Subject: Online Form Submittal: Mayor and Council

Mayor and Council

First Name	Garry
Last Name	Pawluck
Address:	[REDACTED]
Return email address:	[REDACTED]
Subject:	Canoe Beach and the sound of the CPR trains as they pass through that corridor
Body	<p>I know there are plans in development for Canoe Beach. Is a sound barrier in those plans? I believe it would be a huge benefit to those who enjoy going to Canoe Beach. Would it be possible to have one erected on the north side of the CPR between it and the beach corridor. This would be a great benefit to all residents and tourists. You have all probably seen an example along Freeways and housing developments. There may be other options for deflecting and soundproofing. Salmon Arm's Adam Integrated Industry is a leader in this area. Think about sitting on Canoe Beach and actually hear your family or friend while the train is cruising by.</p>
Would you like a response:	Yes

Subject: Secwepemc Landmarks Draft Signage for review

Good morning Rob,

Attached below is the draft signage for the Secwepemc Landmarks Project, as requested for the 12 July 2021 City of Salmon Arm Council meeting. The signage attached below has been reviewed and approved by the Secwepemc Lakes Elders Advisory Committee and the three bands (Adams Lake Band, Neskonlith Band, and Splatšín) as well as reviewed by Little Shuswap Lake Band and RJ Haney Heritage (RJ Haney Heritage reviewed the signage for their location).

The locations are as follows:

1. Písell (Trout) Landmark: RJ Haney Heritage
2. Sxwesméllp Landmark: Salmon Arm Marine Peace Park
3. Peptneltcw (Tule) Landmark: Little Mountain

Would Tkwmiple7 Shelley and I need to be present on the call from 4pm-5pm for the Council Correspondence portion of the meeting?

Thanks so much, and looking forward to feedback from Salmon Arm City Council.

Best wishes,

Libby

Libby Jay Chisholm (she/her)
M.A. Environmental Studies
Gratefully living & working in Secwepemcúlecw, unceded Secwepemc territory.

Secwepemcúlcw

LAND OF THE SECWÉPEMC PEOPLE

"Secwépemc ("the spread-out people"), a nation of 32 Salish speaking communities that have been divided into 17 bands by the Indian Act, are 10,000 people strong and growing. Before contact with Europeans, the original population is estimated at 25,000 people, drastically reduced to 7,000 due to the 1862 smallpox epidemic. Traditional Secwépemc territory spans approximately 180,000 squared kilometres (112,000 squared miles) which includes the headwaters of the two largest river systems in British Columbia; the Columbia and Fraser River valleys, and extends south to the Arrow Lakes. Secwépemc have occupied their territory, Secwepemcúlcw, for over 10,000 years and have never signed away, ceded or sold their land or territory." (SNTC and the Pespeséllkwe Elders Advisory Committee)

Písell Landmark

Písell means trout in Secwepemtsín (our Secwépemc language). Prior to the R.J. Haney Heritage House, this area was once a marsh area and landlocked lake where Secwépemc families would come to fish for brook trout and whitefish. This area was later drained for agricultural use.

Secwépemc Elders also remember harvesting a wide variety of berries here, as well as *kwtéllp* or *kwetállp* (bulrush), *peptnéltcw* (tule), and *s7estq̓w* or *stínestn* (cedar) roots. Tule are prized by Secwépemc weavers for mats and lodge coverings, salmon smoking huts, and sacks for storing vegetables in the winter; and cedar roots continue to be skillfully dug and woven by master basket makers.

A wide variety of culturally significant plants continue to grow here today, including *qépcw* or *ctsaq'amúml t'e qapq̓w* (hazelnut, *Corylus cornuta*), *qwillínlp* or *quqlílln'lp* (paper birch, *Betula papyrifera*), *s7estq̓w* or *stínestn* (western red cedar, *Thuja plicata*), and *skeplé7llp* or *sk'p7alál7llp* (wild rose bush, e.g., *Rosa acicularis*, *R. gymnocarpa*, *R. nutkana*, *R. woodsii*). Visit R.J. Haney Heritage Village & Museum for a copy of the trail guide to learn more about these plants.

Note: Pespeséllkwe (Lakes) Secwépemc Knowledge Holders, who are part of the larger Secwépemc Nation, have rights and responsibilities to the cultural knowledges and symbols included in this project. Any Intellectual Property Rights associated with these Secwépemc cultural knowledges and symbols inherently belong to the Secwépemc people and cannot be copied or adapted without permission.

Photo of Trout?

Background on Secwépemc Landmarks Project

The purpose of the Secwépemc Landmarks project is, in the spirit of reconciliation, to create awareness of Secwépemc presence in Secwepemcúlcw through a series of Landmark sculptures. These Landmarks were designed with the guidance of the Pespeséllkwe Elders Advisory Committee, and by a team of Secwépemc and settler sculpture artists. They are situated at key, highly visited areas, and have viewing portals that identify Secwépemc place names, culture and stories throughout the Shuswap Lakes region.

These Secwépemc Landmarks are shaped like the Coyote Rocks, rock formations that are of cultural significance to the Secwépemc Nation. *Seklép*, *Sklep*, *Senxúwlecw* (Coyote) is well known as a trickster in Secwépemc *stspékwle* or *stspákwe* ("oral histories"). This rose granite Coyote Rock sculpture symbolizes Secwépemc presence and enduring connection to land. The metalwork attached to the Coyote Rock represents settler presence and the importance of working together; and highlights place names, stories, and relationships that interconnect Secwépemc people, land, and their relatives (e.g., plants, and animals in Secwepemcúlcw).

Secwepemcúlcw

LAND OF THE SECWÉPEMC PEOPLE

"Secwépemc ("the spread-out people"), a nation of 32 Salish speaking communities that have been divided into 17 bands by the Indian Act, are 10,000 people strong and growing. Secwépemc have occupied their territory, Secwepemcúlcw, for over 10,000 years and have never signed away, ceded or sold their land or territory." (SNTC and the Pespeséllkwe Elders Advisory Committee)

Pep̓néłtcw Landmark

Pep̓néłtcw means tule (*Schoenoplectus tabernaemontani*) in the Eastern Secwepemc̓sín (a dialect of the Secwépemc language). Secwépemc Elders remember the area around Little Mountain as a larger marsh with turtles, *pep̓néłtcw*, and *kwtéllp* or *kwetállp* bulrush, before much of the marsh was drained.

Pep̓néłtcw are considered to be very valuable among Secwépemc weavers, who harvest these plants in the summer and fall. *Pep̓néłtcw* are also part of the Secwépemc *stsptékwle* or *stsptákwle* ("oral histories") called "the Girls who keep Running Away".

Pep̓néłtcw are not as common around Shuswap Lake as they once were, however they continue to be used for weaving as well as provide a good food source for waterfowl.

Note: Pespeséllkwe (Lakes) Secwépemc Knowledge Holders, who are part of the larger Secwépemc Nation, have rights and responsibilities to the cultural knowledges and symbols included in this project. Any Intellectual Property Rights associated with these Secwépemc cultural knowledges and symbols inherently belong to the Secwépemc people and cannot be copied or adapted without permission.

Secwépmc have occupied their territory, Secwepemcúlcw, for over 10,000 years and have never signed away, ceded or sold their land or territory." (SNTC and the Pespeséllkwe Elders Advisory Committee)

Sxwesmélp Monument

Sxwesmélp, also known today as *Sxwetsmélp*, Switsmalph, or Switzmalph, means "soopolallie bush" in Secwepemcúlcw (our Secwépmc language), and refers to the area around the confluence of the Salmon River and Shuswap Lake. Oral histories teach about *Sxwesmélp* as a gathering place for Secwépmc families, who cultivate *sxúse* or *sxúsa* (soopolallie berries), *this* (highbush cranberries), and many other plants here. Fishing weirs were also built along the Salmon River for selectively harvesting salmon and taking only what was needed; leaving the rest to continue their journey.

The establishment of the Indian Reserve system, and laws restricting First Nations people from leaving reserves or accessing culturally significant foods, fractured many relationships between Secwépmc communities, families, and their lands and waters. Diversions to the Salmon River for agriculture, railroads, and other development have also altered the social and ecological integrity of the Salmon River Delta, and the continued habitat availability for many culturally significant plants, salmon, and ecosystems. *Sxwesmélp* teaches about landscape changes, as well as the continued importance of this place to past, present, and future generations of Secwépmc and the many plants and animals that share this landscape.

Note: Pespeséllkwe (Lakes) Secwépmc Knowledge Holders, who are part of the larger Secwépmc Nation, have rights and responsibilities to the cultural knowledges and symbols included in this project. Any Intellectual Property Rights associated with these Secwépmc cultural knowledges and symbols inherently belong to the Secwépmc people and cannot be copied or adapted without permission.

Subject: Request for City Council's permission to use the Blackburn Park Picnic Shelter on Saturday, July 31, 4:30 p.m. to 7:30 p.m. - Refugee Settlement Pot Luck Supper Social for Hajali-Mustafa-Ossi families

Good morning Caylee,

I have confirmed with the event organizers that Saturday evening, July 31, 2021, from approx. 4:30 p.m. to 7:30 p.m. is the date and time local refugee settlement supporters would like to use Blackburn Park's Picnic Shelter as the venue for a Pot Luck Social.

We expect approximately 35-40 people including the two new-comer Kurdish-Syrian families who arrived in Salmon Arm on May 31, their relatives who settled here in February 2016 and local settlement supporters and their families.

I understand that no on-site food cooking is permitted.

Thanks for presenting this request to City Councillors for their consideration.

Please call or email me if you have any questions.

George Zorn – Hajali-Mustafa-Ossi families settlement committee supporter

Subject: Blackburn Booking

Thank you for returning my call earlier this morning.

We are looking at booking Blackburn park gazebo on July 15 from 630-930 pm.
We may have snacks there if not (non-alcoholic) beverages.
It is just going to be a meet and greet for a group of LGBT people to meet each other.
I am assuming we would be under 20 people that would attend.
I just spoke to the founder of our organization and she said that because we are a registered non-profit organization that we already have the million dollar liability insurance.

The Honourable George Heyman
Minister of Environment and Climate Change Strategy
PO Box 9047 Stn. Prov. Gov.
Victoria BC V8W 9E2

RE: BC Climate Action Revenue Incentive Program (CARIP)

Dear Ministers Osborne and Heyman,

The recent decision to discontinue the Climate Action Revenue Incentive Program (CARIP) has the District of Peachland deeply concerned, as this decision will impact our municipality's ability to reach our climate action goals and targets.

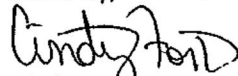

The District has used CARIP funding for numerous initiatives including the addition of an Electric Utility Vehicle to the District's fleet, installation of LED street lights, and the development of a Community Energy and Emissions Plan (CEEP) that will aid in improving energy efficiency, reduce green house gas emissions, and foster local green energy solutions.

The Province's decision to end CARIP will have negative implications for communities across BC. The most significant of these is the loss of reliable, consistent, and flexible funding. Without funding through CARIP many communities will be unable to continue the work that they are doing to reach climate action goals and targets as mandated by the Province. While there may be climate-related grants available, now and in the future, they often require an extensive application process, and our acceptance for a grant can not be relied upon or anticipated when planning our climate action goals.

Moving forward, Peachland Council recommends consultation with BC Municipalities in order to develop an alternative program with the same consistency and reliability. A simplified process for applying and reporting is also encouraged.

Peachland Council strongly urges the Province of BC to reinstate CARIP until such time as consultation with local governments is complete and an alternate program is established.

Sincerely,

A handwritten signature in black ink, appearing to read "Cindy Fortin".

Sent Via E-Mail to: Patty.Hajdu@parl.gc.ca

The Honourable Patty Hajdu
Federal Minister of Health
House of Commons
Ottawa, ON K1A 0A6

Dear Ms. Hajdu:

Re: Support for 988, A 3-Digit Suicide and Crisis Prevention Hotline

This letter is written to advise that, Council, at its June 14, 2021, Regular Council Meeting passed the following motion supporting the Federal government's proposed National three-digit suicide and crisis line initiative:

Whereas the Federal government has passed a motion to adopt 988, a National three-digit suicide and crisis hotline; and

Whereas the ongoing COVID-19 pandemic has increased the demand for suicide prevention services by 200 per cent; and

Whereas existing suicide prevention hotlines require the user to remember a 10-digit number and go through directories or be placed on hold; and

Whereas in 2022 the United States will have in place a National 988 crisis hotline; and

Whereas The Council of the City of Colwood recognizes that it is a significant and important initiative to ensure critical barriers are removed to those in a crisis and seeking help; and

Now therefore be it resolved that the Council of the City of Colwood endorses this 988-crisis line initiative.

Yours truly,

Rob Martin,
Mayor.
