

le poisson représente le "salmon" parti de Salmon Arm, et les indigènes car il faisait beaucoup de pêche pour les salmon. L'eau représente le lac, car ont vit très proche. Et le soleil représente les beau conditions et comment c'est un ville petit mais contente et plein de bonne choses et personnes.

In this proposed flag idea, I used the same colours that are on the current Salmon Arm flag, but in a way that better adheres to the guidelines of a good flag. The Ida mountain range symbolises growth and big ideas, and the salmon symbolizes the sense of community, as well as represents the species that sustained the people here for so many years.

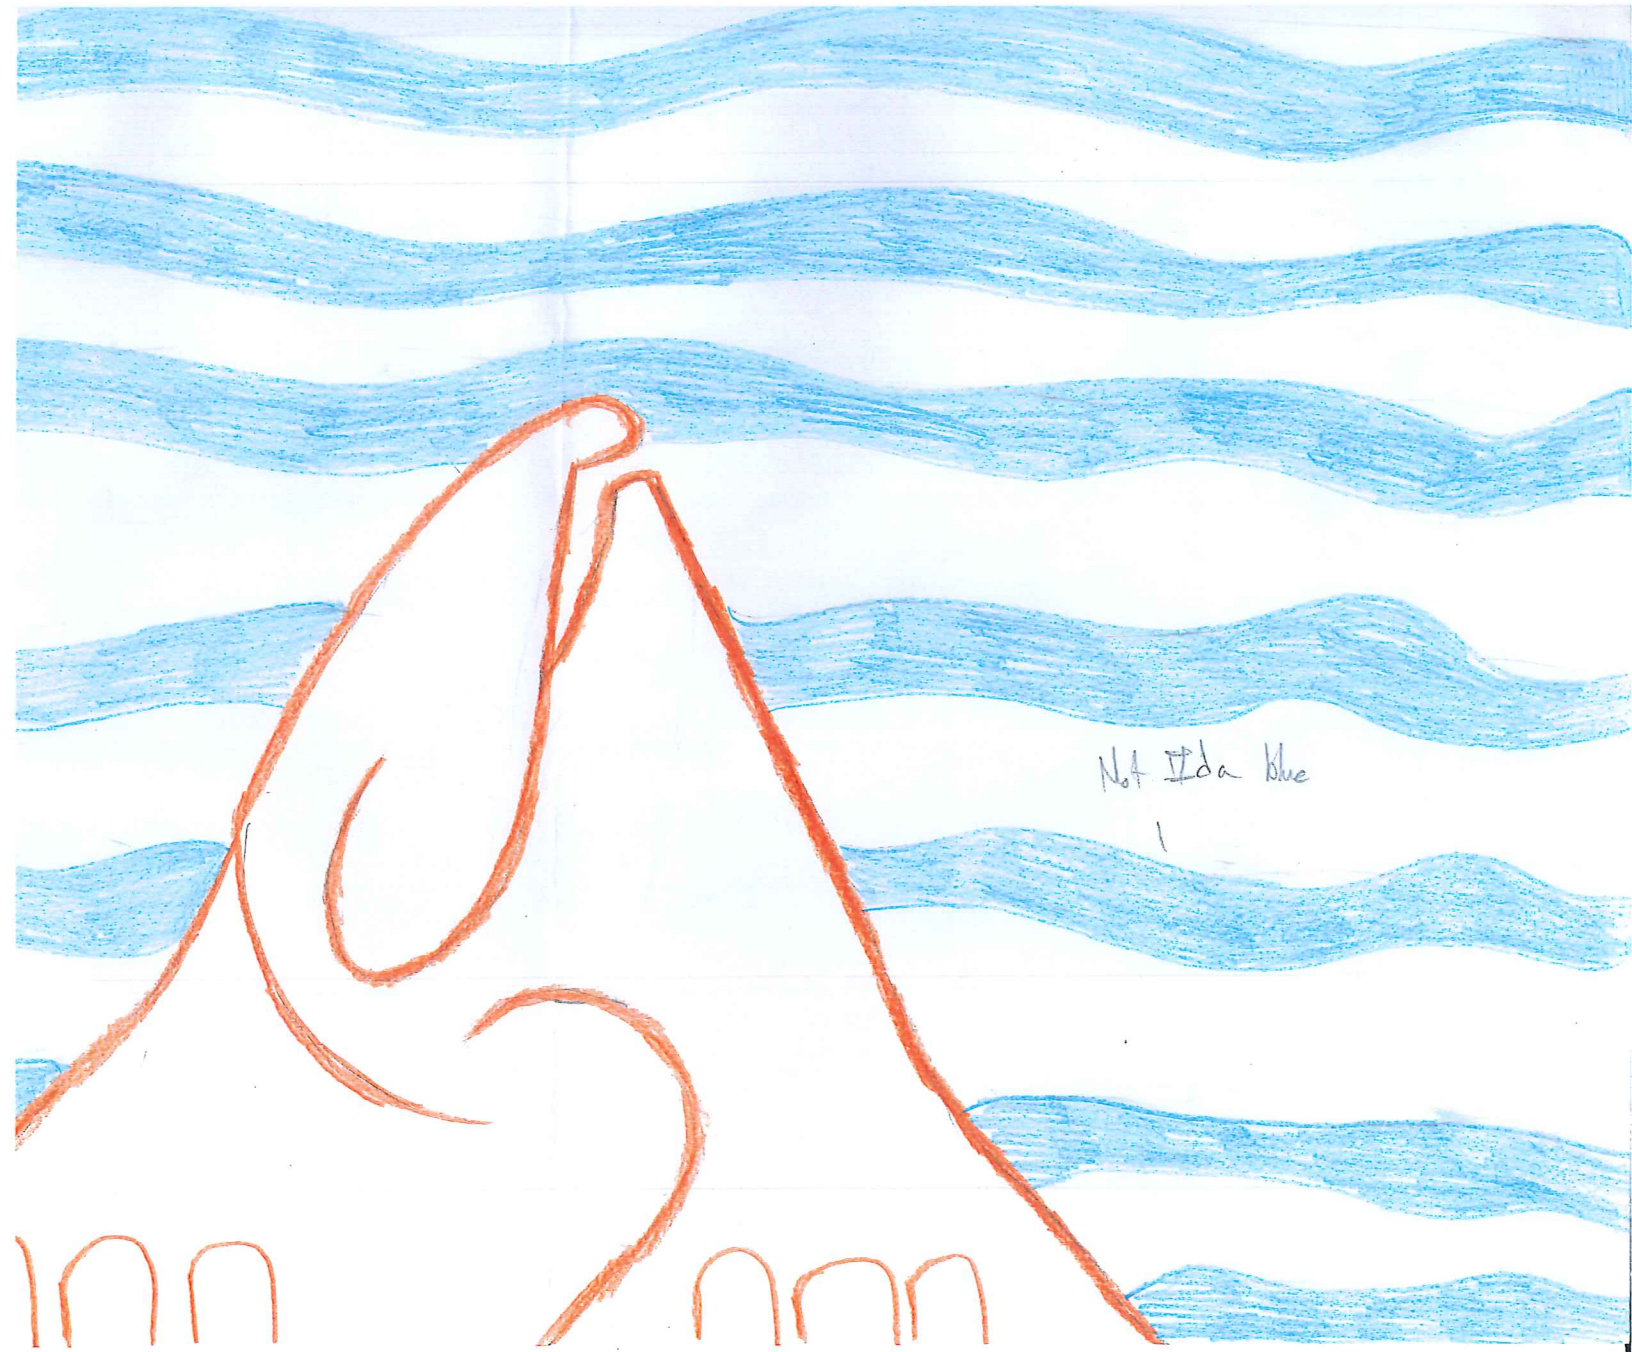

Blue stripes: Shuswap Lake, Water

Fish mountain hybrid: For the name "Salmon" Arm, and
mountain for Mount Ida

Colors: I have no idea about the orange but the blue
is Ida blue, for mount Ida. Clever.

The little jumps on the bottom: they mean person, it's an
indigenous/aboriginal symbol

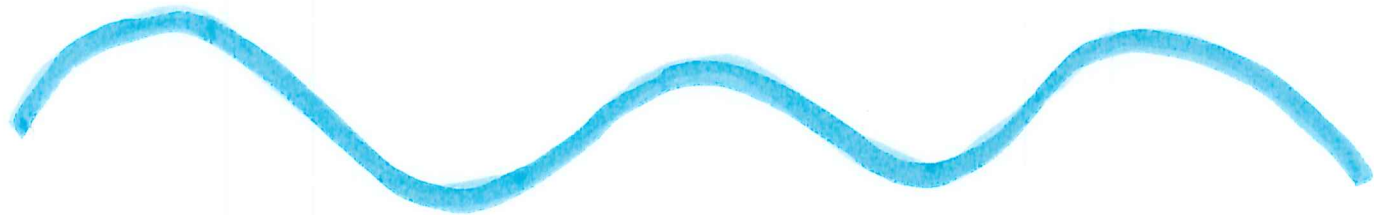

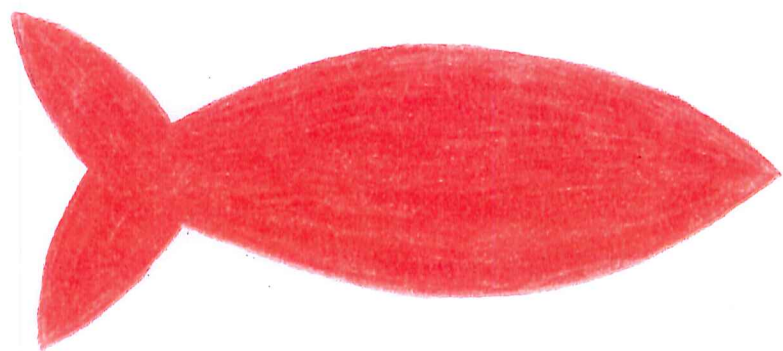

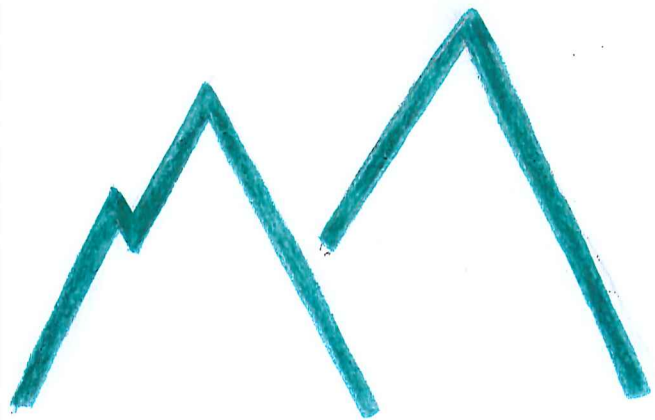

Not Ida blue

1

Life is a pony.
Bagel bites.

Les montagne vert symbolisé Mt. Ida, et la
saumon symbolisé l'importance et la signification
des cours de saumon. (ça va être l'orange de
salmon Arm.) Le bleu vague est les rivières que
les saumons nagé dans, et la lac shuswap, car c'est
un grand attraction des touristes. (ça va être le bleu d'Ida)

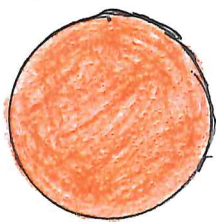

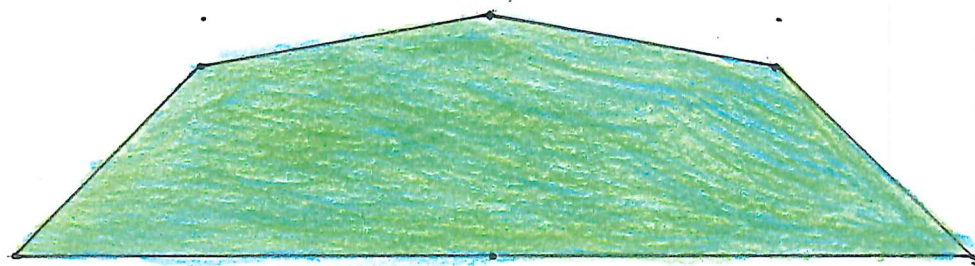

Le ~~monte~~ cercle représente que la ville de Salmon Arm
est entourer par des montagnes. Ça aussi représente
qu'on a 4 saisons.

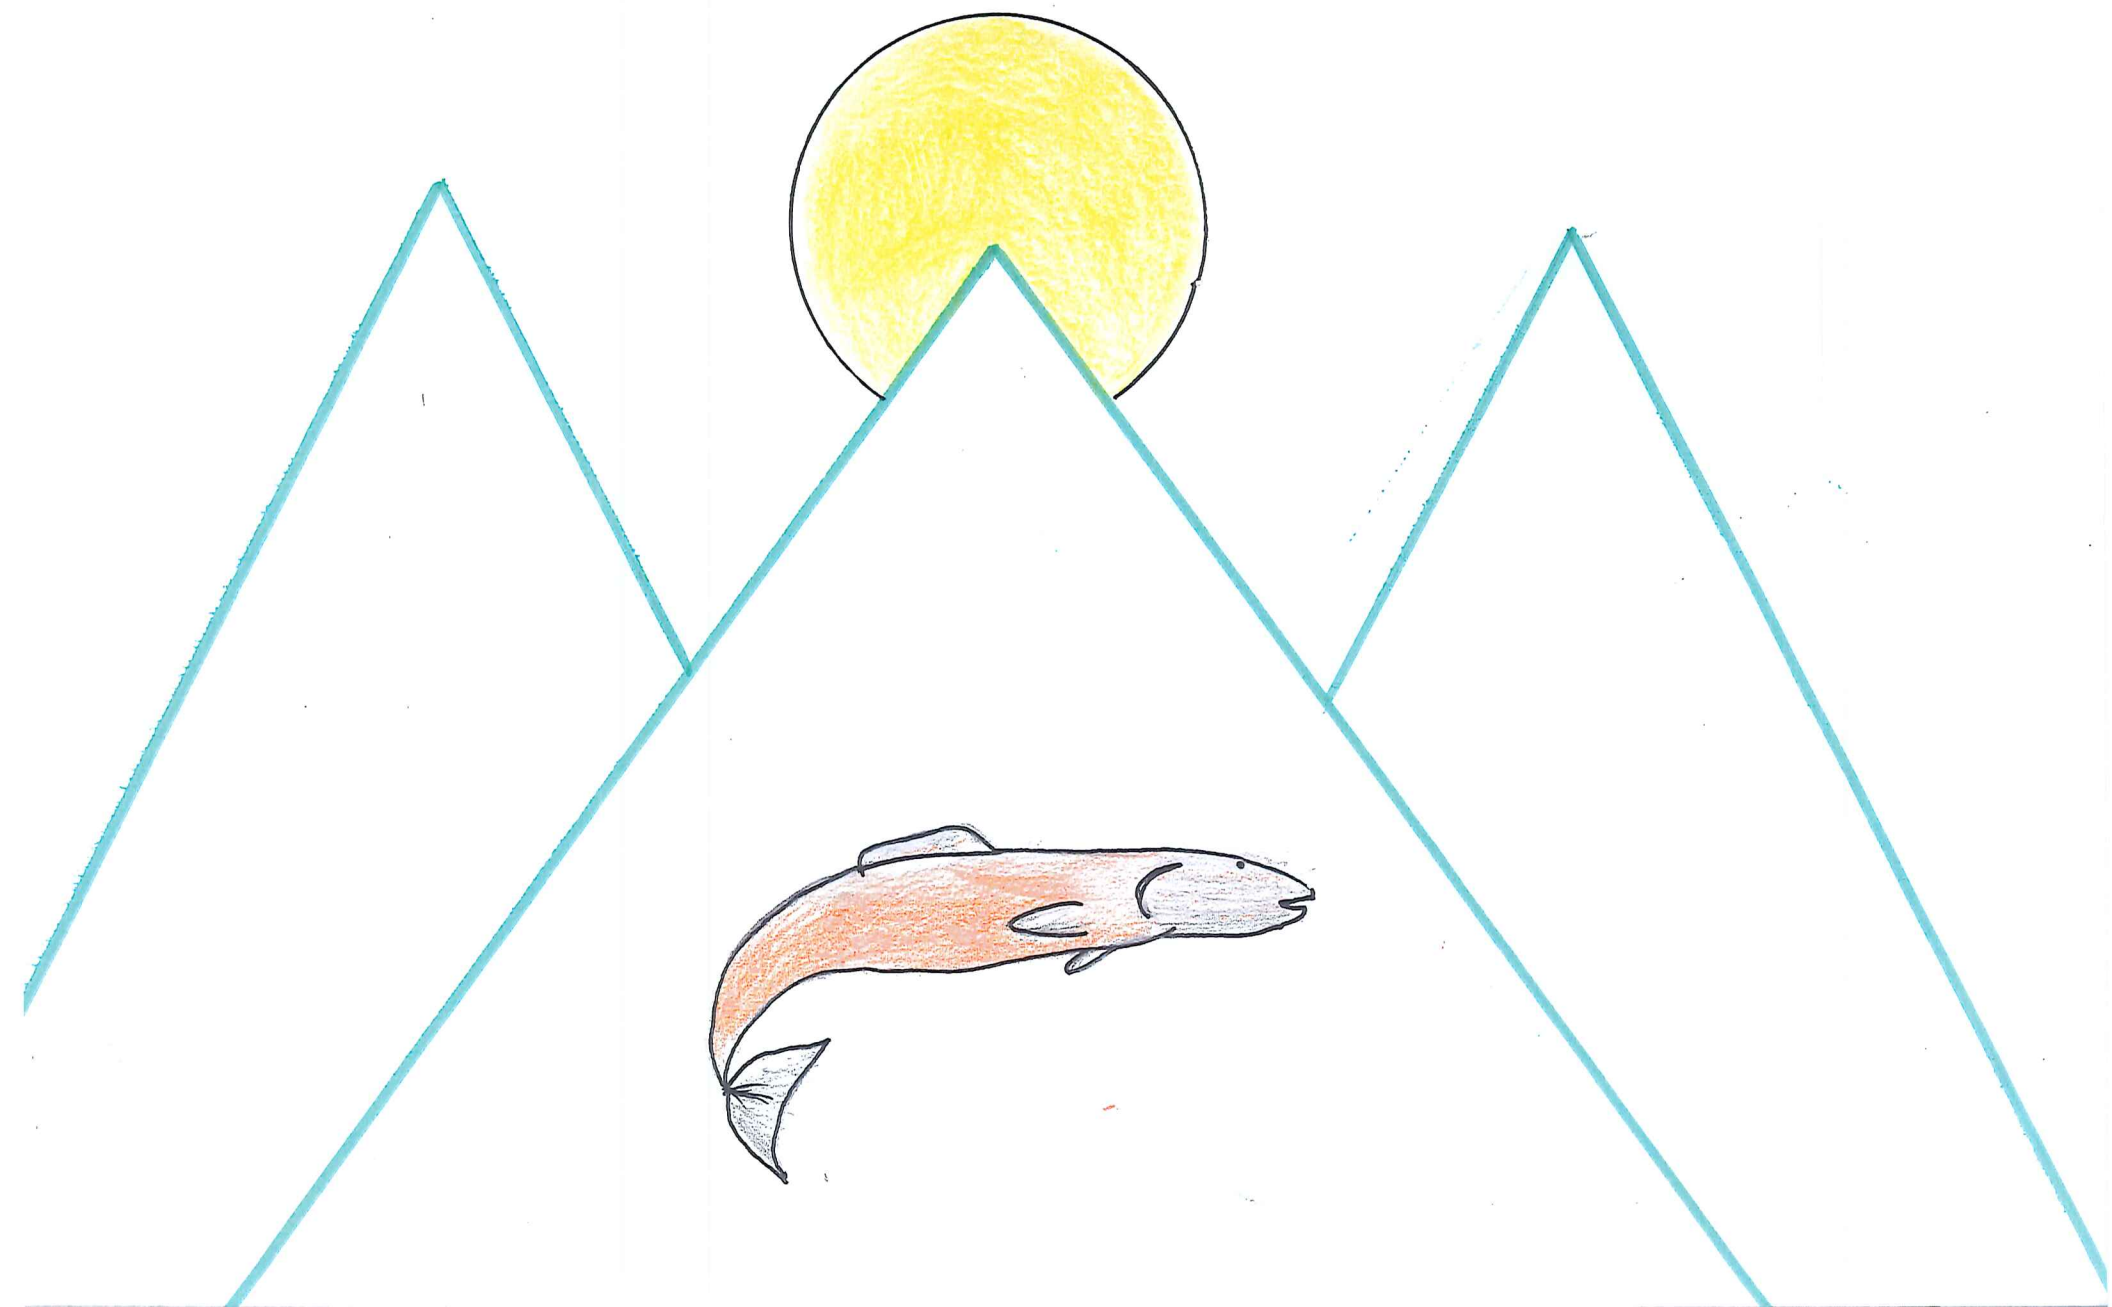

Le canal représente que la ville de Salmon Arm
est sur la territoire non-cédé des Secwepemc.

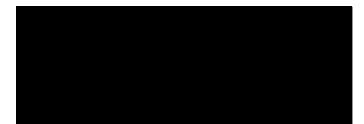

The mountains symbolize the mountains that surround us as well as Mount Ida. The salmon is symbolique to indigenous people and it also includes the name of our town. The sun is a representation of the sun on the flag of British Columbia.

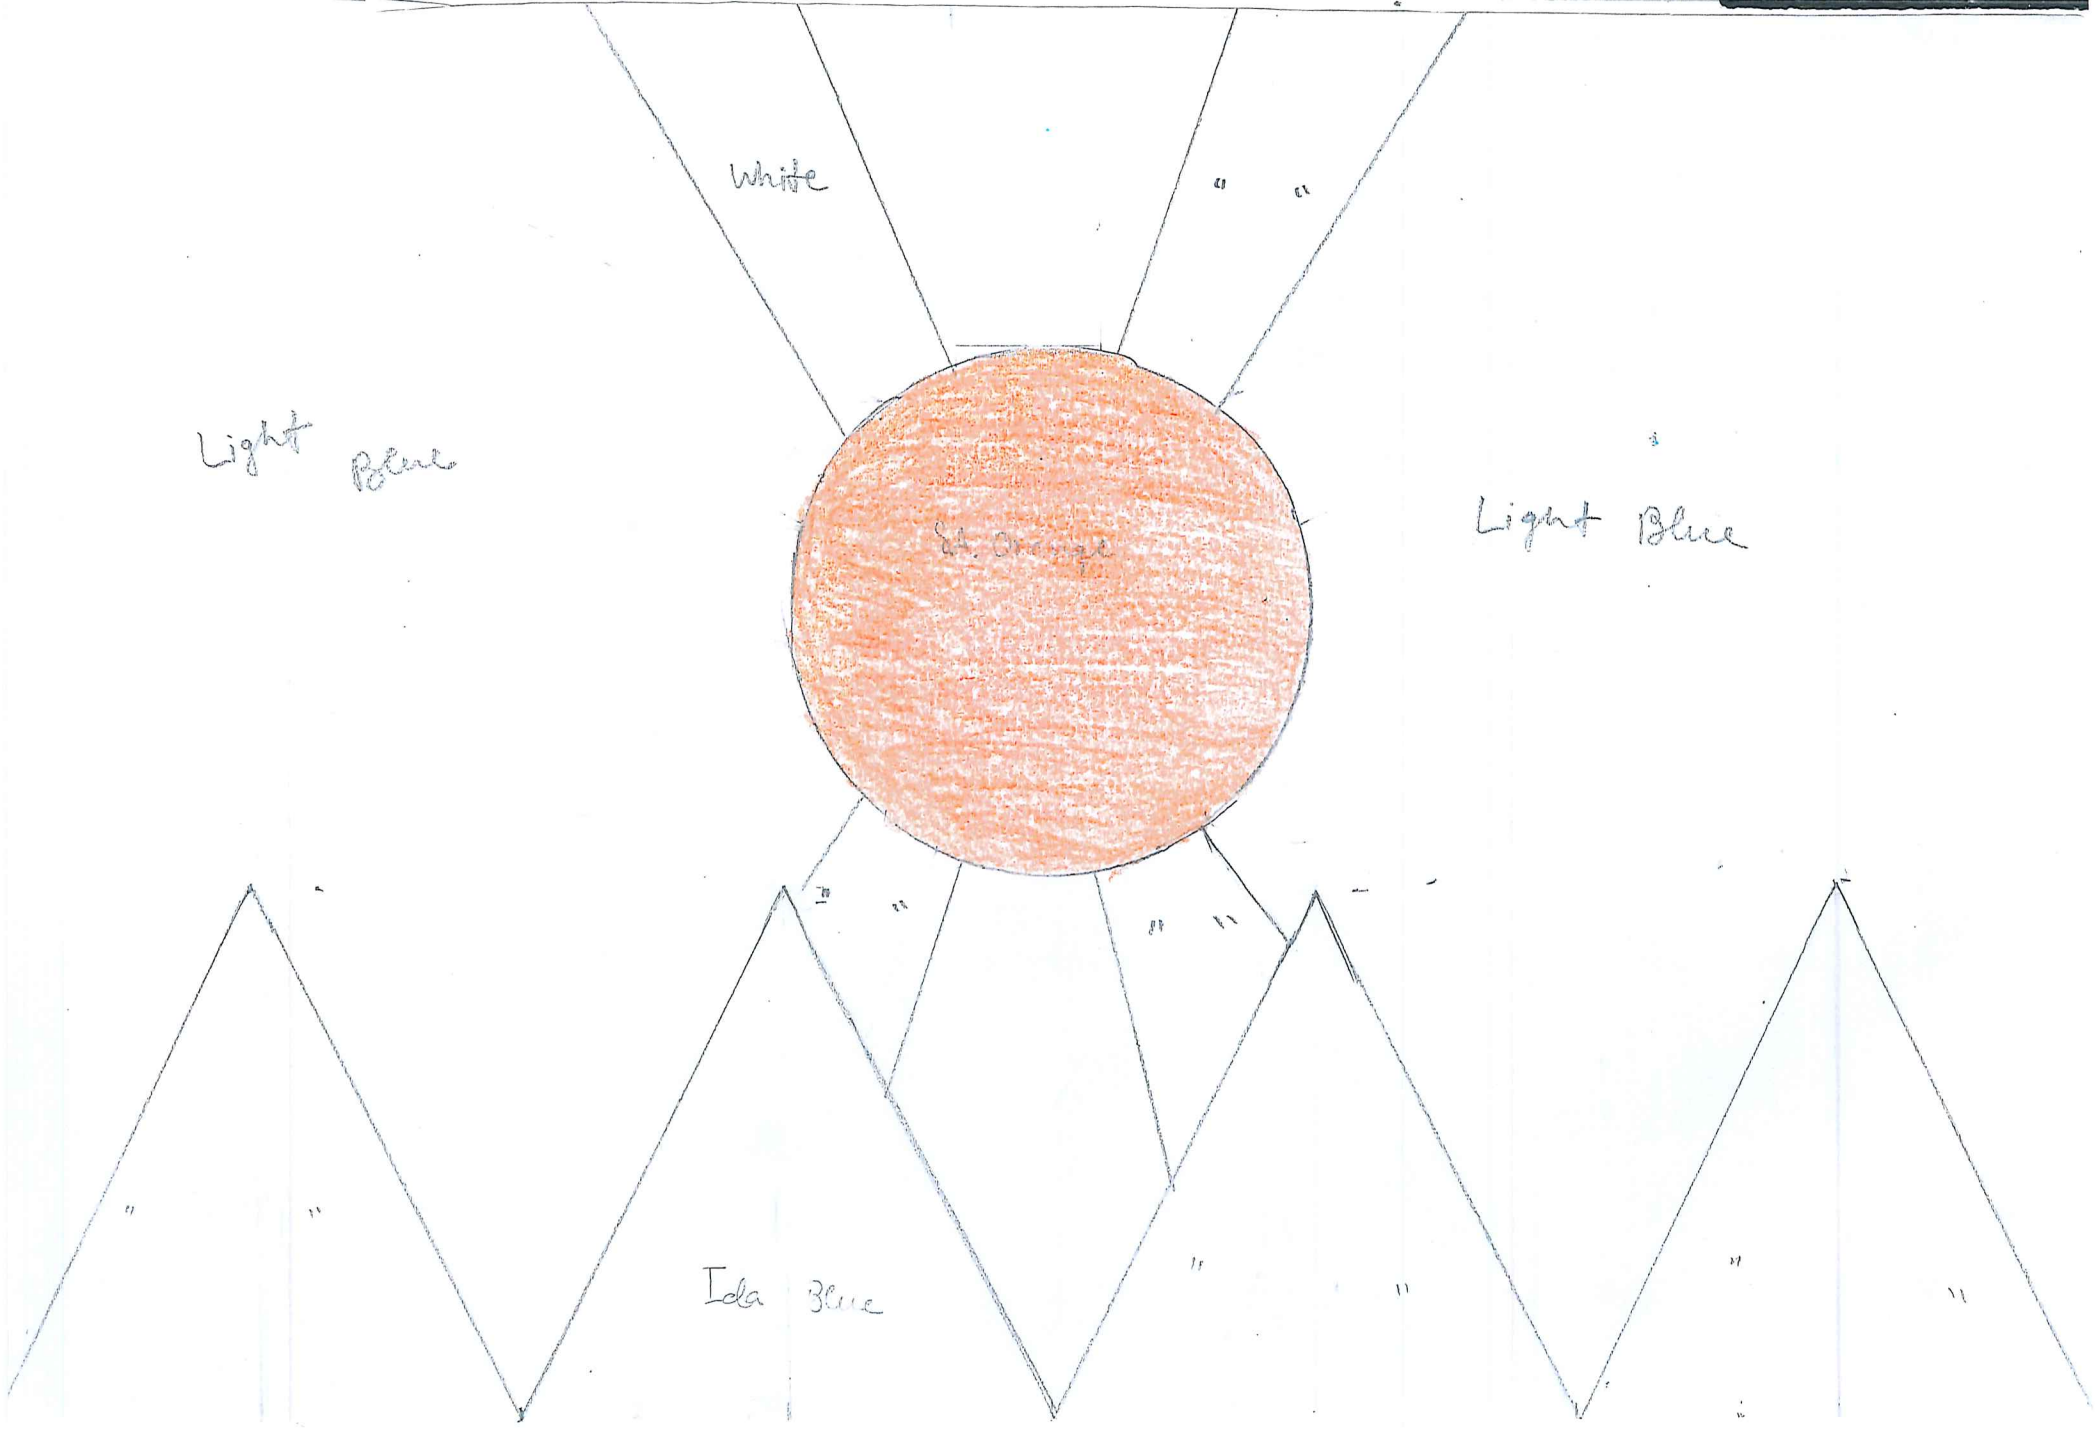

* mountains should be filled with a blue.

The four triangles on the bottom represent the four mountains surrounding us.

- The circle in the middle represents the sun that is here so often all year round.
- The four stripes leading away from the centre represent the four arms of Lake Zhushuap.
- The light blue background represents the bright blue sky.

Blue

mountains
for the sur-
rounding
area

color:
Salmon

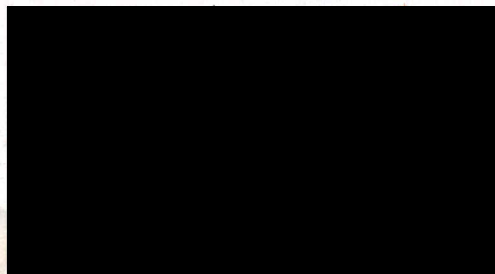

Salmon
for our rivers
and indigenous
people

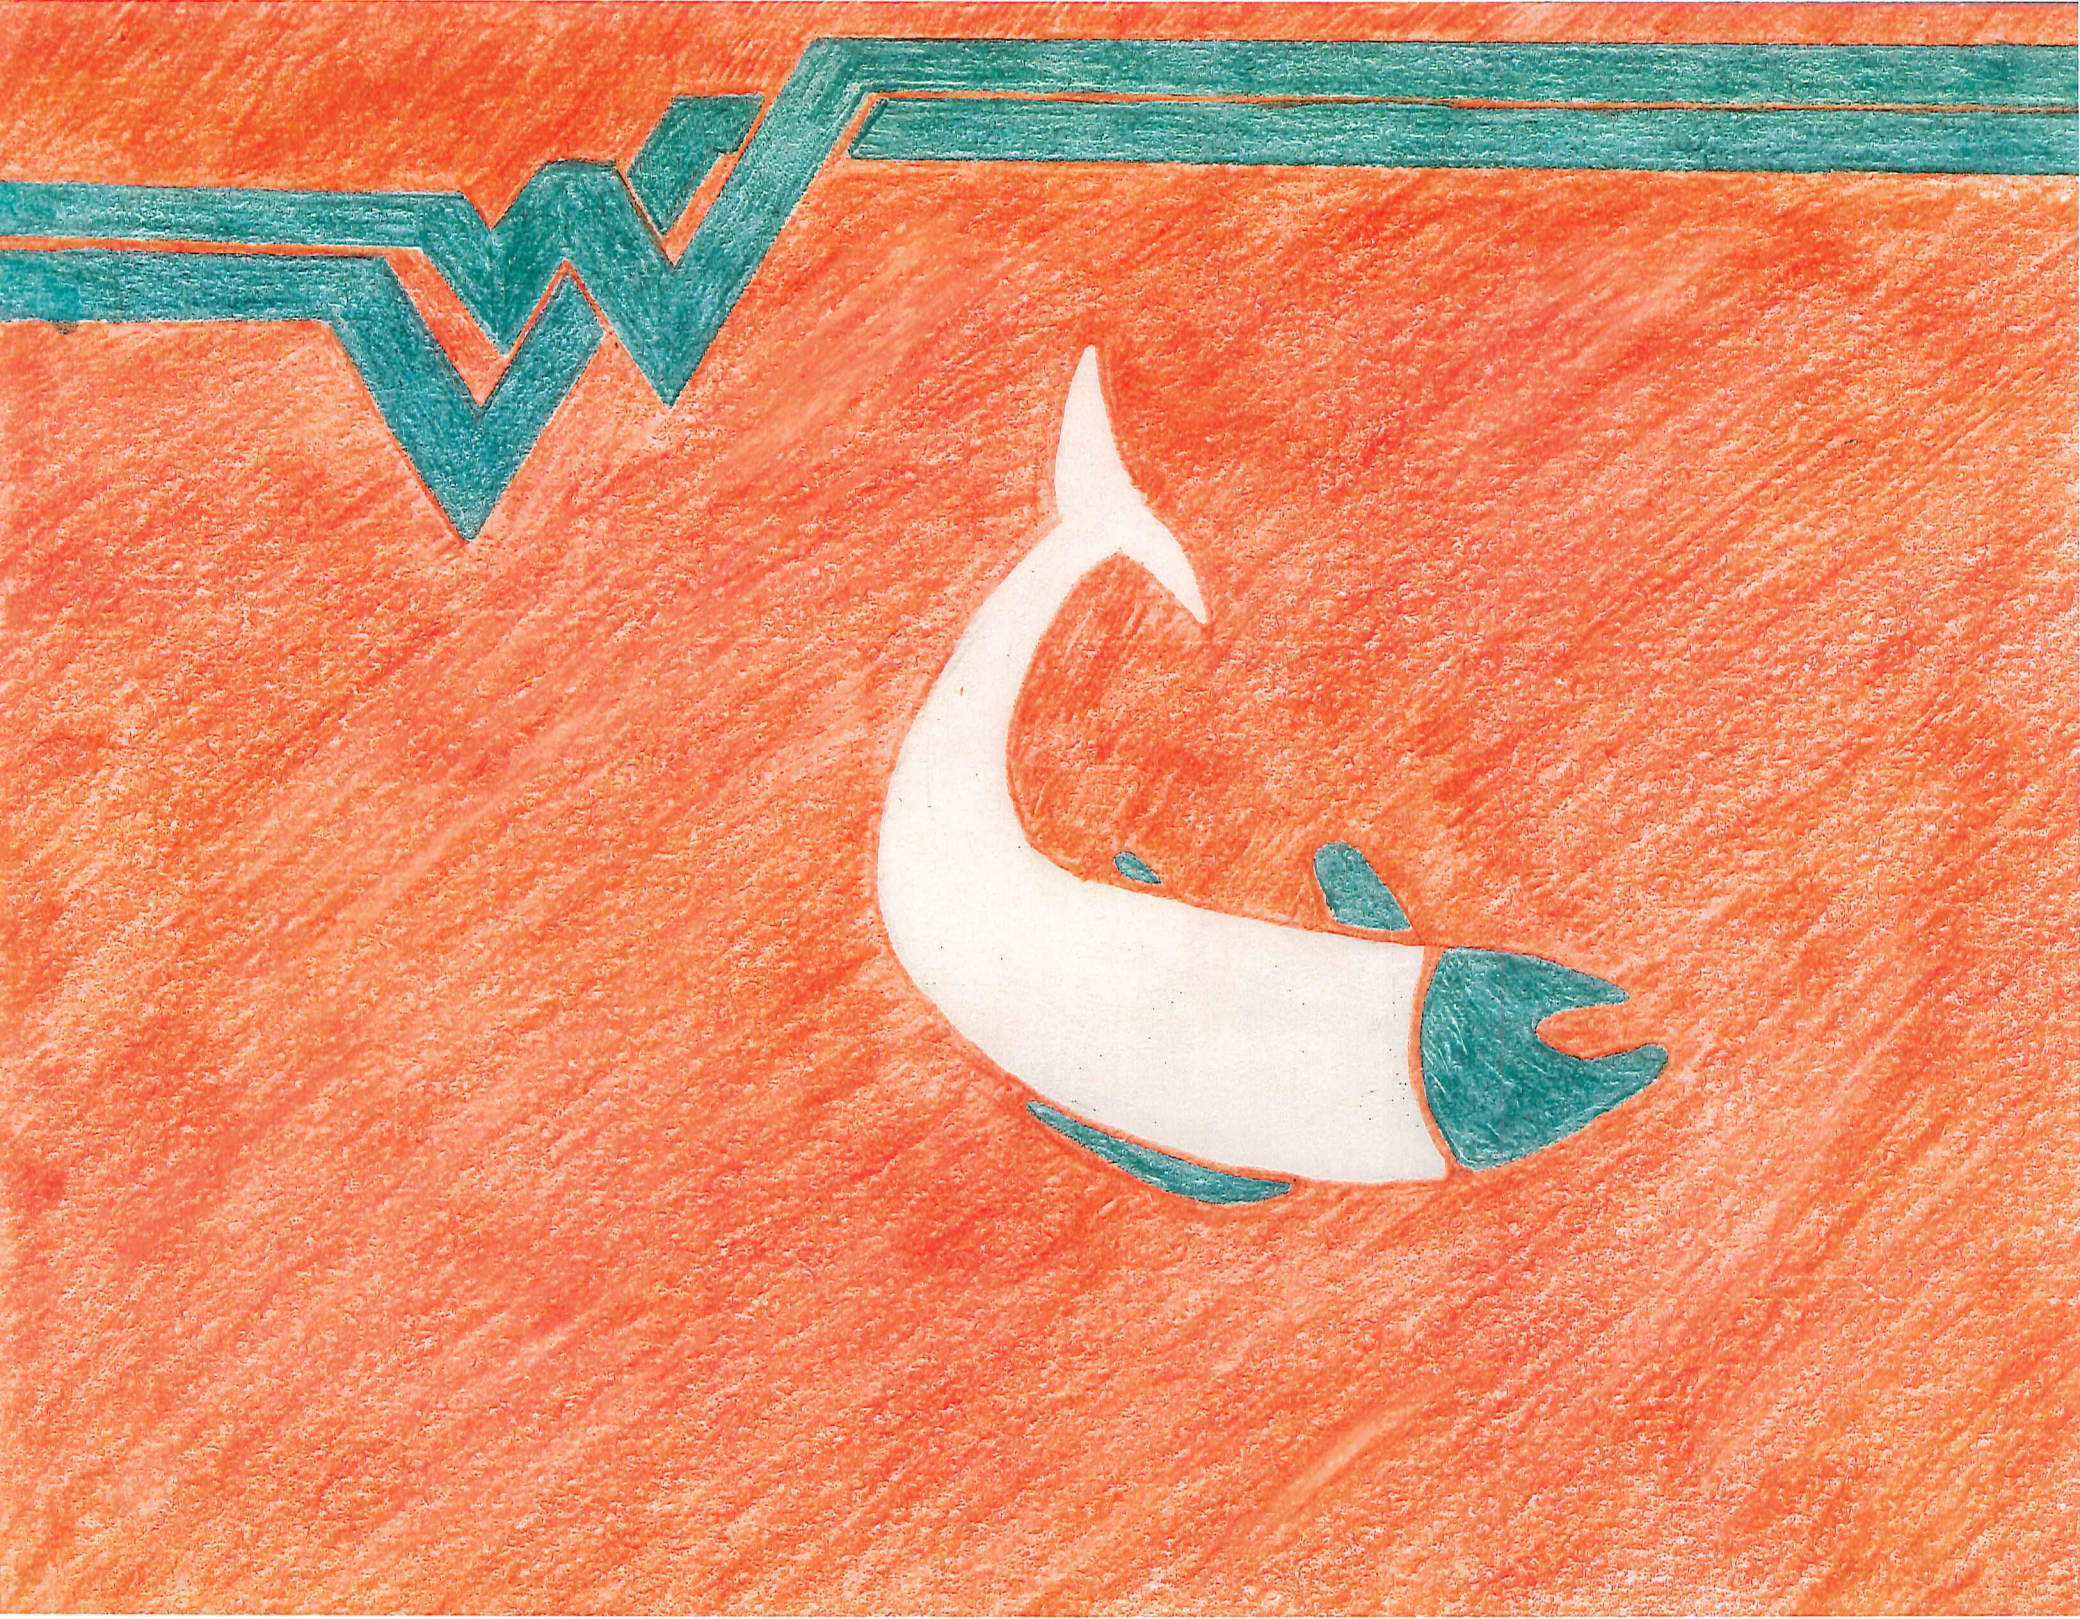

Orange: recalling the indigenous community in SA and surrounding areas

Blue: Mt. Ida blue, because mt. Ida blue

Mountains: Mountains (except mt. Ida, because it already has it's own colour)

Salmon: Salmon(!)

OUR FLAG

The mountains on our flag symbolize that Salmon Arm is a small city out in the country with lots of trails and opportunities for adventure. The mountains also represent the big ideas and growth of our small community. The salmon symbolizes that our community works together as one like salmon. The Salish art represents that we are all living and learning on the unceded territory of the Secwepmec peoples.

of a Salmon

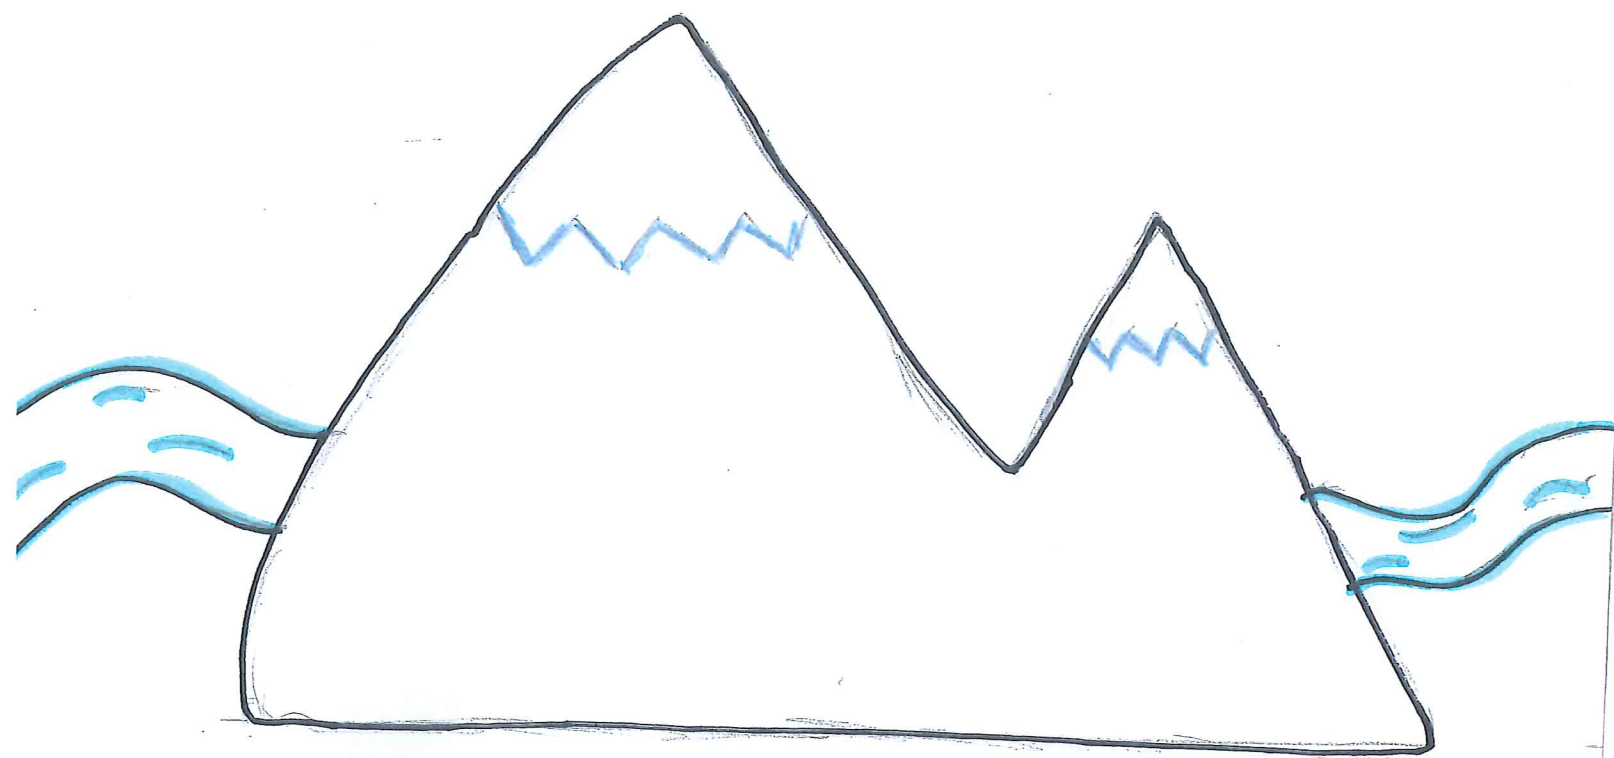

← ida

Evangeline

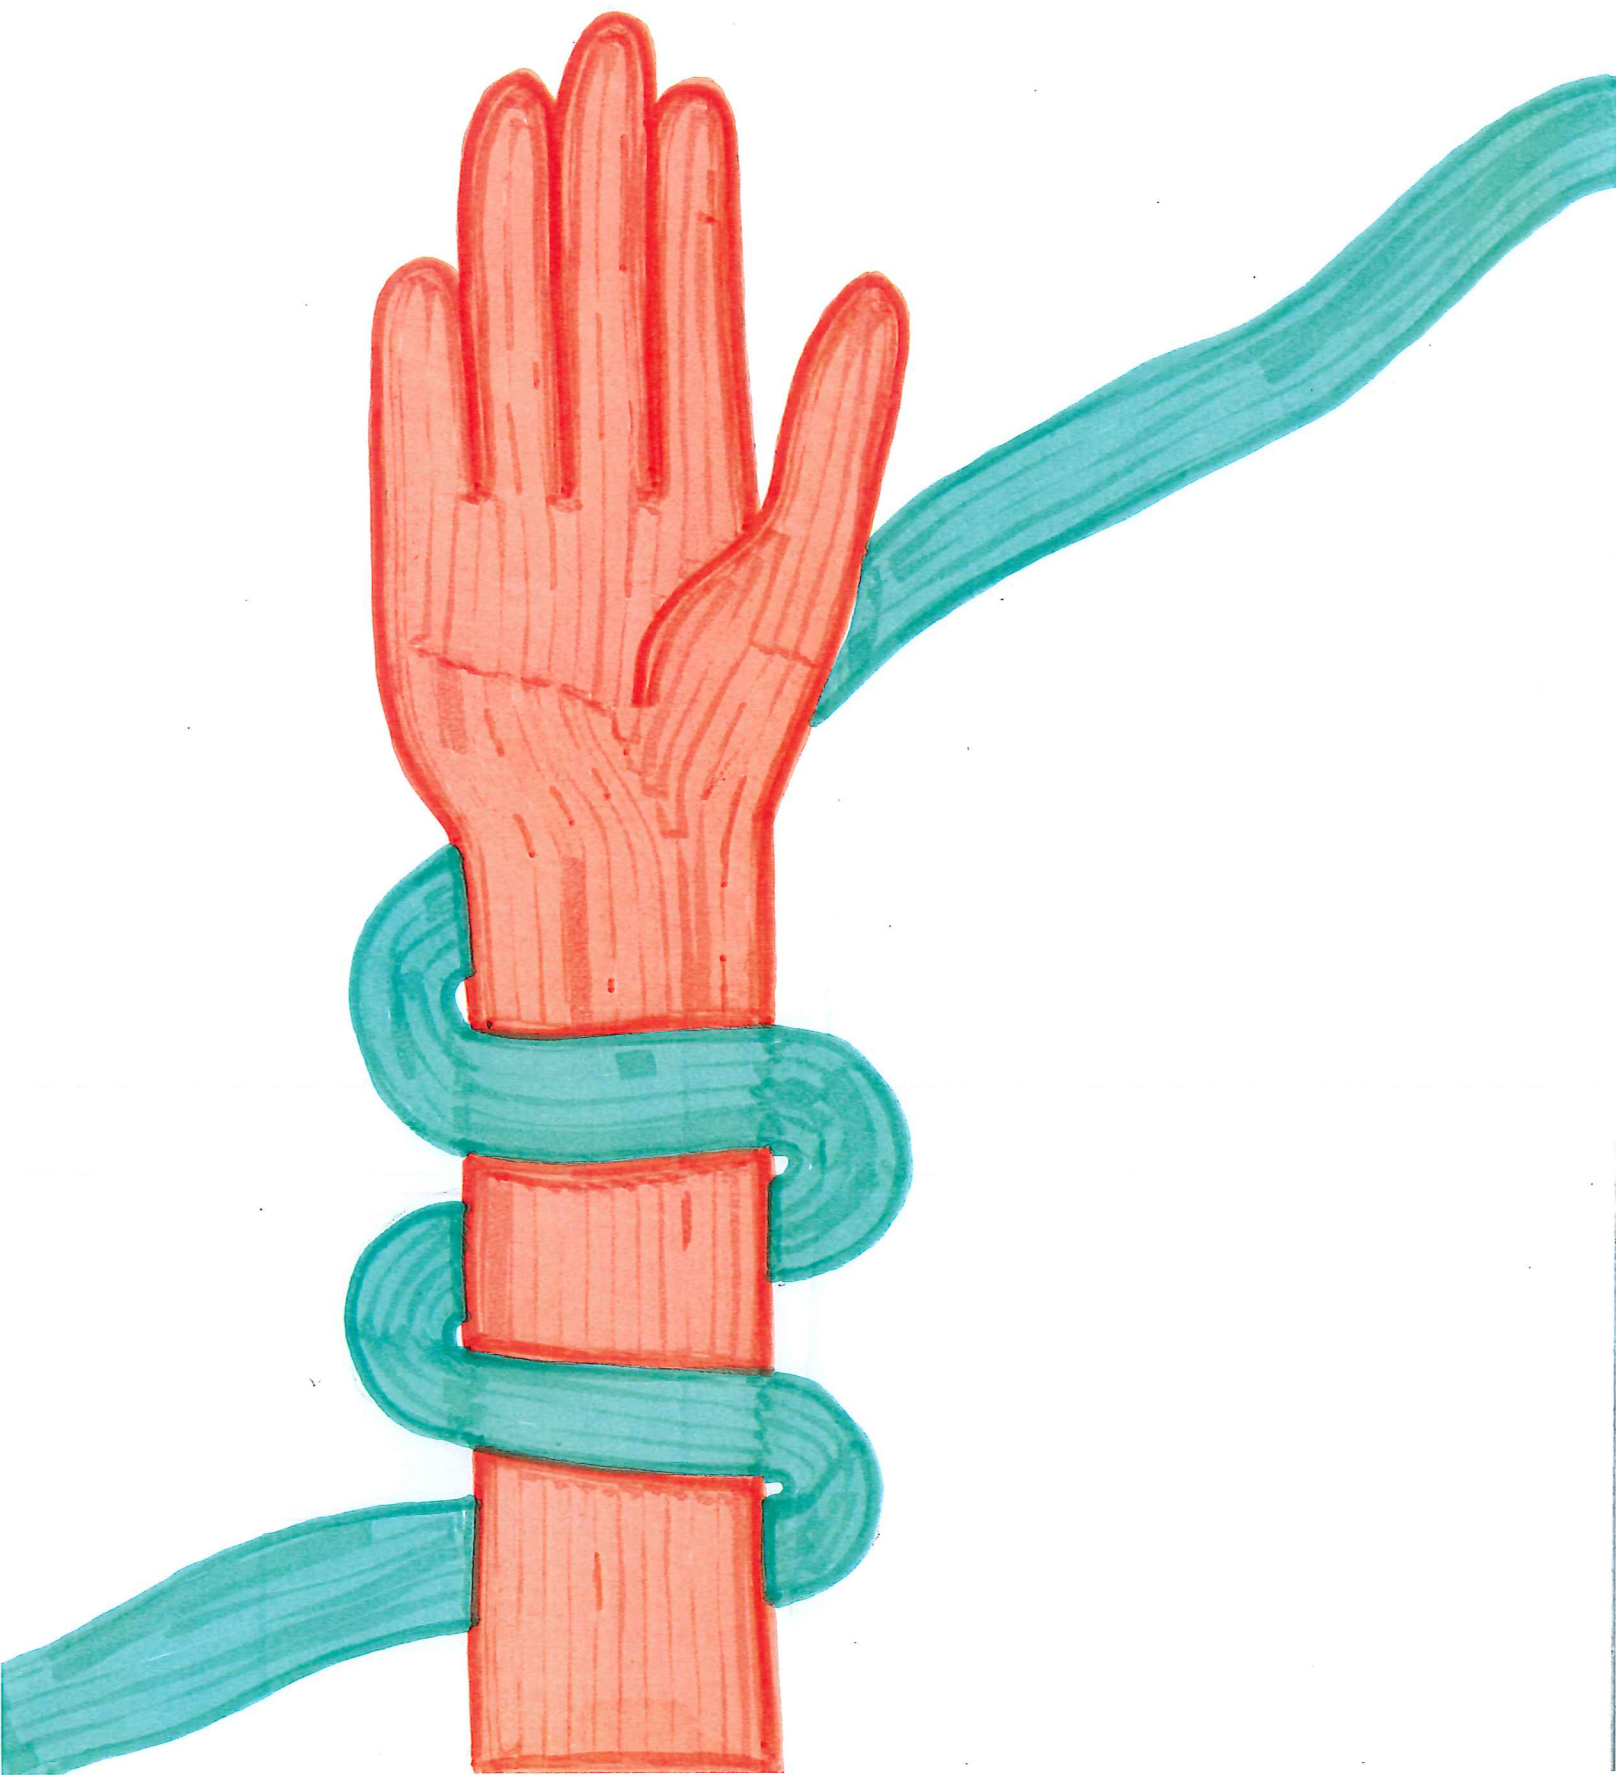

salmon arm is known for its lakes and big mountains. The water in the back symbolizes the shuswap lake and the mountains symbolize all the beautiful mountains around the town.

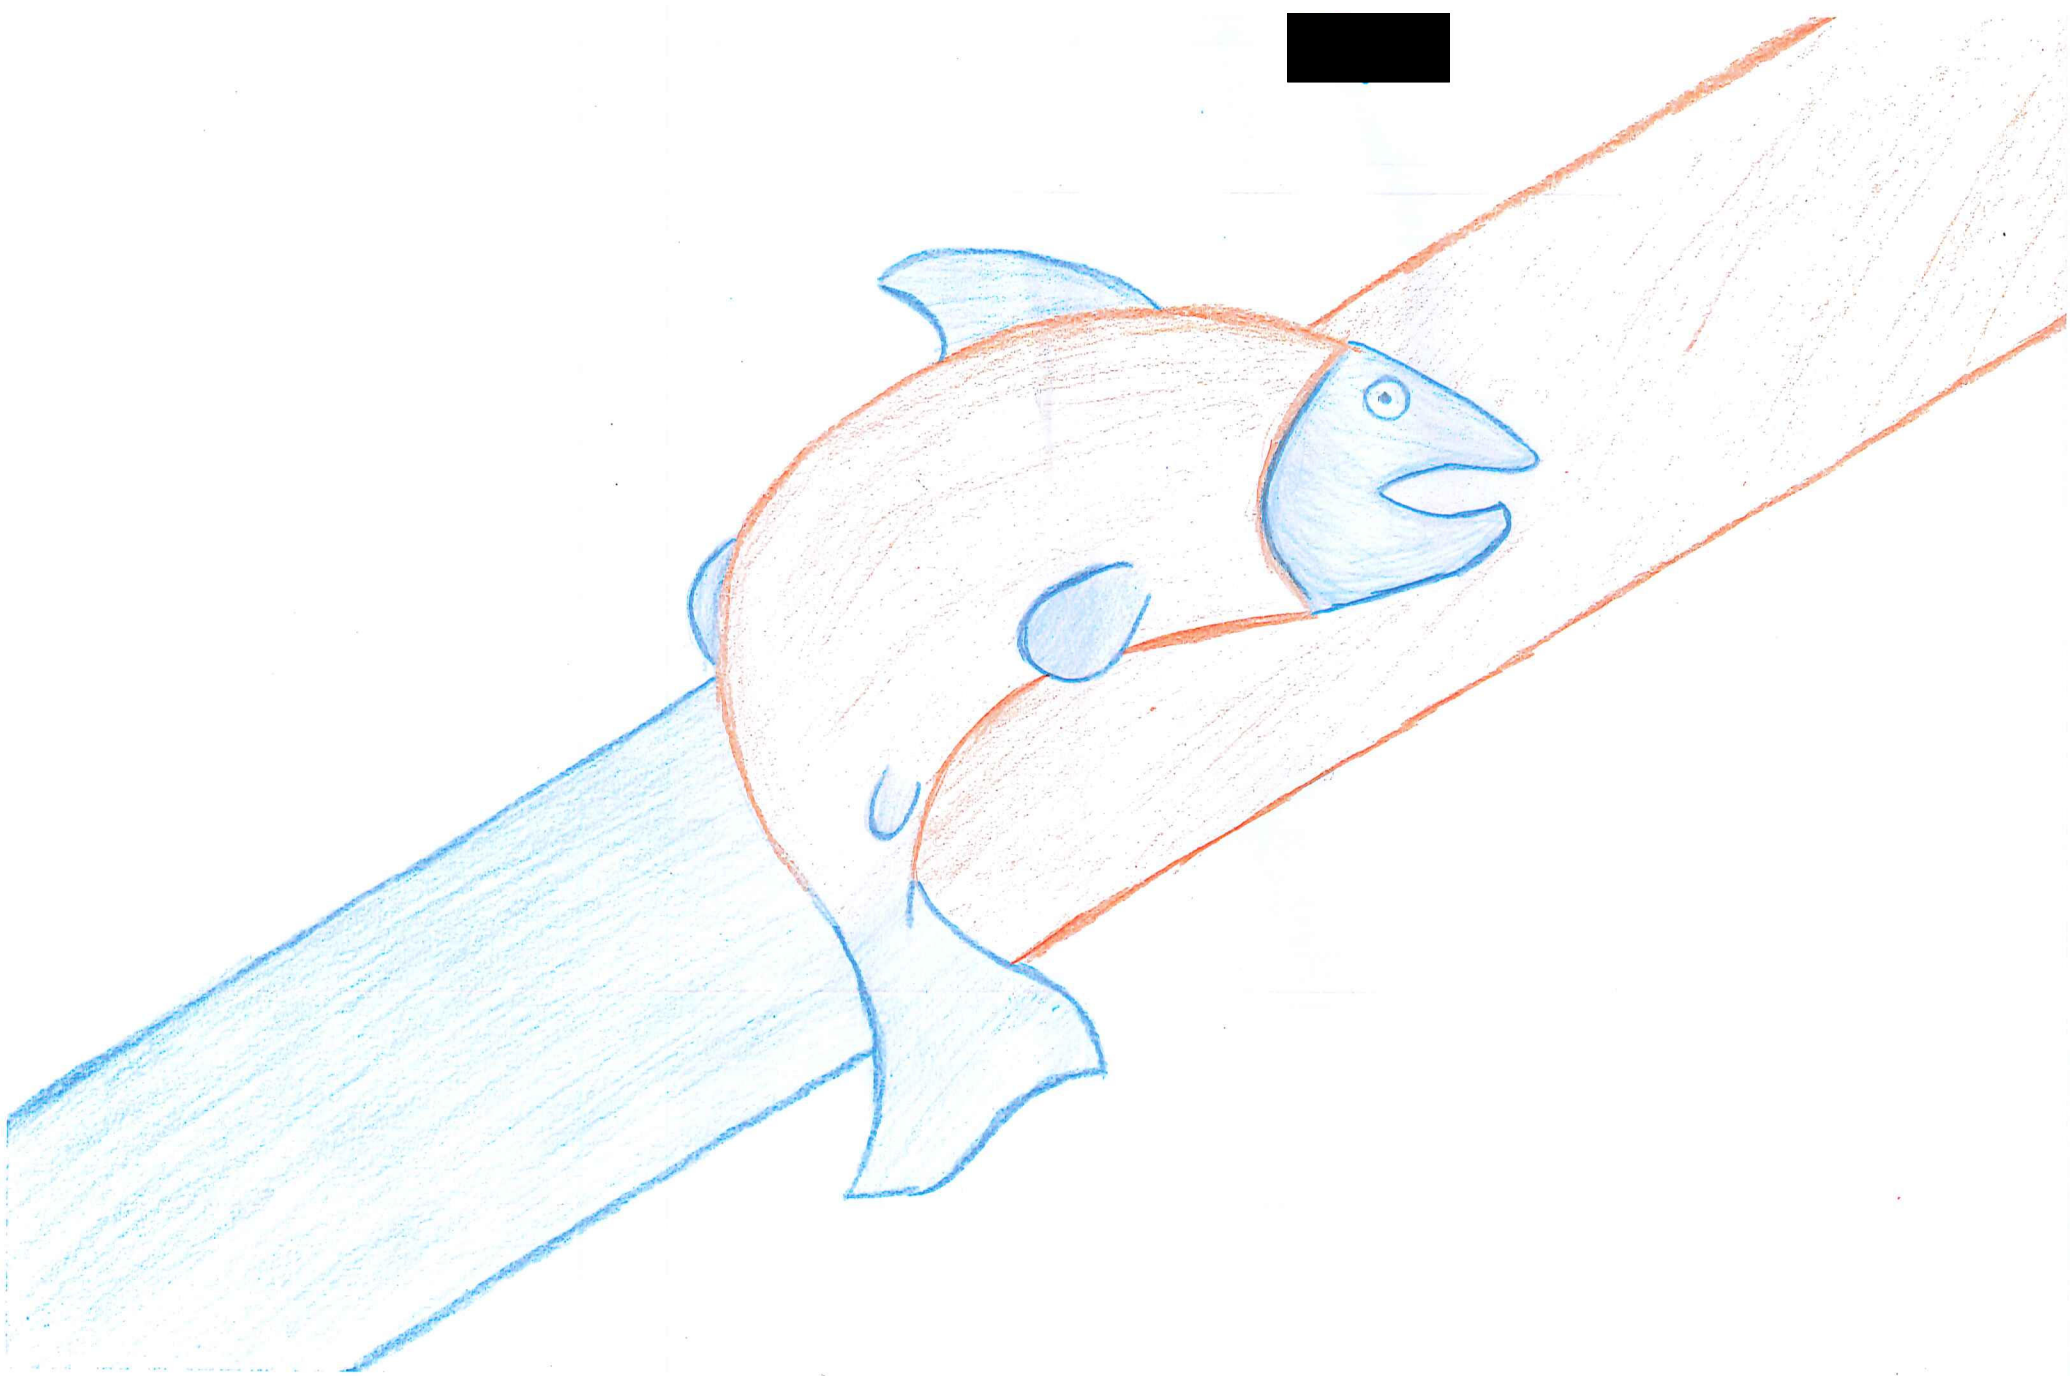

The hand represents one of the four "arms" of Shushwap Lake, which on the flag wraps around the arm.

The arm/hand also is a symbol of the people of Salmon Arm and how we are connected as a community and as a city.

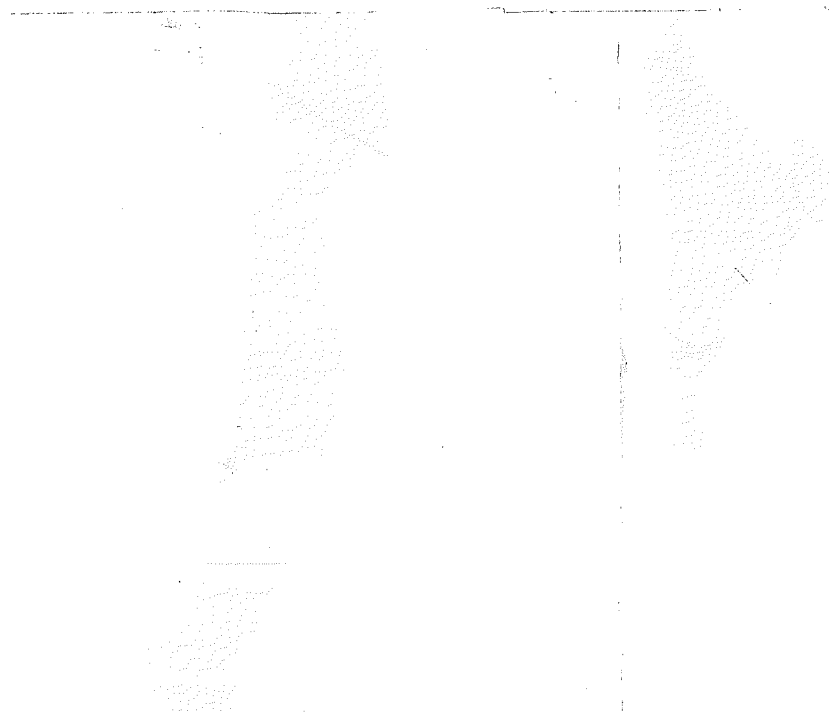

The flag is coloured in Salmon Arm's two main colours, Salmon Arm orange & Ida Blue.

Eva Goldberg

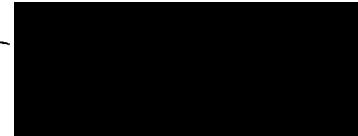

The salmon represents Salmon Arm
The big line represents the work and uptown Salmon Arm
and downtown Salmon Arm.
The blue is supposed to be Ida blue and it represents
mount Ida while the orange is Salmon orange.

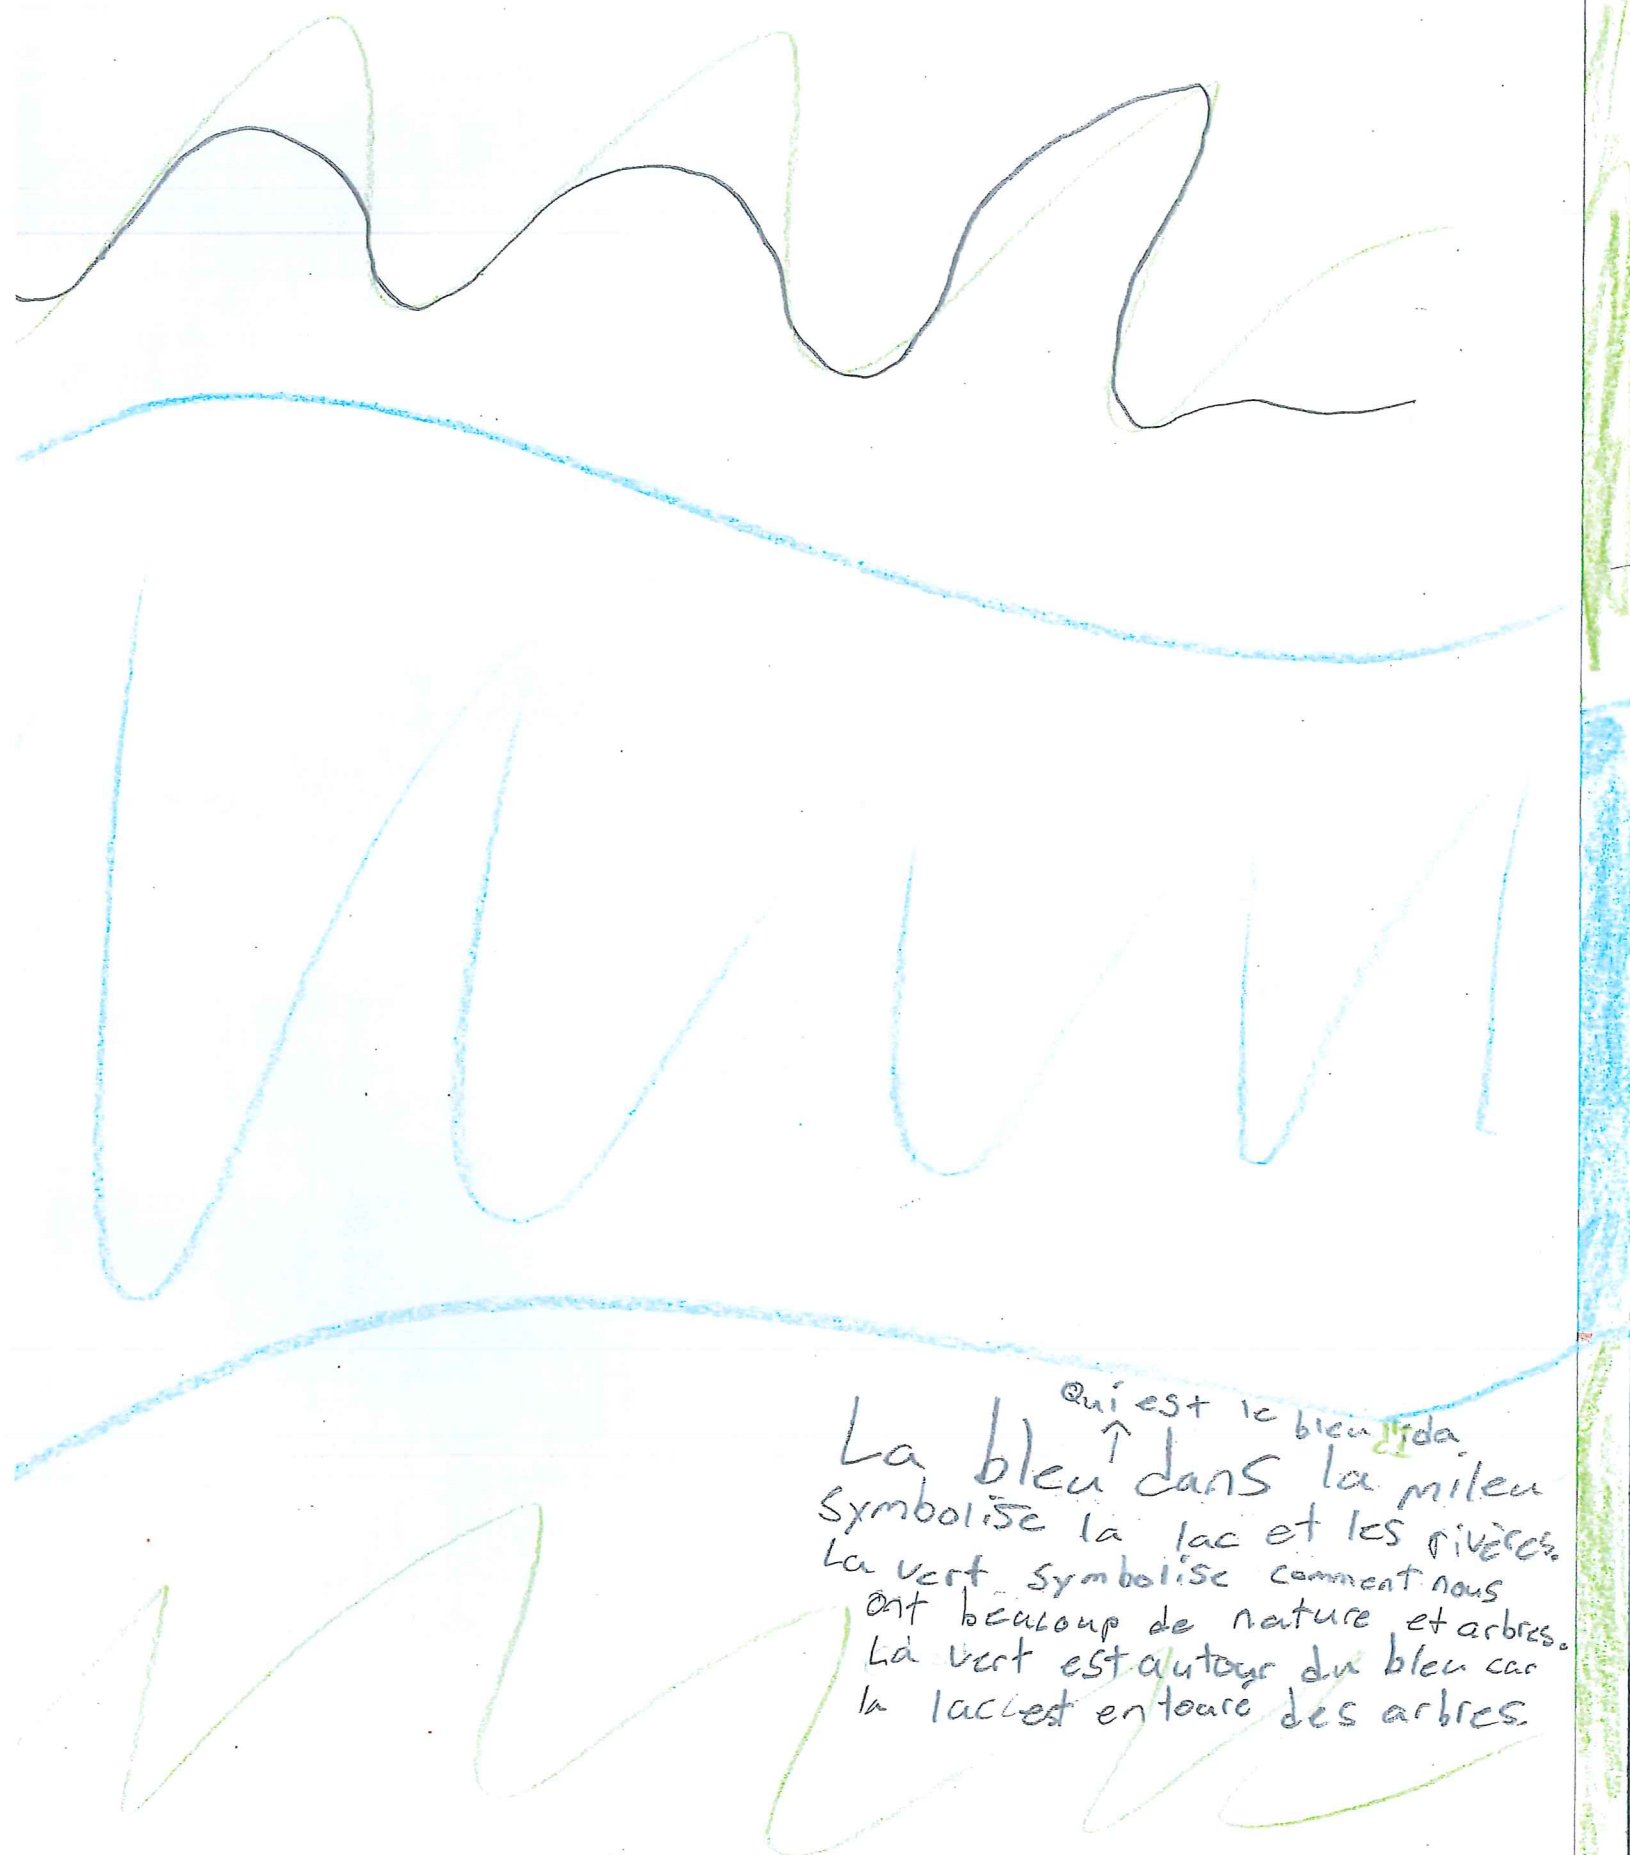

Even though in your eyes the current flag of Salmon Arm is a good flag I believe that this submission has improved upon your design. With the yellow border as a visually appealing it also represents how this town is surrounded by mountains.

A.

Qui est le bleu ?
La bleu dans la milieu
Symbolise la lac et les rivières.
La vert symbolise comment nous
ont beaucoup de nature et arbres.
La vert est autour du bleu car
la lac est entouré des arbres.

Mountains - we put mountains on our flag because we have mountains surrounding us
water - we put water on our flag because of the lake and because it's in the center of the city.

Salmon - And of course the salmon, it's in the name.

Color - we colored the salmon and left the rest to symbolize how important
ie salmon is.
