**Subject:** [External] Development Permit No. 437

Melinda: thank-you for taking my call this morning. This email is being sent under your advisement and for Council to consider in their deliberations regarding Development Permit No. 437.

On behalf of Shuswap Community Church I'm writing to say that we have no issue regarding the variance regarding the setback of development for 700-30th St. NE.

There is some concern regarding the number of parking spots available in the development, and we would like to ensure that our parking lot is not habitually used for overflow or visitor parking for the tenants. Though the lot sits empty most of the time, there are certain weekly and season events where every available space may be needed. We don't want an issue like this to affect our ability to be good neighbours.

I appreciate Council considering our concerns and putting them on the record.

Sincerely,

Ben Hall  
Lead Pastor  
Shuswap Community Church
