TO ALL PROPONENTS:

1. General

This Addendum forms part of Request for Proposals, Facility Inventory and Condition Assessment, 2025-36 and shall be read, interpreted and coordinated with all other parts. The costs of all work contained herein shall be included in the Proposal Price. The following revisions supersede the information contained in the original Request for Proposal Documents to the extent referenced and shall become part thereof.

2. Questions

Q1. Can you provide the gross floor area of each of the facilities?

A1. Please note that these are the City's best estimate of gross floor area; however, may not be completely accurate and does not account for large footprint standalone equipment at the treatment plants.

1	City Hall	41,289 sq/ft
2	ROGERS Rink	96,000 sq/ft
3	SASCU Recreation Centre	43,000 sq/ft
4	Water Treatment Plant	10,550 sq/ft
5	Wastewater Pollution Control Centre	20,451 sq/ft

Q2. Will the successful proponent be given access to directly enter

information into the Brightly software or will they need to complete an upload sheet for bulk upload into the software?

A2. *The successful proponent will be given a login to Brightly, allowing direct input of information. Proponent may prefer to complete a bulk upload into the software which would also be acceptable to the City.*

4. Acknowledgement

Proponents shall acknowledge receipt of this addendum below and include within the submission of their proposal.
