6 September 2022

The City of Salmon Arm
Development Services / Transport / Planning
500 2nd Ave. N.E.
V1E 4H2

Salmon Arm,
V1E 1G7

S.W.

I am a regular traveller on the Rider Express bus service that runs between Vancouver and Calgary. The bus company has had to change its Salmon Arm pick-up point several times recently.

I urge the Salmon Arm City Council to look at ways in which they could enable a convenient location for this daily service to make its brief stop in this city.

I have no connection with the Rider Express company other than as a grateful passenger.

Yours sincerely,

Patricia Wilson.

Subject: Re: [External] Plastic bags

Hi Barb, yes please, the questions are now laid out a little clearer for Council members to reply.

Where does the money go from the sale of re usable cotton and paper bags including the taxes?

Why has Salmon Arm implemented this blanket bylaw?

Are fines necessary for retailers for supplying a plastic bag?

Is the revenue from fines if and when collected then used for green initiatives within Salmon Arm?

We have been constantly told to follow the science over the last 2.5 years, now it seems the science has changed again regarding reusable bags, has possible bacterial/viral transmission to food suddenly been eradicated in Salmon Arm and not other areas?

Remember washing everything including packaging not that long ago, excessive yes, but who is our resident scientist assuring us this removal of carrier bags is a good idea?

What has changed since 2020 with regards to our shopping habits, reusable bags and food hygiene to warrant the ban?

Are there other towns following this "trend" and if so what is their own reasoning behind it?

Has this Bylaw been approved as constitutionally legal at a Federal or Provincial level?

Was there a referendum asking Salmon Arm residents and retailers about the plan and obtaining their input through market research as to whether this was actually a good well thought out idea to blanket ban carrier bags?

Were other areas explored where plastic could be eliminated before this ban?

Askews for example used biodegradable environmentally friendly green bags, what seems to be the problem with these as they seem to meet and exceed all requirements?

I see some exemptions are permitted regarding meat, fruit, vegetables, biodegradable plastic carrier bags should be reinstated at grocery and food outlets where hygiene is paramount, would Council consider making additional exemptions to all foods/produce?

When you claim items will be cheaper as the cost of plastic bags wont be passed on to customers, how did you reach this dollar figure on your web page when in fact it now costs more?

I would like to see the Council make a constructive and sensible decision to reinstate biodegradable plastic carrier bags back to grocery stores and food/market outlets within Salmon Arm, this then puts the choice of accepting one of these bags, using or purchasing a reusable bag ours, and not for the City Council to decide, we all want to do our bit.

Thank you,

Ashley Daines

Hello Ashley.

Thank you for your email. Usually we put correspondence in the Council Meeting Agenda package and it then becomes public. I just wanted to check with you first to see if you are OK with this going onto a Council Agenda. Thanks.

If you have any questions, please don't hesitate to contact me.

August 16, 2022

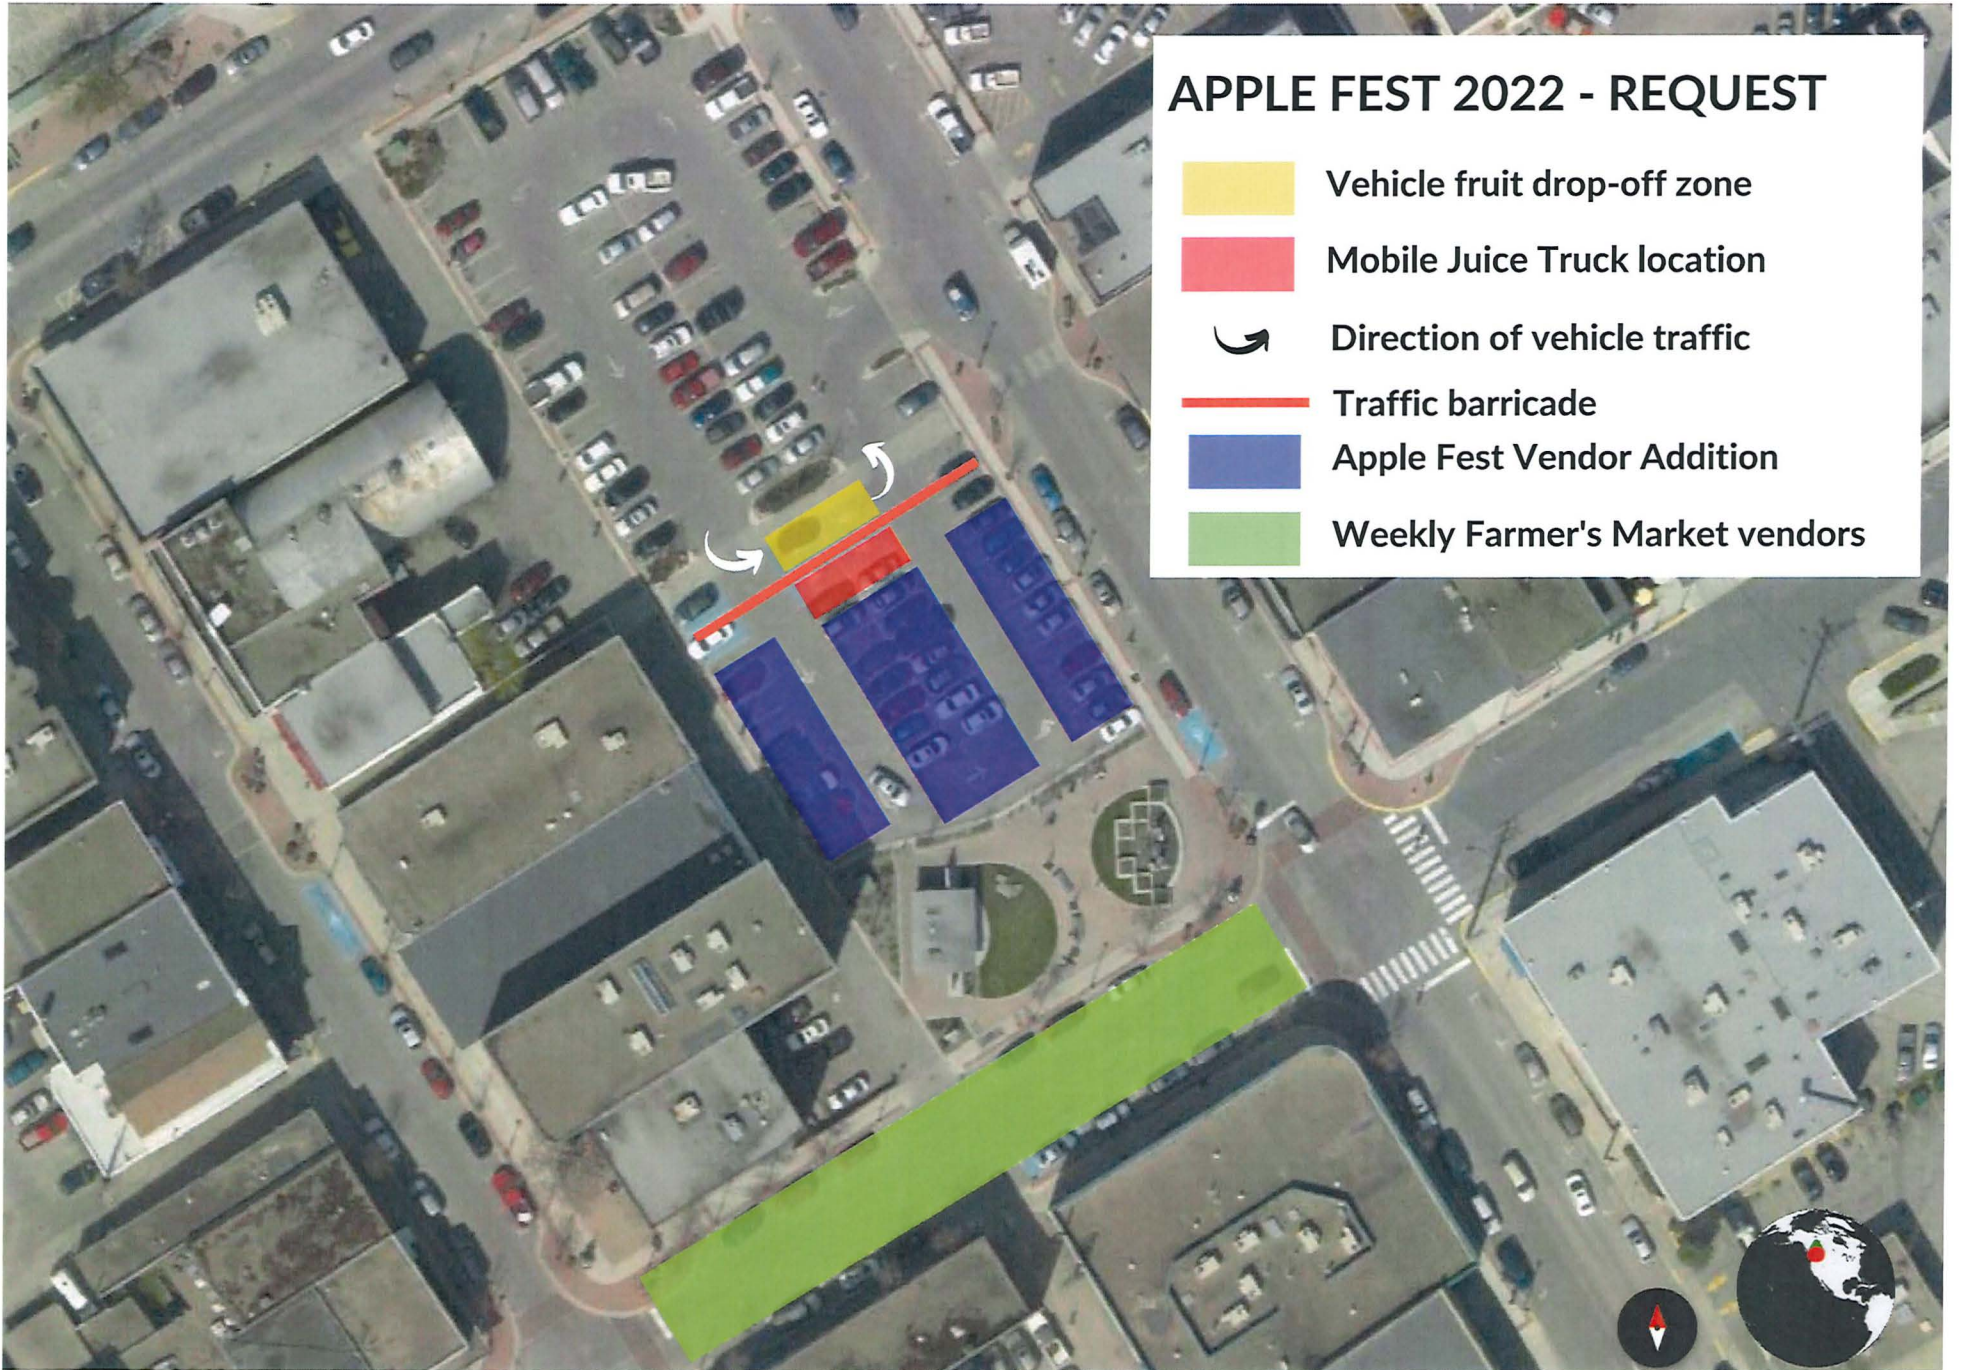

Dear Mayor and Council,

Once again, myself and the Board of the Shuswap Food Action Society would like to thank you for your ongoing support of our Downtown Farmer's market. This year, our market increased to 42 full-time vendors and 10 part-time vendors. Although we have not tracked the number of visitors, it has felt much busier than previous years and both our vendors and customers are happy.

Today, I am writing about our wish to re-start the popular "Applefest" this year. We believe this is an important community event that raises awareness of the farming cultural heritage of Salmon Arm, as well as showcases our local farmers and food producers. We are proposing to hold the event on Saturday, October 8th, which is Thanksgiving weekend, alongside our regular farmer's market. Applefest would run the same hours as the market, 9-1 pm, and would still take place on Hudson Street, as we already have permission for. However, we would like to add part of the Ross Street Plaza parking lot for the event (see attached map), as our market is currently at full capacity and we have some important additional vendors, such as the mobile juicing factory. As you may remember, the mobile juicing factory allows residents to bring their surplus apples from their trees to make into juice. We also hope to host some educational booths on varieties of apples grown in the Shuswap and host some local community organizations. We have discussed this idea with Downtown Salmon Arm, and they are supportive.

Thank you for your consideration,

Serena Caner
Executive Director
Shuswap Food Action Society

APPLE FEST 2022 - REQUEST

-  Vehicle fruit drop-off zone
-  Mobile Juice Truck location
-  Direction of vehicle traffic
-  Traffic barricade
-  Apple Fest Vendor Addition
-  Weekly Farmer's Market vendors

September 13, 2022

Mayor Alan Harrison and City Council
Box 40
Salmon Arm, BC V1E 4N2

Dear Friends,

RE: Road Closure Request for National Day for Truth and Reconciliation

The Shuswap District Arts Council is requesting a temporary road closure of McLeod Street from the Hudson Avenue intersection to the alleyway entrance on Friday, September 30 from 3pm to 6pm for the purpose of a front plaza gathering in recognition of National Day for Truth and Reconciliation.

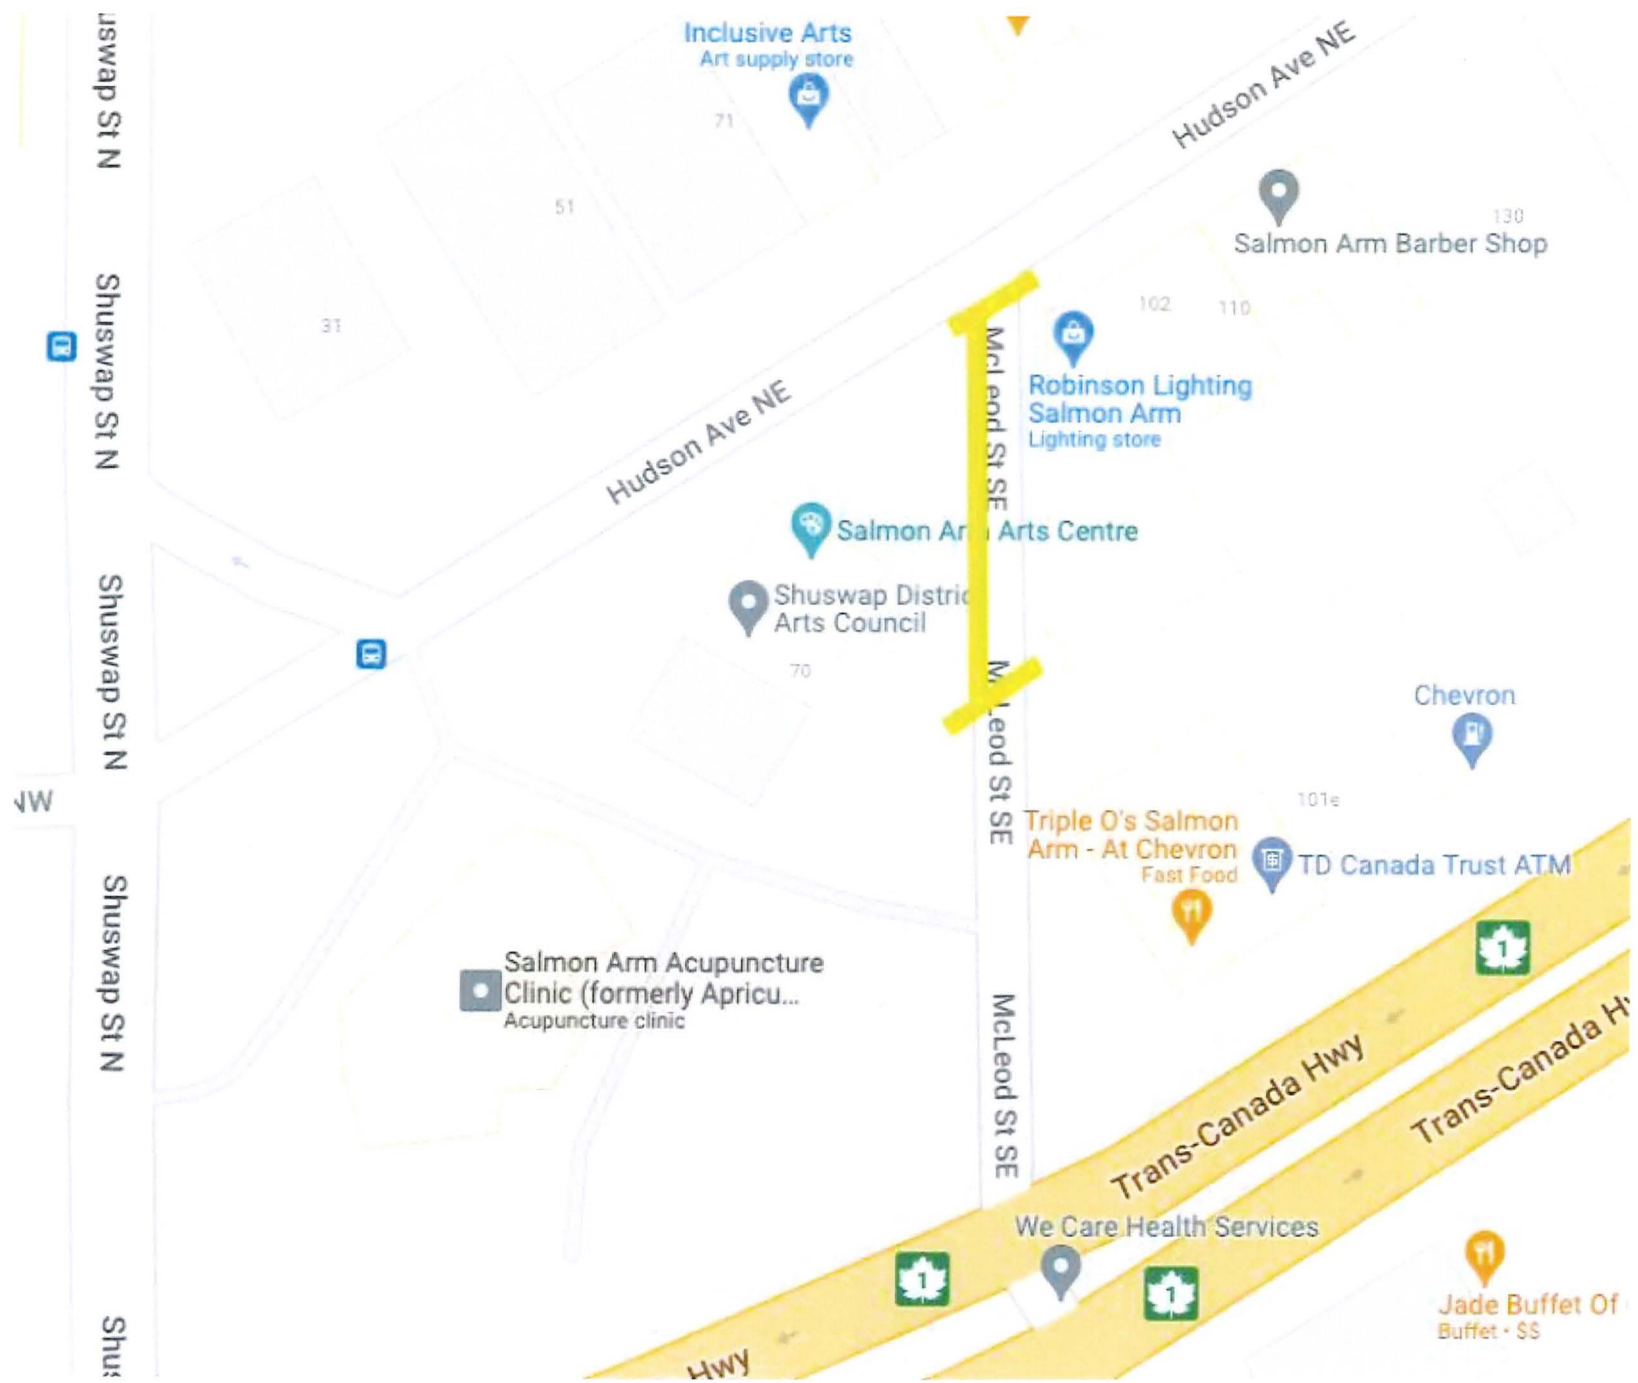

National Day for Truth and Reconciliation is a time for both learning the truth of our shared history, and reflection on the trauma inflicted by the residential school system. As we work toward reparation and reconciliation, we endeavour to share with the community ways to listen, support, learn and heal. In order to make space for Indigenous voices, yet not heap upon them expectations of ceremony, this Arts Council continues to host a gathering on its front step beginning at 4pm on this important day. You are always welcome.

Sincerely,

A handwritten signature in black ink, appearing to read "Kutschker".

Subject: [External] Oct 15 Street closure extension

Good morning, Rob.

After a discussion with the planning committee of the SA Pride Project "Loud and Proud" concert, it was determined the 4 pm street closure permitted for this event will not provide adequate time to set up the event grounds.

Would it be possible to extend this street closure to **begin at noon** on Saturday, October 15 to allow for proper set up of the stage, sound equipment, lighting, etc? All the other details of the street closure would remain the same.

Please let me know if you would like to discuss this in more detail.

Thank you for your time.

Subject: FW: [External] Tuesday Youth Rides at South Canoe

For the Council correspondence for the September 26th meeting, Tom Peasgood of Skookum is **requesting permission for the use of the South Canoe Trails on Tuesday's** from 5 to 7 pm for their Tuesday Youth Ride (TYR), and specifically for a **year end TYR Celebration & BBQ** at the South Canoe Parking and Trailhead area on **September 27, 2022**.

A few notes as detailed further below:

- Skookum does not charge for the TYR
- Skookum has an insurance rider for the TYR
- TYR runs Tuesdays at South Canoe from 5 to 7 pm from April to end of September
- TYR teaches youth safe bicycling skills and trail user etiquette, and promotes a healthy activity in a friendly environment and encourages care of our local trails
- The trails are open and available to all other trail users at these times
- At the end of September, dated for Sept 27 this year, there is a year end TYR Celebration & BBQ for the kids/parents and TYR leaders at the South Canoe Parking and Trailhead area.

Subject: RE: [External] Youth Ride at South Canoe

Hey Chris

Quick note, I have left a voice mail our event insurer, Kendal Moland Hub International here in Salmon Arm. We will add City of Salmon Arm to our Tuesdays Youth ride as additional insured. Due to Covid, we have not run any formal rides since 2019. Our Monday Lady's ride, ride all over, Rubber Head, South Canoe, Town Loops ie Down Town to in town park trails, Scotch Creek, Balmoral etc. The Wed night ride is no longer a big thing, and a formalized ride any more. Over the last few Covid summers, most of the Wed riders set up their own small groups. These people are out riding with their friends when it works for them, in smaller groups, and using different trails in our area.

Tuesday Youth Ride background info:

- We have an insurance rider with Hub, added to our general CGL, for the Skookum Cycle Tuesday Youth Ride, (or TYR). This covers our volunteer parent leaders
- The trails the TYR use are in South Canoe, sometimes the TYR may use Park Hill early season if the SC Trail system is under snow
- As part of our insurance coverage Skookum has put all the Youth Ride leaders through a training course on how to teach biking on trails to kids, the group leader is responsible for teaching the lesson of the day
- The parents of TRY riders are expected to provide the kids with proper fitting helmets, proper clothing/water for the day, and bikes in good working order with gears/brakes that work in trails. Our initial TYR night, back in the spring, we held a rider safety inspection of bikes and rider gear. As a double check.
- The TYR riders are organized into small groups, with kids that are of equal or similar riding ability and age

- Each group has at least one leader, some have two, and a parent helper or two, this helps with group dynamic and teaching of skills on trail
- Skookum does not charge for the TYR bike training and event, our goal is to encourage as many young people to get out and ride trails safely, with confidence and have fun. We cover the cost of training the leaders, and any costs of the events that happen over the season.
- TYR runs from April to end of September. This includes 12 weeks of on trail bike training and riding - April to end of June, followed by summer fun rides – July & August, and followed by the September fun race series. These are mini fun events for the kids, with a short bike ride after.
- At the end of September, dated for Sept 27 this year, we have year end TYR Celebration & BBQ for the kids/parents and TYR leaders. Which includes 40-60 fun door prizes for all the kids who show up. All costs are covered by Skookum Cycle

Please forward any questions, I will forward additional insured as soon as I hear back from Hub,
cheers

Tom Peasgood

Body	<p>The Sage orienteering would like to use City parks and trails for orienteering training. Our proposed schedule is Park Hill Oct. 2 from 2 to 5pm, South Canoe trails Oct. 3 to 10, and Little Mtn. Oct. 30 2 to 5pm. For an orienteering event controls (flagging tape for these events) will be set out the day before or the morning of the event and taken down within a day. The exception is the South Canoe event where the controls will be set out for a week and people do the course on their own time. Participants have to be members of Sage Orienteering. In the spring training sessions we had 15 to 35 participants do the courses. If you have any questions or require further information you can contact me by email or phone 250 832-5125.</p>

Dear Mayor Harrison and City Councilors,

The Shuswap Children's Association has an ongoing program called the Outdoor Recreational Program. The program is making use of family friendly spaces in the Salmon Arm area and focuses on children birth to school age, and their parents/caregivers. The purpose of the group is to provide safe, accessible, and free outdoor programming for children and increase community connections for parents and caregivers. These groups are small in nature, and will follow our strict Covid-19 policies, as well as adhere to any provincial orders.

We are planning and have been approved to visit Firehall 3 on October 4, 2022. As such, we would like permission for the outdoor playgroup to meet and use the grass and playground area at **Fletcher Park** on the following day and times:

Tuesday, October 4 from 9:00am-11:00am

In the case that this space is already booked, we could alternatively rebook for Firehall 2, and would then like to request Field 1 at Little Mountain Field of Dreams for our playgroup to meet on the same day and time. However, Fletcher Park is our first choice for this date.

Thank you so much for your consideration.

Sincerely,

Tanya Timoffee
Early Years Family Navigator and Outdoor Play Facilitator

Re: Downtown Salmon Arm – 30th Annual Halloween Treat Trail

Dear Rob,

Downtown Salmon Arm is excited to host the annual Halloween Treat Trail promotion once again. This family-focused event will take place on Monday, October 31, 2022, between 3:00 pm – 5:00 pm in the downtown core. As in previous years, we ask for the City's approval and assistance in order to create a safe and enjoyable event. Your support helps to provide the community with a family-friendly alternative to the usual Halloween traditions.

For the 2020 event, we request the closure of the 200 & 300 block of Alexander St. from **2:00 – 5:30 pm**. Alexander St. will be barricaded at the TransCanada Highway, Hudson Ave, the Inner Core Parking Lot, and Lakeshore Dr. In addition, volunteers will be patrolling pedestrian crossings to ensure the children's safety during the event.

Downtown Salmon Arm also requests the use of the following safety equipment:

- 5 Traffic Barricades – To be placed at Alexander St & the TransCanada Highway, Alexander St and Lakeshore Dr., and Alexander Street and the Inner Core lot (please see attached Maps for locations)

The RCMP, local Fire Dept., and Ambulance service have also been contacted to provide additional coverage during the event. Should you require further information, please feel free to contact me at your convenience at 832-5440 or via email at events@salmoanrmdowntown.com

Sincerely,
Jennifer Broadwell
Manager

Re. Donation of bench in Klahani Park

I would like to donate a bench to be put in Klahani Park.

For the past twenty- five years myself and my family have enjoyed spending time in and walking around the park. It is an important part of our community here in South Canoe.

I have watched all the improvements and upgrades that have been done to the park. I would like to support these activities by donating a bench.

Would also like to include a plaque on the bench with the wording

Donated BY

Carol -- Benny & family

2022

"Come Sit Awhile"

I am open to suggestion as to where the bench would be put. but suggest facing the picnic area closer to the evergreen trees on the right as you enter the park.

Thank-you for considering my donation to Klahani Park

Return email address: [REDACTED]
Subject: Alexander Street Bench as a memorial for Omar Jason Pettersen

Body

Omar was our son-in-law who was diagnosed with Stage 4 Pancreatic Cancer in January 2022 and died on June 24 2022 at the age of 52. He worked with George Brain & Sons Stucco Company since 2004 with much of their superb craftsmanship featured on many of the Salmon Arm commercial properties of Bill Laird Holdings Limited. The bench in question is directly in front of the "Wearabouts" store and directly across from the colourful property housing the "Shurwap Pie Company" and "Hidden Gems" bookstore, etc. This exceptional stucco job was completed in November 2018 as evidenced by my photos of Omar on the scaffold and later admiring the work from ground level.

This is a request that a plaque memorializing Omar be allowed to mark that bench in a meaningful location for those of us who knew and loved Omar. I would appreciate the chance to email photos taken on November 4 2018 that would provide impactful information regarding the appropriateness of this request.

Thank you.
Sincerely,
Peter Barton

RE: Expanding emergency health services in your community

I'm pleased to be writing to let you know that BC Emergency Health Services (BCEHS) is expanding paramedic resources in your community.

This new update is part of the Ministry of Health's 2020 announcement of funding for the Rural, Remote and Indigenous Framework (RRIF). The goal of RRIF was to help improve access to health care for people living in rural and remote parts of the province during the COVID-19 pandemic. As part of RRIF, BCEHS deployed a surge response of paramedics in select communities. This deployment has been extended as work on our long-term sustainment plan for these resources has been underway.

Going forward, we are pleased to announce that your community is one of 31 communities that will be receiving more permanent full-time paramedic resources. More than half of these communities will see many of their on-call ambulances and associated paramedic positions converted to full-time regular resources. This will create more permanent jobs in these communities and will help stabilize our paramedic staffing, which in turn will improve responsiveness and emergency coverage.

Today's news means BCEHS is adding 208 full-time positions to the provincial ambulance service in rural areas.

At the ambulance station in your community, the on-call ambulance, referred to as a Kilo, will be converting to a fully staffed 24/7 ambulance, referred to as an Alpha. This will result in the addition of eight new permanent full-time positions in Salmon Arm.

Our local BCEHS Clinical Operations Director, Paul Swain would be happy to connect with you to discuss these exciting changes in more detail once the timing of the job postings and hiring details can be confirmed.

Sincerely,

Good afternoon:

In our August 3, 2022 introductory email, Transport Canada's Pacific Region Rail Safety Engagement Team committed to sharing information with you from time to time.

Today, in recognition of [Rail Safety Week](#) in Canada, we are pleased to share the below regarding Operation Lifesaver's [Operation Clear Track 2022](#). Please take a few moments to review and do not hesitate to reach out to [Operation Lifesaver](#) or [Transport Canada](#) for more information.

Sincerely,

Transport Canada - Pacific Region, Rail Safety Engagement

ABOUT OPERATION LIFESAVER

[Operation Lifesaver](#) is a partnership initiative of the Railway Association of Canada and Transport Canada and works with the railway industry, police, unions, organizations and communities. It aims to save lives through public education about the hazards surrounding railway property and trains.

ABOUT TRANSPORT CANADA

[Transport Canada](#) actively monitors railway companies through audits and safety inspections to verify compliance with rules and regulations and takes action when violations occur.
