOMMENDATION

THAT: The motion for consideration be adopted.

BACKGROUND

The subject parcel is located at 1540 15 Street SE at the corner of 15 Avenue SE in the Hillcrest Neighbourhood as shown on Appendix 1 and 2. The proposal is to rezone the subject parcel to R-8 Residential Suite Zone to facilitate a single-family dwelling and secondary suite.

The parcel is approximately 630 m², 20 m wide and 30 m deep, is designated Low Density Residential in the Official Community Plan (OCP) as shown on Appendix 3, and is currently zoned R-1 Single Family Residential as shown on Appendix 4.

The proposal meets the required minimum parcel size requirements of the R-8 zone. R-8 Zoning regulations are attached as Appendix 5. A conceptual drawing showing a single family dwelling and secondary suite, which is subject to change, has been provided as Appendix 6. Site photos are attached as Appendix 7.

The surrounding properties are designated Low Density Residential by the OCP and the area is comprised of R-1 zoned parcels containing single family dwellings. The property is vacant. The R-8 Zone would allow for one single family dwelling and an accessory secondary suite on the subject parcel. Any new construction would require a building permit and will be subject to meeting Zoning Bylaw and BC Building Code requirements.

OCP POLICY

The subject parcel is designated Low Density Residential in the OCP, and is within Residential Development Area B. The proposed R-8 zone is consistent with the Low Density land use designation. Residential Development Area B means that the land and surrounding infrastructure are the second highest priority for City investment in capital works projects. The property is within the Urban Containment Boundary (UCB) and OCP Policy 4.4.1 supports new growth within the UCB.

The proposed density is consistent with OCP Policy 4.4.7, which supports a wide range of housing types in Salmon Arm in order to meet the needs of the diverse lifestyles and aging population including affordable housing, sensitively integrated infill and intensification of existing development areas, and provision of low density single family developments.

The proposed zoning aligns with the Urban Residential Policies listed in Section 8.3 supporting compact communities. The density is consistent with Low Density Residential Policy 8.3.13 with a maximum density of 22 units per hectare. In terms of siting, the proposal appears to match with OCP Siting Policies under Section 8.3.19, including good access to transportation routes, recreation, and community services

Secondary Suites

Policy 8.3.25 of the OCP provides for the consideration of secondary suites in Low Density Residential designated areas subject to compliance with the Zoning Bylaw and the BC Building Code.

COMMENTS

Engineering Department

No engineering concerns.

Building Department

No building department concerns. Will be required to meet BC Building Code.

Fire Department

No Fire Department concerns.

Planning Department

The development as proposed is consistent with the Low Density Residential OCP designation. The proposed R-8 zoning is aligned with neighbouring R-1 land uses. The property next door, Richmond House, circa 1920, is on the City's Heritage Register.

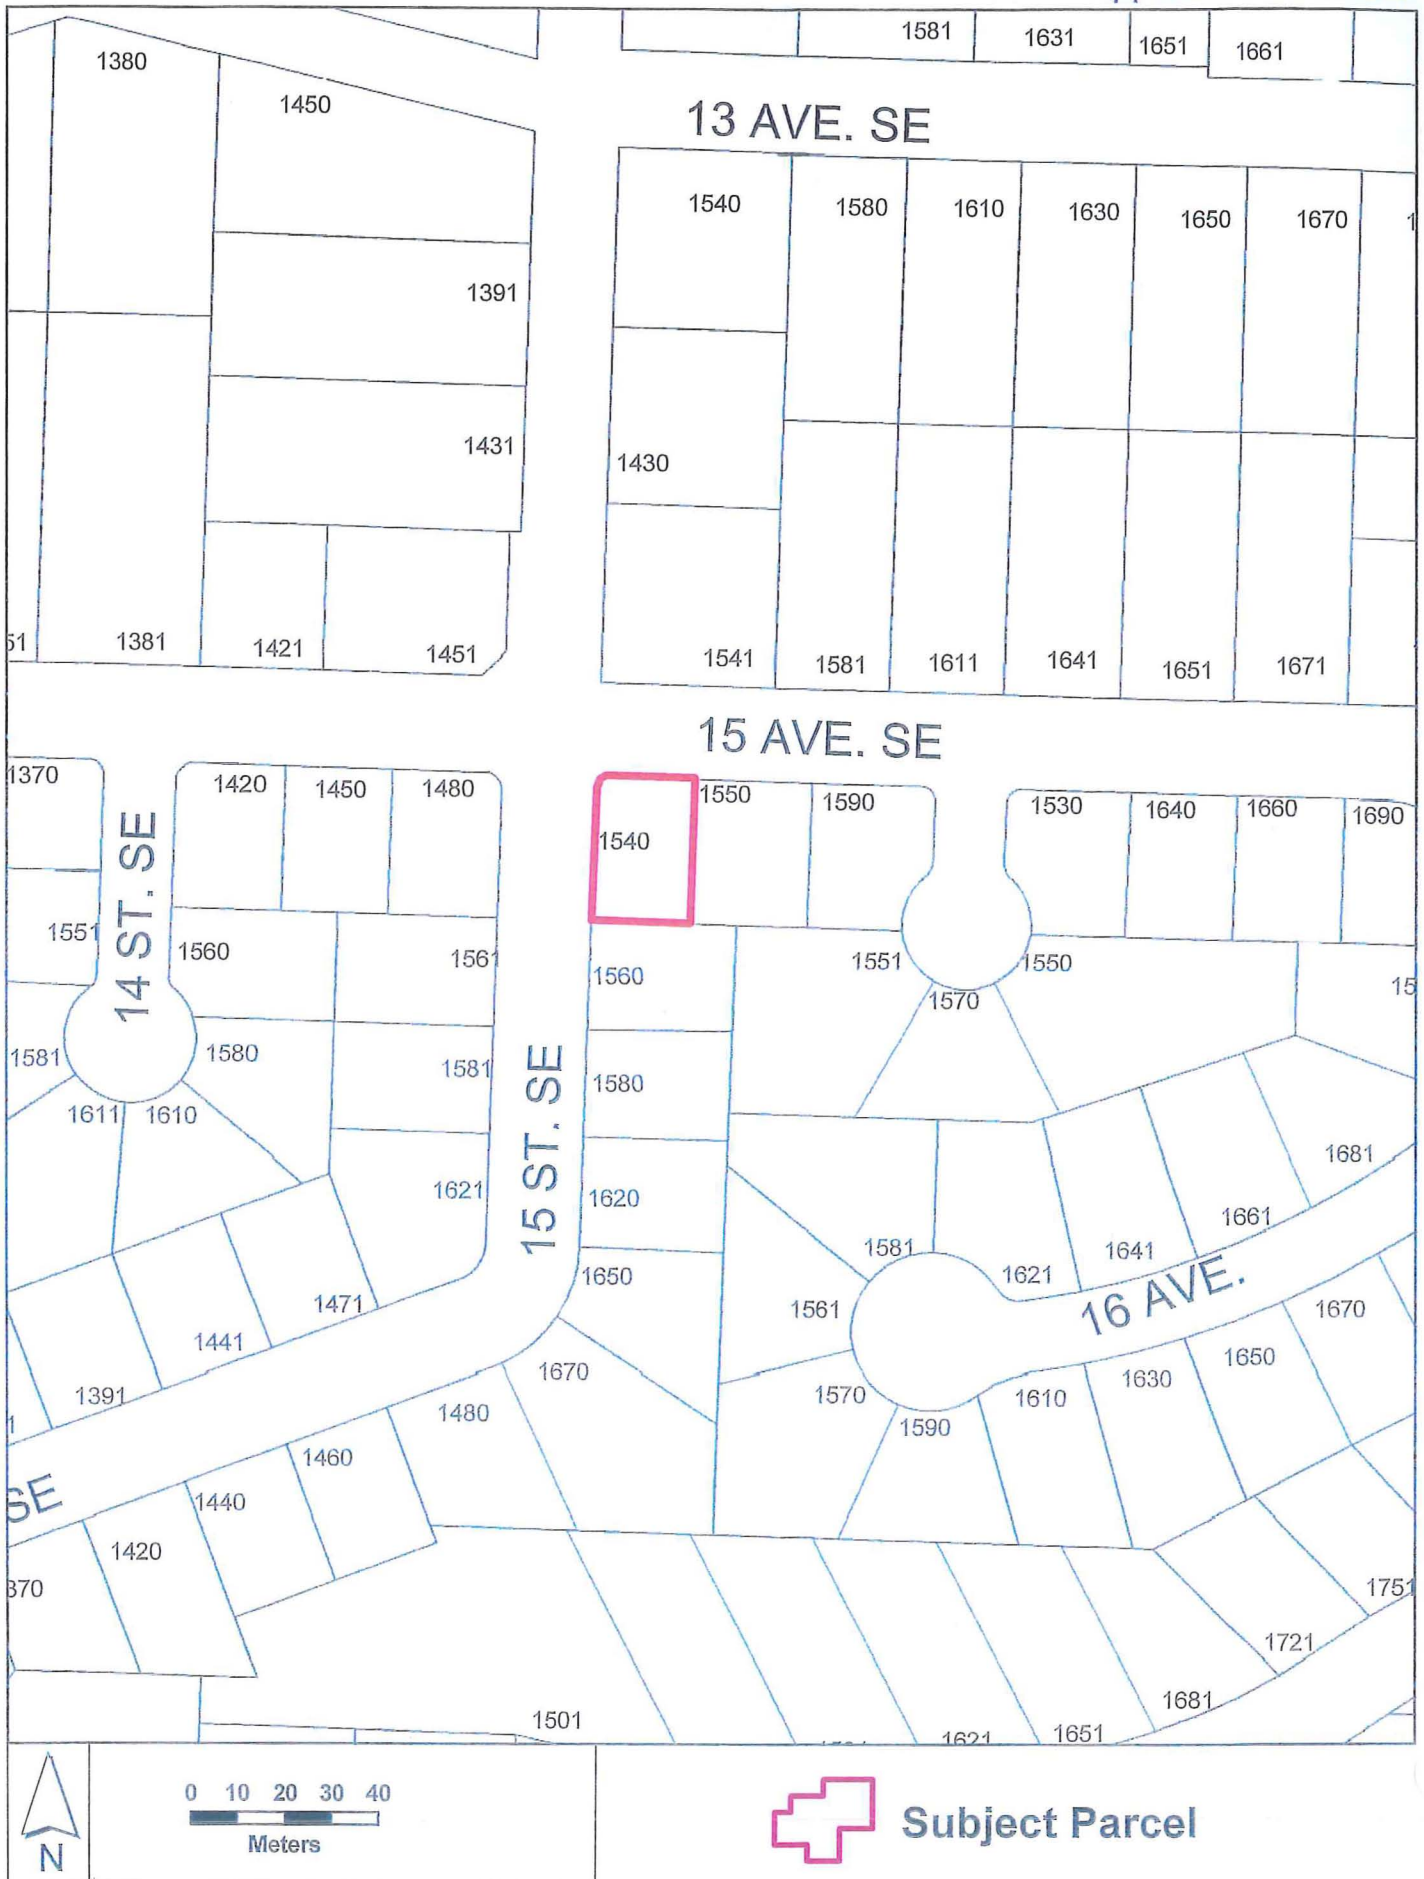

The R-8 zone regulations of the Zoning Bylaw are attached as Appendix 5. The minimum parcel area permitted under R-8 zoning is 450 square metres, or 700 square metres for a parcel containing a detached suite. At 630 m² the subject property can meet the requirements for a secondary suite including an off-street parking space.

CONCLUSION

The proposed R-8 zoning is consistent with the OCP and is therefore supported by staff.

Subject: Zoning Bylaw Amendment Application No. 1160

Legal: Lot 1, Section 25, Township 20, Range 10, W6M, KDYD, Plan 40950 Except Plan EPP5384

Civic: 3341 – 20 Street NE

Owner/Applicant: Reid D. / Lawson EDS Ltd.

MOTION FOR CONSIDERATION

THAT: a bylaw be prepared for Council's consideration, adoption of which would amend Zoning Bylaw No. 2303 by rezoning Lot 1, Section 25, Township 20, Range 10, W6M, KDYD, Plan 40950 Except Plan EPP5384 from R-1 (Single Family Residential Zone) to R-8 (Residential Suite Zone).

STAFF RECOMMENDATION

THAT: The motion for consideration be adopted.

PROPOSAL

The subject parcel is located at 3341 20 Street NE (Appendix 1 and 2) and presently contains a single family dwelling and various accessory buildings. The proposal is to rezone the parcel from R-1 (Single Family Residential) to R-8 (Residential Suite) to permit the construction of a secondary suite.

BACKGROUND

The large (1.243 hectare, approximately 102 metres wide by 102 metres deep) subject parcel is designated Low Density Residential in the City's Official Community Plan (OCP) and zoned R-1 (Single Family Residential) in the Zoning Bylaw (Appendix 3 & 4). The subject parcel is located in the Upper Lakeshore area, largely comprised of R-1 and R-7 zoned parcels containing single family dwellings with associated accessory buildings. There are currently six R-8 zoned parcels within the proximity of the subject parcel.

The subject parcel easily meets the conditions as specified to permit a secondary suite within the proposed R-8 zone. Site photos are attached as Appendix 5. The intent of the applicant is to develop a conforming *detached suite*. No site or development plan has been provided for this application. Development of either a *detached suite* or *secondary suite* within a dwelling would require a building permit and will be subject to meeting Zoning Bylaw, BC Building Code requirements.

Policy 8.3.25 of the OCP provides for the consideration of secondary suites in all Residential (High, Medium, and Low) designated areas via a rezoning application, subject to compliance with the Zoning Bylaw and the BC Building Code. Based on parcel area, the subject property should have potential to meet the conditions for the development of a *detached suite*, including sufficient space for an additional off-street parking stall.

COMMENTSEngineering Department

No concerns with rezoning. Preliminary comments for development provided (Appendix 6).

Building Department

BC Building Code will apply.

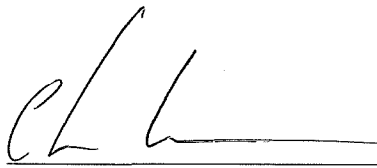

Development Cost Charges (DCCs) are payable at the time of Building Permit for a *Detached Suite* in the amount of \$6,064.31 (same as the DCCs for a High Density Residential Unit).

Fire Department

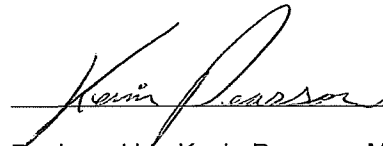

No concerns.

Planning Department

The proposed R-8 zoning is consistent with the OCP and is therefore supported by staff.

Subject: Zoning Bylaw Amendment Application No. 1156

Legal: Lot A, Section 13, Township 20, Range 10, W6M KDYD, Plan 10397
 Civic Address: 870 – 10 Street NE
 Owner/Applicant: Nova Capital LTD. / McDiarmid, I.

MOTION FOR CONSIDERATION

THAT: a bylaw be prepared for Council's consideration, adoption of which would amend Zoning Bylaw No. 2303 by rezoning Lot A, Section 13, Township 20, Range 10, W6M, KDYD, Plan 10397 from R-1 (Single Family Residential Zone) to R-8 (Residential Suite Zone);

AND THAT: Final reading of the zoning amendment bylaw be withheld subject to Ministry of Transportation & Infrastructure approval.

STAFF RECOMMENDATION

THAT: The motion for consideration be adopted.

PROPOSAL

The subject parcel is located at 870 – 10 Street NE (Appendix 1 and 2) and is under subdivision application (SUB-19.18) to create one new lot and a remainder. A proposed sketch plan of the subdivision (Appendix 3) has been provided. The proposal is to rezone the parcel from R-1 (Single Family Residential) to R-8 (Residential Suite) to permit the development a *secondary suite* on each of the proposed parcels.

BACKGROUND – SECONDARY SUITES

The parcel is designated High Density Residential in the City's Official Community Plan (OCP), and zoned Single Family Residential (R-1) in the Zoning Bylaw (Appendix 4 & 5). The subject parcel is located in the downtown residential neighbourhood close to McGuire Lake Park and the hospital, largely comprised of R-1 zoned parcels (as well as some R-4 and R-7 parcels) containing single family dwellings. There are currently five R-8 zoned parcels within the proximity of the subject parcel. If a high density residential development and zoning were proposed, the maximum number of dwelling units permitted with R-5 Zoning would be 15 units on the existing 1,555 m² parcel, assuming gross parcel area.

With subdivision, the existing single family dwelling would be retained on the proposed Remainder Lot, while a new parcel would be created as shown in the attached sketch plan (Appendix 3). Site photos are attached as Appendix 6.

Also with subdivision, a 455 square metre new parcel would have potential to meet the conditions for the development of a *secondary suite* within a new single family dwelling (but not a *detached suite*), while the 1,100 square metre Remainder may have potential to meet the conditions for the development of a *detached suite*. These parcel areas referred to are conceptual at this stage and do not factor in required road and lane dedications.

COMMENTSMOTI

Preliminary approval has been granted.

Engineering Department

No concerns with rezoning. Full comments to be provided with application SUB-19.18.

Building Department

Building Permit required and BC Building Code requirements must be met to construct a *secondary suite*.

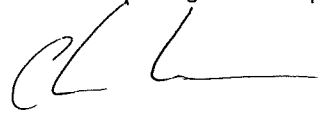

Fire Department

No concerns.

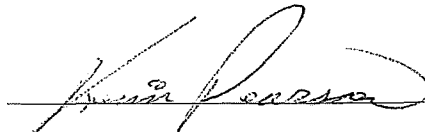

Planning Department

Policy 8.3.25 of the OCP provides for the consideration of secondary suites in all Residential (High, Medium, and Low) designated areas via a rezoning application, subject to compliance with the Zoning Bylaw and the BC Building Code. Based on parcel area, the subject property has potential to meet the conditions for the development of a *secondary suite* including a *detached suite*, with sufficient space for additional off-street parking stalls.

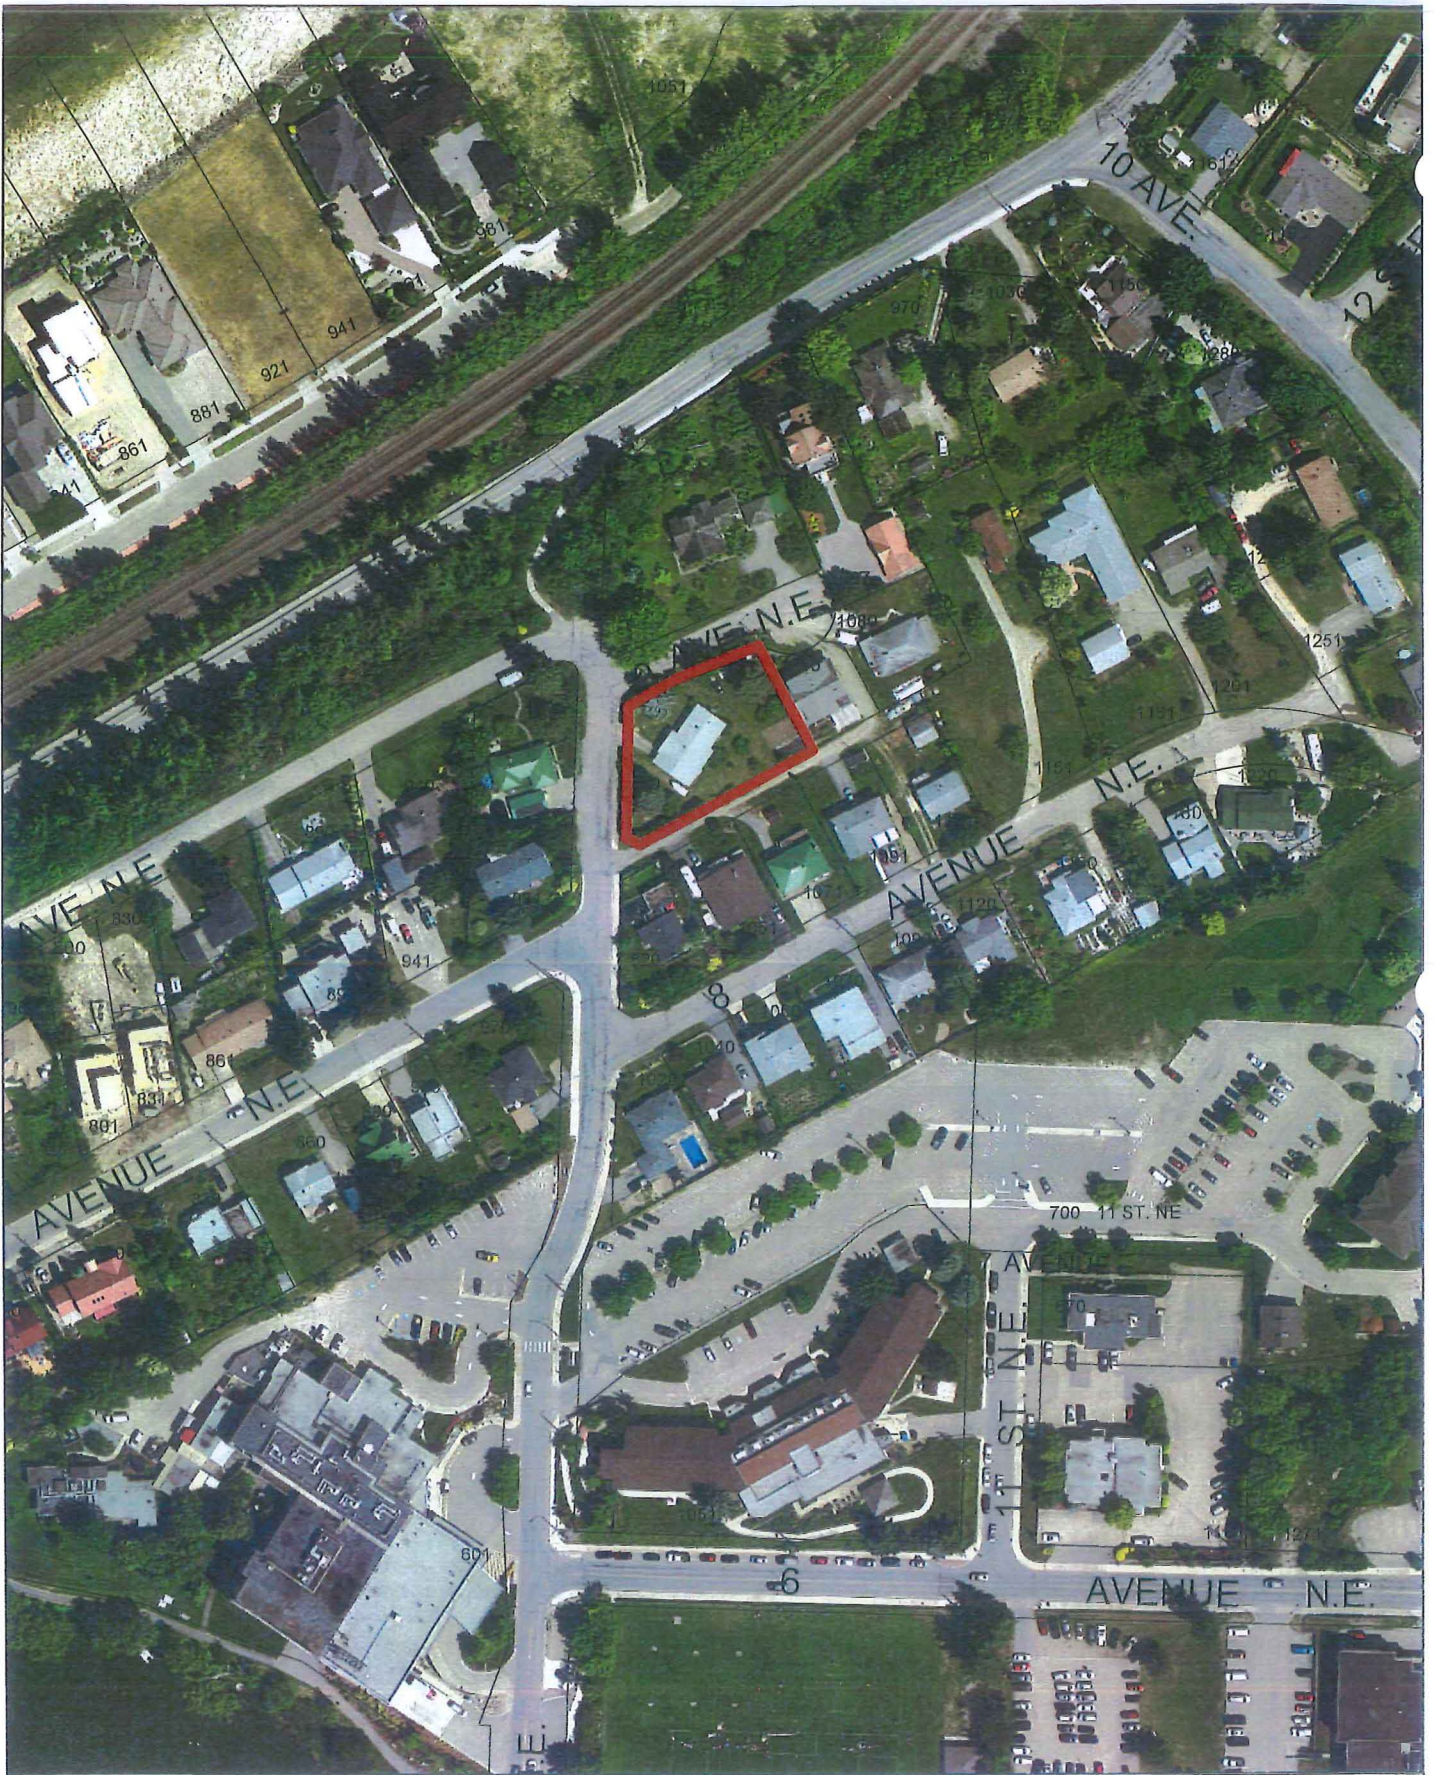

While the parcel is well suited to a higher density residential development ideally with R-4 or R-5 zoning, the proposed R-8 zoning of the subject parcel is consistent with the OCP and is therefore supported by staff. Any new development will require a building permit and will be subject to the Subdivision and Development Servicing Bylaw, applicable Development Cost Charges, as well as meeting Zoning Bylaw and BC Building Code requirements.

Subject: Zoning Bylaw Amendment Application No. 1158

Legal: Lot 1, Section 14, Township 20, Range 10, W6M, KDYD, Plan EPP86105

Civic: 531 5 Street SE

Owner/Applicant: Larson, A. & F.

MOTION FOR CONSIDERATION

THAT: a bylaw be prepared for Council's consideration, adoption of which would amend Zoning Bylaw No. 2303 by rezoning Lot 1, Section 14, Township 20, Range 10, W6M, KDYD, Plan EPP86105 from R-1 (Single Family Residential Zone) to R-8 (Residential Suite Zone);

AND THAT: Final reading of the zoning amendment bylaw be withheld subject to Ministry of Transportation & Infrastructure approval.

STAFF RECOMMENDATION

THAT: The motion for consideration be adopted.

PROPOSAL

The subject parcel is located at 531 5 Street SE (Appendix 1 and 2) and is currently vacant. The proposal is to rezone the parcel from R-1 (Single Family Residential) to R-8 (Residential Suite) to permit the construction and use of a *secondary suite* in a new single family dwelling (Appendix 3).

BACKGROUND

The subject parcel is designated High Density Residential in the City's Official Community Plan (OCP) and zoned R-1 (Single Family Residential) in the Zoning Bylaw (Appendix 4 & 5). The subject parcel is located in the downtown residential area of the City (within Residential Development Area A, the highest priority area for development), south of City Hall and Fletcher Park, largely comprised of parcels containing single family dwellings and associated accessory buildings, as well as R-5 zoned parcels with larger multi-dwelling buildings. There are no R-8 zoned parcels within the vicinity of the subject parcel.

The subject parcel meets the conditions as specified to permit a secondary suite within the proposed R-8 zone, and at just under 700 square metres in area and 15 m in parcel width, it does not meet the requirements (minimum 700 square metres and 20 m wide) to permit a detached suite. Site photos are attached (Appendix 6). The intent of the applicant is to develop a conforming *secondary suite* within a new single family dwelling (Appendix 3).

Secondary Suites

Policy 8.3.25 of the OCP provides for the consideration of secondary suites in all Residential designated areas via a rezoning application, subject to compliance with the Zoning Bylaw and the BC Building Code. Based on parcel area and width, the subject property has potential to meet the conditions for the development of a *secondary suite*, including sufficient space for an additional off-street parking stall.

COMMENTSMinistry of Transportation and Infrastructure

Preliminary approval has been granted.

Engineering Department

No engineering concerns.

Building Department

Building Permit required and BC Building Code will apply. No concerns with proposed zoning.

Fire Department

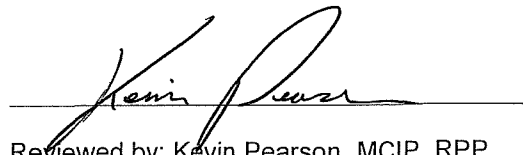

No concerns.

Planning Department

The proposed R-8 zoning of the subject parcel is consistent with the OCP and is therefore supported by staff. The plans submitted indicate that all R-8 Zone requirements can be met, including the provision of onsite parking, and that the building currently under construction substantially aligns with development patterns in the area. Development of a secondary suite would require a building permit and will be subject to meeting Zoning Bylaw and BC Building Code requirements.

MEMORANDUM

Date: November 4, 2019
 To: Kevin Pearson, Director of Development Services, City of Salmon Arm
 cc: Erin Jackson, Director of Corporate Services, City of Salmon Arm
 From: Matt Thomson, Community Housing Lea, Urban Matters
 File: 000752.0033.01
 Subject: Project Update, Community Housing Strategy

Dear Mr. Pearson,

This memo is intended to provide a project update regarding the Community Housing Strategy. To date, we have completed Phases 1 and 2 of the project, consisting of project initiation and the completion of a draft housing needs assessment, conforming to provincial regulations and requirements.

This work includes:

- A comprehensive review of all relevant and required data to complete a housing needs assessment, as per provincial regulations
- Key informant interviews with 15 individuals representing organizations in non-profits, local government and the development sector
- A survey on housing needs of the community, with about 320 responses
- A draft report was prepared and submitted to the City of Salmon Arm on November 1

The report will be reviewed by City Staff and the City's Affordable and Supportive Housing Committee.

In November, Urban Matters will use the findings of the needs assessment to prepare draft strategies and actions to address Salmon Arm's housing needs. These will be workshopped with community stakeholders and the public in a December Open House meeting. The draft of the strategy will then be prepared and reviewed by City Staff and the Committee in February, in anticipation of March final presentation to Council.

Sincerely,

A handwritten signature in blue ink, appearing to be "M. Thomson" with a stylized flourish.

- AND THAT: Pursuant to Section 477 (3) (a) of the *Local Government Act*, Second Reading of the Official Community Plan bylaw be withheld pending Council's consideration of the amendment in conjunction with:
- 1) The Financial Plans of the City of Salmon Arm; and
 - 2) The Liquid Waste Management Plan of the City of Salmon Arm.
- AND THAT: A bylaw be prepared for Council's consideration, adoption of which would amend Zoning Bylaw No. 2303 by rezoning Lot 1, Section 24, Township 20, Range 10, W6M, KDYD, Plan KAP81982 from R-1 (Single Family Residential) to P-3 (Institutional);
- AND FURTHER THAT: Final Reading of the Zoning Amendment Bylaw be withheld subject to:
- 1) Ministry of Transportation and Infrastructure approval; and
 - 2) Adoption of the associated Official Community Plan Amendment Bylaw.

STAFF RECOMMENDATION

THAT: The motion for consideration be adopted.

PROPOSAL

The 0.113 ha subject parcel is on the corner of 11 Avenue NE and 22 Street NE, directly adjacent to the existing Cornerstone Church development (see Appendix 1). It is designated Commercial – Highway Service / Tourist (HC) in the City's Official Community Plan (OCP) and zoned R-1 (Single Family Residential) in the Zoning Bylaw (Appendix 2 and 3). The purpose of this application is to redesignate and rezone the subject parcel to allow for the consolidation of property and potential future expansion of institutional use. P-3 zone regulations are attached (Appendix 4) for reference.

BACKGROUND

The subject property is located on 22 Street NE, an area close to the Uptown commercial node characterized by residential, commercial and institutional uses. The Zoning Map attached shows the mix of zones in the immediate area, predominantly Residential (R-4 with R-1 and R-5), with Commercial zones further to the east. Adjacent zoning and land uses include the following:

| | | |
|--------|----------------|----------------------|
| North: | P-3 & R-1 | church & residential |
| East: | C-6 | commercial |
| West: | P-3, R-4 & R-5 | church & residential |
| South: | R-1 & P-3 | vacant |

The residential zoning of the subject property dates back to the 1970's, prior to the construction of the 11 Avenue NE frontage road of the TCH. The subject property is currently vacant, as shown in site photos attached as Appendix 5.

OCP POLICY

The proposed OCP amendment is from HC (Highway Service / Tourist Commercial) to Institutional (INS). The proposed amendment would align with the OCP's Community Services Objectives listed in Section 15.3, including providing institutional uses such as churches within the urban containment boundary, supporting compact communities through convenient access to transportation routes.

Section 475 & 476 - Local Government Act

Pursuant to Sections 475 and 476 of the Local Government Act (optional and mandatory consultation requirements during OCP amendments), the proposed OCP amendments were referred to the following organizations on July 25, 2019:

| | |
|--|--|
| Adams Lake Indian Band: | No response to date |
| Neskonlith Indian Band: | Response attached (Appendix 6) |
| Economic Development Society: | No objections - response attached (Appendix 7) |
| School District No. 83: (pursuant to Section 476) | No response to date |

Section 477 - Local Government Act

Pursuant to Section 477 of the Local Government Act (adoption procedures for an OCP amendment), prior to Second Reading of the bylaw, Council must consider the proposed OCP amendment in relation to the City's financial and waste management plans. In the opinion of staff, this proposed OCP amendment is largely consistent with both the City's financial and waste management plans.

COMMENTS

Ministry of Transportation and Infrastructure

Preliminary approval has been granted (Appendix 8).

Engineering Department

No concerns with rezoning. Comments attached (Appendix 9).

Fire Department

No Fire Department concerns.

Building Department

No concerns with rezoning.

Planning Department

The surrounding neighbourhood has been undergoing slow development with a mix of older, single family housing and newer condominium, institutional and commercial development, most significantly the uptown SASCU / Askew's location and the 21 Street NE underpass. At present, the subject parcel may be considered less ideal for Highway Service / Tourist Commercial development as presently designated, considering the size of the parcel, the vacant commercial lands within the commercial node established to the east, and the proximity of other institutional uses (including schools) as well as recent residential development.

It should be noted that there have been five OCP amendments in this general area since 2015 involving an amendment to commercial designated land. Including this proposal, if supported, approximately 1.25 hectares of land will have been redesignated from commercial to other (generally residential) land use designations, representing a minor erosion of commercial inventory in this uptown area. Overall however, considering all areas of the City, there has been a net increase of approximately 6 hectares of commercial land over a similar timeframe.

The intended use of subject parcel under application is for future institutional use, likely related to the current *church* use. The ultimate intent is to consolidate the properties to create a single lot for future development options under P-3 zoning. The applicant also anticipates that changing the land use designation as proposed could have some taxation benefits.

Official Community Plan

The OCP's Community Services policies detailed in Chapter 15 is supportive of institutional use, with the General Policies under section 15.3 supporting churches as proposed within the Urban Containment Boundary.

CONCLUSION

The proposed Institutional OCP designation and P-3 zoning of the subject property is consistent with the OCP and is therefore supported by staff.

Neskonlith Project Evaluation Guiding Principles

1. Secwepemc law, values and principles provide the primary context under which referrals will be evaluated.
2. Referrals will be evaluated using a consent-based approach as indicated by the Supreme Court of Canada in the Tsilhqot'in decision.
3. Assessments will consider impacts on ecosystem, landscape and watershed levels and will promote proactive management of Secwepemc land and resources from a Secwepemc perspective.
4. Decisions will be based on recognition, acceptance and preservation of the following:
 - United Nations Declaration on the Rights of Indigenous Peoples
 - Aboriginal Title and Rights as affirmed in the Supreme Court of Canada's Tsilhqot'in decision
 - Biodiversity Conservation
 - Connectivity and conservation of habitat
 - Cumulative impacts
 - Prevention of adverse impacts to Secwepemcúlecw Lands and Resources
 - Protection of cultural heritage
 - Protection of sensitive or endangered species and their habitat
 - Sustainable prosperity

NESKONLITH INDIAN BAND PERMIT APPLICATION

Permit Terms and Conditions

1. The Permit Holder is responsible for ensuring that all persons working on this project are familiar with "*Neskonlith Project Evaluation Guiding Principles*" see page 3 of application.
2. The Permit Holder is required at the outset of the project to develop a communication plan with the NIB Tmicw (Lands) department and band owned "Sk'atsin Resources".
3. The Permit Holder will make best efforts to work with Sk'atsin Resources to utilize a qualified NIB representative(s) to assist in conducting this project.
4. A representative appointed by the NIB Tmicw (Lands) Department may at any time, inspect and/or review any project being conducted under this Permit.
5. In the event, human remains are identified during this project, the Permit Holder must immediately stop work and stabilize disturbance of the remains. Inform the NIB Tmicw (Lands) Department.
6. The Permit Holder shall provide the NIB Tmicw (Lands) Department with updated or newly recorded British Columbia Archaeological Site Inventory Form(s) resulting from this project.
7. Prior to the Final Report, the Permit Holder will provide the NIB Tmicw (Lands) Department an opportunity to review and comment on proposed management recommendations relating to any cultural heritage sites and/or environmental concerns identified during this project.
8. Implementation and inclusion of editorial comments made by the NIB representatives regarding management recommendations and/or any other portion of the project report will be negotiated between the Permit Holder and the NIB representative, prior to report finalization.
9. All Final Reports are expected to meet or exceed the reporting standards developed by the Provincial Archaeology Branch. If Provincial reporting standards and/or guidelines are not applicable to this project, the Permit Holder is responsible for developing such standards/guidelines in consultation with the NIB's Tmicw (Lands) department.
10. The Permit Holder shall provide the NIB Tmicw (Lands) Department, with a copy of any Interim reports and Final Report (include NIB Permit number) for this project, prior to the permit expiration.
11. The Permit Holder is required to submit all project documentation such as; field notes, site forms, pictures, interim, and final reports in hardcopy and electronic .pdf format.

NESKONLITH INDIAN BAND PERMIT APPLICATION**Permit Terms and Conditions cont.**

12. The need for confidentiality will vary from project to project. Access and use of information contained in the Interim or Final Report may require a separate *Confidentiality or Information-Sharing agreement*. Therefore, all prospective Project Proponents/Permit Holders are to disclose the nature of proposed investigations and to outline the intended and potential uses of any information gathered.
13. Any project related disturbances of archaeological sites/project area must be mitigated (i.e. returned to their pre-existing state) upon completion of the project.
14. Permit amendments may be requested in writing on an 'as needed' basis.
15. Permit extension applications must be made 30 days prior to the expiry date.
16. Failure to comply with any of the above permit conditions, may affect future permit eligibility.

Dear Sir:

Re: OCP Amendment Application No OCP4000-40

The Salmon Arm Economic Development Society (SAEDS) Board of Directors has reviewed the information for the above-noted OCP Amendment Referral to amend the OCP designation of the property located at 1161 22 Street NE, Salmon Arm from Highway Commercial to Institutional and the zoning of the same property from R1 to P3. The Board has no objections to the application, based on the information provided.

We thank you for the opportunity to comment on this OCP Amendment Referral.

Sincerely,

Further to your referral dated July 25, 2019, we provide the following servicing information. The following comments and servicing requirements are not conditions for OCP or Zoning Applications; however, these comments are provided as a courtesy in advance of any development proceeding to the next stages.

General:

1. Full municipal services are required as noted herein. Owner / Developer to comply fully with the requirements of the Subdivision and Development Services Bylaw No 4163. Notwithstanding the comments contained in this referral, it is the applicant's responsibility to ensure these standards are met.
2. Comments provided below reflect the best available information. Detailed engineering data, or other information not available at this time, may change the contents of these comments.
3. Properties shall have all necessary public infrastructure installed to ensure properties can be serviced with underground electrical and telecommunication wiring upon development.
4. Property under the control and jurisdiction of the municipality shall be reinstated to City satisfaction.
5. Owner / Developer will be responsible for all costs incurred by the City of Salmon Arm during construction and inspections. This amount may be required prior to construction. Contact City Engineering Department for further clarification.
6. Erosion and Sediment Control measures will be required at time of construction. ESC plans to be approved by the City of Salmon Arm.
7. At the time of building permit the applicant will be required to submit for City review and approval a detailed site servicing / lot grading plan for all on-site (private) work. This plan will show such items as parking lot design, underground utility locations, pipe sizes, pipe elevations, pipe grades, catchbasin(s), control/containment of surface water, contours (as required), lot/corner elevations, impact on adjacent properties, etc.
8. For the off-site improvements at the time of building permit the applicant will be required to submit for City review and approval detailed engineered plans for all off-site construction work. These plans must be prepared by a qualified engineer. As a condition of subdivision /

building permit approval, the applicant will be required to deposit with the City funds equaling 125% of the estimated cost for all off-site construction work.

Roads / Access:

1. 22 Street NE, on the subject properties eastern boundary, is designated as Urban Local Road standard, with an ultimate 20.0m road dedication (10.0m on either side of road centerline). Available records indicate that no additional road dedication is required (to be confirmed by BCLS).
2. 22 Street NE is currently constructed to an Interim Local Paved Road standard. Upgrading to an Urban Local Road standard is required, in accordance with Specification Drawing No. RD-2. Upgrading may include, but is not limited to, street lighting. Owner / Developer is responsible for all associated costs.
3. 11 Avenue NE, on the subject properties southern boundary, is designated as Urban Local Road standard, with an ultimate 20.0m road dedication (10.0m on either side of road centerline). Available records indicate that no additional road dedication is required (to be confirmed by BCLS).
4. 11 Avenue NE is currently constructed to an Interim Urban Local Road standard. Upgrading to an Urban Local Road standard is required, in accordance with Specification Drawing No. RD-2. Upgrading may include, but is not limited to, street lighting. Owner / Developer is responsible for all associated costs.
5. Owner / Developer is responsible for ensuring all boulevards and driveways are graded at 2.0% towards the existing roadway.
6. No driveway access will be permitted onto 11 Avenue NE. Only 1 (one) driveway access will be permitted onto 22 Street NE. Relocation of existing letdown on 22 Street NE is permitted, no closer than 12.0m from intersection of 22 Street NE and 11 Ave NE. All unused driveways shall be removed. Owner / Developer responsible for all associated costs.

Water:

1. The subject property fronts a 400mm diameter Zone 2 watermain on 22 Street NE and 250mm diameter Zone 2 watermain on 11 Avenue NE. No upgrades will be required at this time.
2. The subject property is to be serviced by a single metered water service (minimum 25mm) connection (as per Specification Drawing No. W-10), adequately sized to satisfy the proposed use. Water meter will be supplied by the City at the time of building permit. Owner / Developer is responsible for all associated costs.

3. The subject property is in an area with sufficient fire flows and pressures according to the 2011 Water Study (OD&K 2012).
4. Fire protection requirements to be confirmed with the Building Department and Fire Department.

Sanitary:

1. The subject property fronts a 150mm diameter sanitary sewer on 22 Street NE. Since this section of sanitary sewer is the first run of pipe, has sufficient capacity and no further development is anticipated, no upgrades will be required at this time.
2. Records indicate that the existing property is not serviced by the City Sanitary System. Subject property is to be serviced by a single sanitary service connection adequately sized (minimum 100mm diameter) to satisfy the servicing requirements of the development. Owner / Developer's engineer may be required to prove that there is sufficient downstream capacity within the existing City Sanitary System to receive the proposed discharge from the development. Owner / Developer is responsible for all associated costs.
3. 2180 11 Avenue NE (located directly south of subject property) is not currently able to be serviced by City Sanitary System. Since this parcel is property of the City and no development is anticipated, no extension of the sanitary is required at this time.

Drainage:

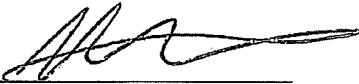

1. The subject property fronts a 450/525mm diameter storm sewer on 11 Avenue NE. A 600mm diameter storm sewer on 22 Street NE terminates approximately at the subject property's northern boundary. No upgrades or extension will be required at this time.
2. Records indicate that the existing property is not serviced by City Storm System.
3. An Integrated Stormwater Management Plan (ISMP) conforming to the requirements of the Subdivision and Development Servicing Bylaw No. 4163, Schedule B, Part 1, Section 7 shall be provided.
4. Where onsite disposal of stormwater is recommended by the ISMP, an "Alternative Stormwater System" shall be provided in accordance with Section 7.2.
5. Where discharge into the Municipal Stormwater Collection System is recommended by the ISMP, this shall be in accordance with Section 7.3. The subject property shall be serviced by a single storm service connection adequately sized (minimum 150mm) to satisfy the servicing requirements of the development. Owner / Developer's engineer may be required to prove that there is sufficient downstream capacity within the existing City Storm System to receive the proposed discharge from the development.
