Hi Alan, there wasn't another email address in the newspaper ad so if you could pass this on for the meeting Monday regarding 2220 10 St Sw.

I don't need to attend the meeting. I would just like consideration to be given to extending the sidewalk on 10 St SW from where it ends north of 20 Ave to Foothill Road if we are continuing to increase the density of the area. I appreciate budgetary concerns and that the developer of the lots under consideration won't likely have to pay for it, but even a paved path would be useful. Currently as people walk south up 10 St toward Foothill Rd many stay on the west side with their back to traffic. With increased pedestrian traffic the potential for tragedy is increasing.

Cheers, Doug Murray
