Subject: [External] Development permit no. Dp-433 electronic participation

Good morning,

Not sure I will be able to attend in person. Looking for electronic meeting invite. I live at 90 shuswap and have a concern.

Also as well as meeting invite, I would like to register an opinion to be heard.

"I am in full support of the 8 unit plan, but I am concerned about the large maple tree whose trunk is on my property but a large portion of the root system is on #130. Concerned to much damage on the #130 side could cause tree to die or fall onto our house."
